ACTON LEGION TO SPONSOR AN ANNUAL SUPER-CARNIVAL

The favorable comment of many who attended the Legion's first Fancy Dress Carnival, held in the Arena during the past week, suggesting the citizens wished for an annual event, prompted the matter to be brought up at the regular meeting of the Legion on Wednesday night.

NEW NATURAL GAS FIELD

Work carried on last year by the Geological Survey, Department of Mines, when the natural gas and petroleum prospects of a 30,000 square mile area in central eastern Alberta and western Saskatchewan were investigated, reveals that the Eagle Hills area at Prongue, Saskatchewan, ten miles west of Balfour, is structurally favorable for natural gas.

ALMOST 15 MILLION TOURISTS IN 1935

Tourist traffic to Canada from the United States during the calendar year, 1935, according to figures released by the Department of Immigration and Colonization, totalled 14,760,415 persons, compared with 13,215,380 in 1934, a gain of 1,545,035 visitors, or over 11 1/2 per cent.

ALIVE AND WELL

PREMIER OKADA Premier Admiral Keisuke Okada of Japan who was reported assassinated by Japanese military leaders is now reported alive. Okada's brother-in-law, who bears a striking resemblance to him, was shot by the rebels along with Finance Minister Takahashi and Admiral Makoto Sakai, lord keeper of the privy seal.

professional coach. We said he was a professional man, all right. It was rather a nice trip to Paris—nice coming back too. The whole thing was very pleasant—including the 6-1 score.

ACTON 9 - PARIS 6 In a scoring rampage of wide open hockey last night, the Paris Greenhirts went down to defeat by 9-6 and bid adieu to hockey for this year. The conditions make it look as if a lot of rinks will say good-bye to hockey soon.

It was at 17 minutes and 45 seconds of play that Mooney rang up the first counter on a Lindsay and Marzo assist. They were right in and England had no chance to save the score.

The Paris Greenhirts came on the score sheet when, at 9:05, McCutcheon slipped one past Greer. At 10:30 Walker made it two for the Greenhirts, when he scored from a scramble.

Walker came back for Paris with a nice goal, scored in the top-of-the-net when Greer was on the ice. In less than a minute W. England made it four for Paris, when he took Kuhlman's pass to beat Greer.

The line-up was: Acton - Greer, goal; Gibbons and Walters, defence; Mooney, centre; Marzo and Lindsay, wings; N. Morton, Terry, B. Morton and Scott, alternates; sub goal, Woods.

The line-up for both teams was exactly the same as that of the game in Paris. Johnny Mitchell, of Hamilton, was the referee.

It is told that the manager of the Paris team, a dark age, called up the O.M.A. headquarters and complained of the lack of quarters. In his conversation he demanded action. Secretary Howitt's reply, we hear, was: "All right, we'll give you Acton on Monday and Wednesday."

A word of praise where it is due. The ice was in splendid shape, considering the weather. And two words more of praise. The "No Smoking" rule was much better enforced and is making good progress.

We stand corrected. We said 15 games unbeaten for the Tanners last week. It should have been 17. And this week it's 19. And they have only on two or three occasions even been led by an opposing team in a game this year.

The fans were sure pleased to see Scott get on the score sheet last night. The defence player put in the best game he has played since his injury over a month ago.

As a referee Johnny Mitchell rated with the other Johnny. They're both Johnnies on the spot. It's small wonder he has been chosen referee in 87 games this year.

The record for coming farthest to see a game, we think, goes last night to Miss Mary Macpherson, who came from Waverley, N. Y., to see the home town team win.
