Who killed Garfield Steele?

Halton police said it may take days, or even weeks to determine how a man, whose body was found in a plastic barrel on 22 Side Road, east of the Sixth Line Nassagaweya on Monday, died. A post mortem was conducted in Hamilton on Tuesday, but Halton Sergeant Brian Carr said even when they know how Garfield Steele, 32 of Toronto, was murdered, they may not release it for evidentiary reasons.

Steele, described as black, 6'1" and 220-pounds, was reported missing to Toronto police on November 11, after being last seen eight days earlier in Toronto. One witness said the barrel had been near the side of the road for three weeks until Monday, when a passerby called police after seeing a "suspicious article" at the scene.

Halton police, who set up a mobile command centre at the scene, reopened 20 Side Road morning between the Sixth line and the Esquesing/Nassagaweya Town Line, early Wednesday

The investigation continues, and anyone with information about the incident can call the tip line at 905-825-4776 or Crime Stoppers at 1-800-222-8477.
