Milton

Miss Marion Rush, R. N., fell on the cement walk at her home on Tuesday and sprutned her right ankle. Mis Mary Reid has been selected as

representative of Milton High School in the group of High School students who are to attend the Coronation. Mr. and Mrs. Barney Petter and sons, Donald and Terry, spent the Easter

holidays at the home of his parents, Mr. and Mrs. H. Petter, Main Street. Edgar Dauphin, son of Mr. and Mrs. Ed. Dauphin, Port Nelson, has been appointed representative of the Burlington

High School to attend the Coronation. A true patriotic key was sounded in Milton last Priday night, when about eighty members of the Canadian Club, with their sons, or adopted sons for the occasion, gathered in the Town Hall to enjoy "Young Canada Night." It is evident from the enthusiasm shown that u similar type of program will be repeated unnually by the Club.-Cham-

DEPENDABLE PEOPLE

The world depends upon dependable persons. A reputation for being reliable is the key to the most of life's successes. Friends, work, honor, all gravitate to the reliable person. Being reliable is not easy, surface work. It takes day after day and year after year of patient acceptance of responsibility, of picking up the threads that the careless drop, of being in place and on hand in emergencies where others fall, of doing uninteresting, faithful work that others tire of and slight it-takes all this to make the dependable man and woman known and valued. But how good they are to know, and how valuable! To be depended on, and not to fall anyone who trusts us-this is worth living for and makes life better worth the living.

"Hi, there," bellowed a policeman hostess read the 13th chapter of 1st an inebriated citizen, "you can't stand ener. The members brought blocks for citizen proudly. 'Don't you warry bout quilts for the bale and it was decided me. I been standin' here an hour an'

LOWER PRICES

EFFECTIVE APRIL 18th BRAY'S "Xtra-Profit" Chicks

With Higher Hatches and Lower Hatching Costs, We Can Offer You "Xtra-Profit" Chicks for April or May Delivery at Prices We May Not Be Able to Duplicate in Next 10 Years

I T'S an'ill wind that blows nobody good. The mild weather of the past I Winter is responsible for the abnormally high egg production that has held prices down to low levels. But that same mild weather is responsible for unusually high hatchability-which means lower hatching costs. As a result, we can now offer you chicks of our "Ktra-Profit" grade, for immediate delivery, at prices no higher than you would expect to pay for ordinary chicks. There's an opportunity here that we may

not be able to offer you again in the next 10 years. Unless I am badly mistaken, there never was a more promising time to get into high-quality poultry. I think we're going to see eggs; high and feed much lower by early Pull. I can't remember when we have had two years of general feed shortage in succession, and I don't think there are going to be nearly as many hens or pullets as usual in the country next Fall. Many yearling hens have been sold off already, and a lot of in-and-outers are staying OUT of chickens this season. So get a flock of these vigorous, rapid-developing money-makers, and be ready to cash in. Bray Prices Effective April 18th
