Acton Trims Georgetown 6-1 For the Seventh Straight Victory

Locals Have Won Every Group Game—Final Game to be Played Here To-night—Big Crowd Attended Georgetown Game and Fast Hockey Shown—Juniors Lost to Erin by 5-4 Score—Balance of Group Games in Doubt Since Mooney's Certificate Withdrawn

ERIN 6—ACTON 4

The Erin Juniors won a 5-4 verdict over the Acton Kids in a Junior All-boys game last Friday night. The local boys gave a very good account of themselves against their bigger opponents, and with the addition of Harold Mooney to the line-up, should give the rest of the teams in the League a good game.

The local boys put up a game fight, and the small crowd was treated to a pretty fair game. Acton was just as fast as their opponents, and gave the Erin goalies lots of work to do, but they seemed erratic around the net and missed several royal chances to flash the red light. Horton, for Erin was their best man, and without him on the ice it is doubtful if Erin would have come out on the long end of the score.

When he got the puck the local boys were more frightened by his size than anything else, and his rushes usually finished up with a goal or else a good stop by Woods.

In the second period Jones body-checked one of the Erin boys, and the Erin didn't like it a bit, and a free for all resulted, with all the players having their fists flying, but Referee Walters soon had order restored and Jones and his fist opponent had a rest in the penalty box for their efforts. Acton had a good chance to tie the score in the last period when the lads from Erin had two men off, but they couldn't get organized, and lost a lovely opportunity to know what the score was. Some said 5-3, and other 5-4. The Erin manager said 5-5, so the teams were going to play overtime, but Referee Walters was consulted, and the trouble seemed to be when an Acton shot finished on top of the Erin net, then dropped onto the ice, but the goal judge never flashed the light. After the play had completed "Minute" rang the bell and talked to the goal judge, but he said no goal, and the puck was faced off at centre ice, some people thinking that the goal counted.

Acton was the best for Erin, while Molozie and Marshall turned in the best performance for Acton.

The lucky number winners were Ted Elliott and Fred Stickey.

ACTON 6—GEORGETOWN 1

Acton won their seventh straight victory on Tuesday night, when they went into Georgetown and beat up the Blue Shirts by a 6-1 score, in the fastest game this year, and were just as good, or better, than the score indicates. They were without the services of Mooney, fast left-winger, but the front line of Norm Morton, Bus Morton and Terry proved away too fast for the home team, although the Georgetown boys put up a good fight, and made the game interesting all the way.

There was the usual big crowd on hand, making the usual amount of noise, cheering and cheering, that Acton and Georgetown people always make at the classic hockey game of the season.

Acton started off carrying the play and started right in at a whitening pace. Georgetown got their first scare when Norm Morton made a nice rush and perfect pass to brother Bus, who went right in on Richardson, but the Brampton boy outgassed him. Georgetown started opening up, and both teams were rushing from end to end, with all sorts of speed. Acton changed their line first, and the second line of Marz, Anderson and Marshall came on, and they were going just as fast, and dominating the first.

The first score came when the old reliable "Goal" put on one of his rushes and made a perfect pass to Bob Anderson who walked right in on Richardson and made no mistake about getting the puck in the twine. He got a great hand from the Acton crowd, Acton was still carrying the play, and were breaking faster than the local boys. It looked like a score when everybody was scrambling in front of the Georgetown net, but the puck stayed out. Ward got the first penalty of the game when he got a "little rough with 'Minute'" in the corner, and Acton put on the power play, and gave Richardson many anxious moments, but they couldn't manage to score, and Ward was back before any damage was done. Cripps, of Georgetown, missed a pass from Tost, with only Groer to beat, and a minute later he missed one that looked like a sure score, but Terry got hold of the puck, and rushed the length of the ice to take a shot at Richardson. The Georgetown goalie stopped this shot, but "Minute" who was following right up, slipped in the rebound. Hall, of Georgetown, got a rest in the cooler for tripping Norm Morton, and again Acton started pressing. It looked like a sure goal when Norm got right in, but he couldn't tally, and the period ended 3-0 for Acton, with Acton fully 2 goals better on the play.

The next stanza opened with both teams still going at a great speed, and

THAT MOONEY PROTEST

Acton Player's Card Cancelled and Games May Have to be Played Over—Thanks to the Royal CHY

In the Elora protest, heard before the O. H. A. Executive, Harold Mooney's playing certificate with Acton was cancelled and if any of the games played affect the first three teams they will have to be re-played.

Just why Acton should be penalized with this last clause is more than fans here can understand. The O. H. A. granted the certificate and Acton played the local boy in good faith, in all but two or three games.

Incidentally they have won all the games played, with and without the services of Mooney, so just what difference it will make is hard to understand. But the expense to Acton will be considerable and seems very unfair.

Incidentally, too, it is hard to understand just where this boy is eligible to play. He has been refused permission to play in Guelph, and now cannot play in Acton. It was understood that every player had a right to play O. H. A. hockey some place.

Now for some further light on the subject. Following the O. H. A. decision on Tuesday, it is said, representatives or officials of the Guelph hockey interests telephoned Mooney and tried to induce him to return to Guelph. It can readily be seen who backed up the Elora protest and who won the point by having Mooney thrown out of play.

Great sportsmanship from the Royal City, isn't it? Is it any wonder sports are at such a low ebb in a city of 20,000? Perhaps if the amateur standing of some of those who have been making the most noise (in print) about this Mooney incident were published it would make some faces red and quieten down a certain blatant columnist. There are those who still recollect the Guelph Juvenile baseball scandal.

Just to refresh memories we quote the following item that appeared in the Toronto Globe at that time: "A deputa-tion appeared from Guelph to intercede for their Juvenile Baseball Club that was suspended for playing a boy over age. The reinstatement was tabled until such time as minor affairs in Guelph are in reliable hands. W. Ambrose, the player in question, will remain suspended, while Messrs. Cole and Kendrick are expelled for life from all amateur sport."

And another inquiry that might be of interest to the O. H. A. would be the case of Kaiser, playing on the Guelph Inter-mediate Team, and the incident of his American tour and return trip. Acton fans are not the kind to win in committee room decisions, but we can touch a match to a little gunpowder, if necessary.

If the Royal City wants the immediate room decisions there's plenty of places to throw the light.

Quite incidentally, too, Guelph still has Marz, formerly of Acton, who was boosted from Junior to Intermediate ranks since his arrival in the Royal City, and is one of the best players on the Guelph line-up.

News of Acton and the District

Acton Hockey Player Ill

Hockey fans and friends regretted to learn last week that Joe Woods, left winger of the Intermediate Team, had to undergo an operation for appendicitis. The operation was performed on Sunday night and Joe is reported as making satisfactory progress. This illness will finish Joe's hockey for this season. Friends all wish him a speedy recovery and hope that he will be on hand to cheer the boys in the play-offs.

A Community Challenge

Rev. Mr. Poole delivered a message with a challenge to all for service in Christian endeavor in the community when he spoke on Sunday evening on the subject, "The Challenge of Acton's New Building." His discourse was based on John 10: 10. Besides a wealth of information which the speaker gave concerning Y. M. C. A. work, he dwelt strongly on the call which was sounded by the erection of this edifice for service to Christ and the application of His teachings and the work of the church, especially among the young people. There was a good congregation and Mr. Poole's sermon of such local interest was one that was especially enjoyed.

Another Elora Loss (?)

The daily papers the other day told of Elora Hockey Team having \$50 worth of hockey sticks stolen in Rockwood, following the Georgetown-Elora game on Friday last. Of course the law was called in upon the case and Provincial Officer So-and-so was investigating. There really wasn't any investigation needed. The 25 or 30 sticks were picked up on the highway by a couple of Acton motorists this side of Rockwood, and brought to Acton, awaiting the claimant. It might also be interesting to add that there was evidence of a car being in the ditch at the spot and a sign post was broken. Of course there is no evidence of why the car was in the ditch, but possibly the Provincial Officer can turn his investigation in that direction, now that the sticks are found.

More Thefts of Wire

Thefts of quantities of aluminum power wire from the overhead system of the abandoned Toronto-Guelph Railway line have been reported recently by the C. N. E. police, and two arrests were made in Toronto Saturday. On charges sworn out by Special Investigator Hay of the railway police, Detective Sergeant Ewing and Detective Semple arrested Harvey Elliot, 37, of 14 Charles Street, East, on a charge of theft, and Edward Wilson, 37, of 1 Wilhelms Street, on a charge of receiving. The wire alleged stolen by Elliot is valued at \$600—A quantity of this has been recovered, the police say. Thefts of wire have been carried on for some time along the abandoned right of way and police have been continuing their investigations during the past few weeks.

New Relief Plan to Have Halton Trial

Work on Roads May be Carried on—Second Session of the County Council

The second meeting of the Halton County Council was held in the Court House, Milton, last Tuesday, with Warden Cleave in the chair, and all members present, with the exception of Reeve Duncan Campbell, Nassagaweya. Minutes of the last meeting were read and confirmed.

Communications were read and con-sidered by the various Standing Com-mittees.

At the afternoon session, Mr. Gilroy, manager of the Milton Branch of the Bank of Nova Scotia, addressed the Council with regard to a resolution passed at the last Council meeting, requesting that the rate of interest on loans be reduced to 4%. A letter was read from the Bank of Nova Scotia, stating that it would be impossible for the bank to lower their present rate of interest.

Mr. Gilroy, in his address to the Council, stated that he was not surprised at receiving this request from the Council, as requests of a similar nature seemed to be in the air. The inability of the bank to lower the rate of interest was because the rate of interest earned was lower than the rate of interest paid. In 1933 interest paid on all deposits by the Bank of Nova Scotia was 2.8%, but if the rate of interest had been reduced at the rate of interest received it would only have been 1%. There seemed at present a lack of sympathy between the public and the banks, which was hard to understand, since anyone giving good security has found it just as easy to borrow money during these years of depression as it was previously. The banking system in Canada as compared with the United States is something the Canadians like to be proud of.

Mr. Hewson—Is there any chance of a reduced rate of interest in the immediate future, Mr. Gilroy?

Mr. Gilroy—That I cannot tell—the immediate future will have to take care of itself.

Mr. Harris—How is it that local municipalities are able to get a reduction and no the County—surely the County is in an equal standing as any of the municipalities?

Mr. Gilroy—It is not the intention of the bank to make comparisons between the County and shall we say—the town of Milton?

Mr. Hewson—Why not say Burlington?

Mr. Gilroy—No comparison is intended but where it is possible we give the advantage to the little fellow, rather than the big fellow.

The Warden thanked Mr. Gilroy for his address to the Council and for explaining the attitude of the bank in regard to their requests.

Mr. L. T. Rogers, representing the Unemployment Relief Branch of the Provincial Department of Public Welfare, also addressed the Council with reference to relief in the County.

The basis on which relief is granted, said Mr. Rogers, is on the need of the family—that is food and shelter. In the case of Halton, the Department is prepared to make an experiment, paying all cash as a relief measure, instead of by the voucher system. Applicants will be required to work for all the money received and the amount of money paid to be based on the needs of individual families, according to the estimated food scale as set forth by the Department, and this scale to be uniform for all municipalities, and to apply to those on direct relief, but not to those temporarily unemployed. In giving employment, consideration must be given to the amount ordinarily given in relief vouchers. Mr. Smith will draw his men from the several municipalities as before, and the Department will remit two-thirds of the cost to the municipalities. The cash given must cover all requirements for those doing relief work and it is insisted the voucher system must be re-instated.

The amount estimated for food is shown under the following schedule, as drawn up by the Department:

CAMPBELL REPORT—SUMMER SCHEDULE	
1. \$150 plus 25%	187
2. \$245 plus 25%	306
3. \$325 plus 25%	418
4. \$420 plus 25%	525
5. \$520 plus 25%	625
6. \$625 plus 25%	710
7. \$825 plus 25%	820
8. \$710 plus 25%	887
9. \$770 plus 25%	982
10. \$825 plus 25%	1051

This one person on relief is entitled to a minimum of \$150 or a maximum of \$187 for food per week, including bread and milk. Two in a family not less than \$245 and not more than \$306, and so on, according to the size of the family.

Council were very interested in Mr. Rogers' suggestions as a relief measure, and with this means, work could be continued on County roads and a good

Beale and Mrs. Kennedy, and an instrumental trio by Messrs. J. J. Stewart and Arthur McCowen and Master Jack Stewart. Following the meeting a social time was spent, when the Belgian served a splendid lunch.

C. H. Harrison Elected Reeve For 1935 by Majority of 53

Keenly Contested Race Between C. H. Harrison and W. A. Lasby Resulted in Larger Vote Than at the Annual Election—Harrison's Large Majority at Town Hall Overcomes Lasby's Lead at the Hydro Shop.

One of the most intensive municipal election campaigns in Acton for the Reeve-ship ended on Monday evening, when C. H. Harrison was elected Reeve by a majority of 53 to fill the vacancy caused by the retirement of ex-Reeve Thetford after holding the office for a week. The following is the result of the vote at the two polling subdivisions:

	Town Hydro	Hall Shop	Total
Harrison	238	183	421
Lasby	131	237	368

Majority for Harrison..... 53

It will be noted that Mr. Harrison received a majority of 107 at the Town Hall in the division in which he is a resident, and Mr. Lasby had a majority of 54 at the Hydro Shop poll. The total vote polled was 789. Reeve Thetford's majority in that contest over Mr. Hansen was 35.

The election brought to a conclusion one of the longest and most active municipal campaigns in some time. This contest actually started two weeks ago. Both candidates made a thorough canvass of the electorate and on election day both candidates had ample facilities for having a record vote polled.

There were many issues brought out in the campaign but possibly most of them by the very ardent supporters of the candidates rather than by the candidates themselves. The best of feeling and keen contest prevailed throughout and when the final votes were counted both Mr. Harrison and Mr. Lasby took the verdict as true sportsmen after a hard game.

In order that Acton might be represented at the County Council the following day, Reeve Harrison took his declaration of office on Monday evening and was supplied by the Clerk with the necessary documents and attended the meeting in Milton on Tuesday.

Reeve Harrison will undoubtedly make for Acton a very capable and efficient head. He has previously served on the Council for seven years, and for three years on the School Board. He, therefore, has an excellent understanding of municipal affairs. His business ability is attested by the splendid automobile accessory business he established in Acton about two years ago and has made such a success.

His application and knowledge of business problems will, no doubt, work to the advantage of the community in his services of Reeve. It is a very fitting honor bestowed after his ten years of service to the municipality in other capacities.

They were: Dr. Robertson, of Milton; Colonel Kerns, of Burlington; Victor Chisholm, of Milton; and George Hillmer. Miss Field has served over thirty years at the Registry Office.

PROVISIONAL BOARD

Of Acton Y. M. C. A. Planning for Equipping and Furnishing of the New Building—Completed Next Week

On Tuesday evening a meeting of the Provisional Board of Directors of Acton Y. M. C. A. was held in the Council Chamber, when Mr. Haultagne, Associate Secretary of the National Council, was present and discussed many items preparatory to the opening of the new building.

While much progress was made at this meeting in the arranging of committees for purchasing equipment, completing agreements, and securing caretaker for the premises, there is still a great deal of detail to be completed before the opening.

It is anticipated that the workmen will have the building completed next week and therefore the work of furnishing and tenants is necessary to proceed at once.

It is expected that the offices of the Public Utilities Commission will be ready for occupancy by Tuesday of next week and other parts of the building will be ready a few days later. The main entrance, with its leaded glass windows and triangle and Y. M. C. A. insignia make a very imposing entrance. Meeting of the Directors will be held frequently and the opening dates arranged as quickly as the building can be finished.

The lodge quarters and caretaker's apartment are now ready for occupancy and it is planned to have the caretaker in charge of the building early in February.
