UNITED LEAGUE OPENS

The opening meeting of the United Young People's League, under the leadership of the new Executive, was held on Tuesday evening in the Sunday School room of the United Church. There were almost one hundred present at this meeting, which was in the form of a banquet.
During the assembling of the gathering, and at intervals during the evening, an orchestra, under the leadership of Mr. Chas. Mason, rendered musical selections, which were much appreciated.

To the Electors of The County of Halton

An election is a serious matter. You and you alone are responsible for what Government shall control Canada. It is your duty to elect the Government which will do the most for your family and your neighbor. You can only make a proper decision by studying carefully the record and policy of each party.

Farewell Message of Rev. G. R. Easter

they think of Jesus. He lifted religion out of being, to a great extent, more supernatural, into the most uplifting, unchanging power known.
III. The Mystery and Majesty of His Death—here is the greatest mystery of all. No one understands the meaning of the cross. Human love can never be cribbed, cabined and confined within the bounds of any definition. One exhausts language in the effort to define love, and then it sweeps out into the life of the saints and the eternities. And if that be true of human love, what can we say of love Divine? And the cross of Jesus is that love raised to the nth degree. No one understands the mystery of Calvary, but the glorious fact is that it has touched the heart of man as nothing else has ever done, and has been the most redemptive force that men know.

Obituary

FREDERICK J. McMILLAN
After an illness of several years, Frederick J. McMillan entered into rest at his home on Frederick Street on Thursday evening last. Mr. McMillan has not had good health for many years and for the past five years has been confined to his home and for twenty months, bed-fast. Through all his suffering he kept cheery and hopeful that he might be spared to his wife and little family. He was in his fifty-fourth year. Frederick Joseph McMillan was a son of the late Colin McMillan and was born in Toronto. His early life was, however, spent in Barrie. He has been an esteemed resident of Acton since 1914. Sixteen years ago he was joined in holy wedlock to Miss Margaret Kaley, who, with their little family of Jean, Michael and Billie, remain to mourn the loss of a kind and thoughtful husband and father. One sister, Mrs. Spears, of Vancouver, also survives. In their bereavement the sympathy of friends goes out at this time. Mr. McMillan was a devout member of St. Joseph's Church, Acton. On Saturday morning mass was held in the church and on Sunday afternoon the funeral was held with service in St. Joseph's Church by Rev. Father McBride, and interment made in Dublin Cemetery. The pallbearers were Messrs. Nell, Frank and Bert Gibbons, Walter Hyde, Harold Bennett and Geo. McNally. Among the friends from a distance attending the funeral were: Mr. and Mrs. Joe Kelly and Michael, of Hamilton; Mr. Wm. Kelly, Barrie; Mr. and Mrs. McNally, Mr. and Mrs. Hyde, Mr. and Mrs. Bennett, of Glen Williams; and friends from Toronto and other points.

LOCALS

October—the tenth month—comes in on Monday.
The fall days have provided some summer temperatures.
A number of Acton people attended Brampton Fair on Saturday.
The new road surface has been a bit dusty until after the first rain or two.
Half and Half Time ends in Acton on Saturday. Something to be thankful for.
As it stands at present, Thanksgiving Day will be on Thursday, October 24th.
Elections are two weeks from Monday. You'll have four choices in Halton County.
The leaves are beginning to turn color and presenting the beautiful autumnal shades.
The Acton Y. M. C. A. opening next Wednesday evening will be quite an event in local history.
It is well to remember that with the resurfacing of Mill Street the speed limit was not altered.
Messrs. R. Kerr & Son were showing their prize-winning Hackney horses at Galt Fair on Friday and Saturday.
Robert H. Smith, of Carafraza, has been chosen as candidate in North Wellington for the Reconstruction Party.
Million Fair is scheduled for this Friday and Saturday, and Georgetown and Erin on the two week-ends following.
The roof has been raised and the walls are about half completed on the new addition at the Beardmore Leathers plant here.
Dorothy and Lorraine Pallant observed their seventh and fifth birthdays at a joint birthday party for their little friends, on Tuesday.
Mr. Everett Denny brought in a sunflower head that measured 13 inches in diameter. It has been on view in The Peck Press window.
The nights seem to be pretty well occupied with meetings at this time. With fair days and political and other evening events, it is a busy time.
Political meetings are quite the popular thing for the next few weeks and the district it seems will hear some outstanding speakers during the campaign.
The Peck Press columns are wide open to any other candidate who desires to tell the electors of this district their platforms or views. It's the logical way to acquaint the electorate, by advertising.
Effective Sunday, changes of times have been made in the bus schedule of the Arrow Coaches and the O. N. R. It will be wise to consult the local agents for change of times and next week the schedules in The Peck Press will give the changes.

At the meeting of the Young People's League

A new departure for the Young People's League was a weekly paper, which will make its appearance in two weeks, will be edited by Mr. Jack Reid. The departments in this were explained by Jack, and then suggestions for names were asked to be written on the slips of paper that had been distributed about. The name chosen was "The Uplifter," suggested by Mrs. Morrow.
Mrs. George Desseureault gave a couple of recitations, "St. Peter at the Gate," and "Little Hapsida," which were thoroughly enjoyed by the audience.
Chas. Lamborough also rendered two cornet solos, "Beautiful Ohio," and "When I Get Too Old to Dream," which were much appreciated. The President conducted a guessing contest on "What Were Grandmother's Peculiarities?"
The speaker of the evening, Mr. D. A. MacLennan, Principal of Acton Continuation School, gave a talk on the subject, "The Past History of Ethiopia," giving an introduction to its location, boundaries and climate, also its seasons. Ethiopia, as it is now known, was formerly Abyssinia, and is one of the most ancient civilizations mentioned in scripture, it being the home of the Queen of Sheba. It has been a Christian country for hundreds of years, although their views differ considerably from the more or less accepted Christian ideal.
A quarter of the men of the country are connected with the priesthood of the church, and a large portion of the land is church controlled.
In 1867 Ethiopia was at war with Britain, as the ruler at that time, King Theodore, was anxious to marry Queen Victoria, and to force the Queen to do so, seized all British residents during the war, however, and it was ended.
In 1887 Italy was at war with Ethiopia and in 1889 the country became an Italian protectorate. In 1885 the Ethiopians revolted, but were put down, and in 1886 they revolted again. This time they were successful in throwing off the Italian yoke.
In 1926 Ethiopia joined the League of Nations, and in 1928 a treaty, known as "The Treaty of Friendship," was signed by Italy and that country. The present ruler became Emperor in 1930, and is one of two absolute monarchs.
Mr. MacLennan explained part of Britain's interest in being anxious to protect Ethiopia's independence lay in the fact that the river, the Blue Nile, which is a tributary to the Nile, has its source in that country; as this river was used to flood the Egyptian cotton fields.
The meeting was brought to a conclusion by singing a verse of "Blest Be The Tie That Binds," and the Misses Benediction, after the President had moved a vote of thanks to all who had assisted in any way on the program.

Wife: "It's just a little surprise present. A jig-saw puzzle—a hundred pieces."
Husband: "Good! I'm very fond of doing those."
Wife: "Well, it's the vase off the drawing-room mantelpiece. Here's the paste."
points. Runners-up—Ethel Pargeter and Myrna Rawson, each 23 points.
Intermediate Champion—Mary Young, 25 points. Runner-up—Mary Barrett, 24 points.
Senior Champion—Kay Chapman, 41 points. Runner-up—Helen Mooney, 34 points.
The winners in the events qualify to enter the Inter-School meet, comprising Acton, Georgetown and Milton. This meet is held at Georgetown, Thursday, October 3rd.
The teachers of the school express their thanks to all who so kindly assisted them in running the events.

On the subject of New Zealand butter

I would like Mr. Cleaver to tell you about the Treaty which the Conservative Government arranged with New Zealand, by which—freely, the price of Canadian butter was protected. Ask Mr. Cleaver to tell you the price of butter in England, where New Zealand butter enters duty free. The price in London is lower than the price of our Canadian butter. The Conservative Government has protected the farmer and the dairyman with respect to his butter. Where does Mr. Cleaver stand on that question? Is he, or is he not, for protection of butter and duty prices? You are entitled to know that before Election Day.
Mr. Cleaver made particular reference to the fact that Mr. Bennett held business positions and was a millionaire. Because of his wealth, Mr. Bennett could not be dominated by the banks, and because of that, he was able to take away certain rights of the chartered banks and give them to the national bank, and he was able to force the banks to surrender their gold to the Government at around \$21 instead of around \$35, as asked by the banks. You might ask Mr. Cleaver, if it interests you, how many company mergers took place from 1921 to 1930, so that the combines so formed could dominate business and squeeze the working-man, the producer and the consumer. Ask him if there were not more millionaires in Canada from 1921 to 1930, when Mr. King was in power, than in any other period in Canada. Ask Mr. Cleaver if it was not the Conservative Government which gave the Federal Trade and Industry Commission power to investigate combines in restraint of trade. The electors want constructive policies and records, and the Conservative Party has the policy and the record.
Mr. Cleaver made mention in his last letter about an increase of duty on farm implements. The information which he gave you conveyed the idea, that the price of farm implements had increased. The opposite happened, the prices decreased under the Conservative Government and at the same time, Canadian factories increased, and more working-men were able to purchase Canadian products with wages made in Canada.
Mr. Cleaver might quote for your information the prices of farm implements in the various years since 1929. Does Mr. Cleaver stand for foreign goods, coming in duty free or with small duties imposed, or does he stand for the protection of the Canadian working-man and Canadian factories? You are entitled to know before the 14th day of October.
Both letters overlooked the Empire or Ottawa Trade Treaties. In 1932, the Conservative Government arranged certain Treaties at the Conference at Ottawa, whereby our natural products, such as lumber, wheat, bacon, oats, etc.; our fruits such as apples, plums, peaches, etc.; our manufactured goods such as textiles, wood products, metal products, etc., enter Great Britain duty free. These Treaties gave duty free entrance to Empire products into Great Britain and the other parts of the Empire. The dream of Empire builders had been realized and the Conservative Party had done something which no other Party had ever attempted. Goods of a foreign country must, however, pay duty. A barrel of apples or a bushel of wheat, or a pound of bacon from Halton enters into Great Britain duty free but the same articles from the United States or South America, or some other country from outside the Empire, must pay duty. That gives the Canadian farmer and the Canadian business man a preference in the Empire markets and a larger chance to sell his goods than ever before. That seems a pretty good thing for the Canadian farmer or the Canadian business man. Yet, Mr. King and all his followers but one, voted against those Treaties. The Liberal Party is pledged to end those treaties. As those Treaties are only for a period of five years, they must be renewed in 1937. Who shall renew them; the Conservative Government negotiated them, or the Liberal Party which is pledged to end them? That is

Brighten up with ALL-BRAN!

Brighten up with ALL-BRAN!
You've had days when you've felt discouraged and low. Nothing seemed to go right. Frequently these dreary days can be traced to common constipation, due to lack of "bulk" in your meals.
This ailment may cause headaches and loss of energy. Correct it by eating a delicious cereal.
Laboratory research shows Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN also furnishes vitamin B and food-iron.
The "bulk" in ALL-BRAN resists digestion longer than the fiber in fruits and vegetables. It is gentle and often more effective. Isn't this natural food better than taking patent medicines—often harmful?
Two tablespoonsful of ALL-BRAN daily are usually sufficient. With each meal, in chronic cases, if not relieved this way, see your doctor.
Brighten days with ALL-BRAN! Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.
Keep on the Sunny Side of Life
