BORN SCOTT - In Acton, on Sunday, April 26th, 1936, to Mr. and Mrs. Kenneth Scott, a daughter.

DECEASED HUMBERSTONE - On Saturday, April 25th, 1936, at Toronto General Hospital, Clara Emma Spelght, widow of S. T. Humberstone.

DAVIS - Suddenly, at his home, John Davis, Acton, Ontario, on Monday, April 27th, 1936, William James Davis, in his 66th year.

ALEXANDER - At Kansas City, Mo., on Wednesday, April 22nd, 1936, W. Wallace Alexander, beloved husband of Vera Babcock, of Wenneago, Minn., in his 40th year.

ALLAN - At Royal Oak, Michigan on Tuesday, April 28th, 1936, after a short illness, Pauline Bunte, beloved wife of James Allan, in her 34th year.

HALTON'S MEMBER SHOWS THE WAY

Due in part to the national endorsement of the example set by one backbencher, according to J. J. Duffus, M.P., federal members returned home from Ottawa announcing with pride there are no new post-offices, harbor improvements or "what nots" in the supplementary estimates.

A STORY OF LISZT

A pleasant story is told of Liszt, which shows that "his heart is in the right place." It is related that a young pianist was giving concerts throughout the provinces of Germany for her support, and to enhance her reputation, she advertised herself as a "pupil of Liszt."

In a little town in the interior, where she had announced her intention of giving a concert, she was confounded, dumbfounded, the day before the one fixed for the concert, by seeing that the Abbe himself had arrived at the very hotel where the concert was to be given!

Here was a dilemma! What could have induced Liszt to come there so inopportunely for her? What was she to do?—what could she do to prevent discovery of her fraud and avert utter ruin?

She would—she did! With trembling limbs and nerves aflutter, she went to the great man's room, cast herself at his feet, and tearfully told her story—how she was an orphan, and poor, with only her one gift of music with which to support herself; how she had done so with the utmost difficulty, until, by an unwarranted use of his name, her rooms and her purse had been filled.

THIRD GUELPH FUGITIVE CAPTURED

Captured in Peterboro in a stolen truck, on Sunday night, Edward Johnson was returned to Guelph, where he faces robbery charges with two other youths with whom he broke out of Wellington County jail.

Johnson was held by police for several hours before they learned he was one of a trio which overpowered Turkey W. C. Bodycott in Wellington County jail a week ago last Thursday, stole his keys to release them from the building, and fled in a car stolen from former Mayor Robson's garage.

The trio, accused of several break-ins at Brimpton, were located in Toronto a week ago last Friday and, after a chase through the streets, one was arrested. A second was captured in Toronto the same night, but Johnson made his way to Peterboro.

Chief Constable Samuel Newhall, of Peterboro, said Johnson was arrested shortly after he stole a truck from a butcher store, the owner informing police, when he saw his machine disappearing. Police caught up with the truck, forced it into the curb and took the driver, who said his name was Jack Taylor, to jail.

JUDGMENT RESERVED

Magistrate Blake reserved judgment in police court Tuesday in the case of Herbert Harlow, of Georgetown, charged with driving a motor car while intoxicated. Mr. A. Miller entered a plea of not guilty on behalf of the accused, and evidence of three police officers, Constables Ragnall, Hingworth, and Halbert, was given to the effect that Harlow in turning around behind the police station, drove into the horse trough. Harlow said that he had two glasses of beer after a railwayman's banquet, which he attended there. "If this man is found guilty, he loses his job. The punishment would be out of all proportion to the offence," said Mr. Miller.

"Don't you think the death toll on the highways is severe?" asked the magistrate. "There are sufficient jackasses driving cars on the highways, without people getting drunk."

RADIO IN CANADA

Radio has come to be regarded as an almost essential part of Canadian home equipment, and during 1935 almost 850,000 radio receiving licenses were issued.

Production of radio receiving sets during the year numbered 189,769 with a value at factory price of \$12,411,658. Sales of radios totalling 199,289 sets exceeded production, indicating the stable condition of the industry in Canada. Selective wave receivers headed the sales list with a total of 81,203 sets, while 59,895 standard broadcast band sets and 49,281 all-wave receivers were sold. Automobile radios are finding favour with Canadian motorists and sales of this type totalled 3,623 with a selling value of \$132,557. In a country where the population is scattered over wide areas, as it is in many parts of the Dominion, the benefits resulting from the radio are almost immeasurable and represent a decided forward step in human progress. The isolation of the farm and the bush had been banished forever, and the loneliest farmer, worker or resident of the most distant area is by a turn of a dial brought into direct touch with the heart of civilization. Canada may "listen in" to an unlimited variety of programs from her own broadcasting stations.

NO COMPLAINT

George—"Did your father complain about me staying so late last night?" Margo—"On the contrary, he asked me how I could be so thoughtful on to let you go to work without any breakfast."

Advertis Bray Chicks To Neighbors

"YOU can imagine I am well satisfied, and will advertise Bray Chicks to all my neighbors, writes a Bray customer at Otterville, Ont. Here's the reason: He bought 300 Bray Chicks last spring. The extra MORE than covered the losses, and he raised 301. At 4 1/2 months the pullets began to lay, and in the high-price month of December were laying 70 per cent. At 4 1/2 months old the cockerels weighed 5 lbs. apiece. That's what the remarkable increase in Bray business has been built upon—low losses, high production and satisfied customers who "advertise Bray Chicks to all the neighbors." Don't delay—we're into May. Get your Bray catalogue and price list today. Then book your order for Bray Chicks. We believe it will pay you.

Fred W. Bray Limited Chick Hatchery GEO. BROWN, Agent NORVAL, ONT.

Annual Meeting Children's Aid

Inspector's Report Gives Some Insight to Work of the Organization

The first Annual Meeting of the Children's Aid Society, of the counties of Peel and Halton was held in the Court House, at Milton, on Tuesday evening, April 21st, with the President, J. M. Denyes, B. A., in the chair. There was a good attendance of members and citizens from the two counties showing keen interest in the work of the Society.

The present officers of the Society were re-elected, being as follows: Honorary President—Mr. T. W. Duggan, Brampton. Honorary Solicitors—W. I. Dick, K. C. Milton; A. G. Davis, K. C., Brampton. President—J. M. Denyes, B. A., Milton. 1st Vice-President—A. W. Thompson, Brampton. 2nd Vice-President—A. Mason, Acton. Honorary Secretary-Treasurer—J. J. Jamieson, Cooksville. Executive Members—E. D. Maguire, Port Credit; Mrs. M. Vanderlip, Brampton; Mrs. W. Hardy, Streetsville; Miss A. Blain, Milton; Mrs. G. O. Atkins, Bronte; Dr. P. R. Watson, Georgetown. County Council Representatives on the Board—Wm. Dennison, Cooksville; D. A. Moran, Streetsville; John Irving, Milton; Victor Hall, Hornby.

The Inspector's report, presented by Mr. O. P. Thompson, gave some insight into the work the Society is doing. It was stressed that work be placed in private homes, where the children will have the benefit of home life, rather than institutional surroundings. During a fifteen month period, 60 new child protection cases were referred to the Society for attention and 33 reopened cases, making a total of 113 in all.

A child once committed to the Society is under their supervision until twenty-one years of age, unless legal adoption has been completed or released from supervision for some good reason which may be arranged through the Provincial Officer.

Fifteen children in all have been committed to the care of the Society, twelve being made permanent wards, and three temporarily committed. Five of the permanent wards, members of one family, were taken over by the Society due to a very bad moral environment in the home. The future disposition of these children depends entirely on the attitude of the parents. In the case of one eight-year-old boy, who was taken over on a temporary commitment, he being one of a family of six, whose mother, a mother's allowance recipient, is at the present time confined to the hospital for an indefinite period, and the father, a patient in the Ontario Hospital, having died since the time of commitment. It is now hoped that his boy may soon be re-instated with the other five members of his family.

On January 1st, 1935, there were 29 children in the Shelter, and on March 31st, 1936, there were 32. A total of 46 children were cared for during the fifteen month period, with a total days' maintenance provided of 13,961. There were 110 children under care as of March 31st, 1936; of these 30 are wards of other Societies. There is a very fine working arrangement throughout the Province whereby each Society supervises all wards of other Societies as well as their own in their particular district. There are 82 permanent wards of the Society at the present time, 55 of these being under our direct care and 23 in other municipalities. In the neighborhood of 400 visits have been made to homes where children are placed and to adoption and foster homes. Sixty children have been placed in free homes, one of these being placed in two different homes and again returned to the Shelter.

LOVE THE CHILDREN

Don't be afraid to show the children that you love them. The boy or girl will not easily go wrong whose arm is twined morning and night around mother's neck, or whose head is welcomed to his cuddling place on father's shoulder. It is on the side of their affection that children are most easily held and guided, and the finest rein is the inkyable, golden cord of love. It is good to humor children in following their natural bent in all right and helpful directions. Remember that education is only the leading out of power, and faculties that are within. Encourage, therefore, such inclination toward books, studies, mechanics, music, out-of-door pursuits and healthful sports, as shall help most truly to develop your child. As education ceases more and more to include the development of a natural aptitude, it will be more and more successful. It is good to humor your children in preserving their individuality and in fostering a true self-direction. Teach them, too, the value of money, and encourage them to manage their own financial affairs. This will give them important experience.

Summer Needs!

You'll find Our Stock Complete—quality first always and priced reasonably. Just a few of the Specials in this Complete Stock. Shop now for Best Selection and Values.

LOCALS

Baseball is due to open in Acton on Saturday May 23rd.

The dust on the roads was pretty thick for April the past week.

The heavy fog on Tuesday evening made driving rather dangerous.

Sday 1st to-morrow and the opening of the trout fishing season.

The grounds at the park are dry and in pretty fair shape now.

The warmer weather of the past week has been really appreciated.

H. L. Davies has been appointed acting turnkey at Wellington County jail.

Time now for the annual spring clean-up campaign—indoors and out-of-doors.

Complete list of clearing auction sale of Robert Watson, appears on Page Four in this issue.

The hotel and a large barn were destroyed by fire at Bracalau on Sunday. Loss is estimated at \$15,000.

Norman Bradu won third place for violin solo in the Peel County Festival. He competed in the open class.

Knox Ladies' Aid held a very successful tea and sale of baking in the Council Chamber on Saturday afternoon.

The advent of daylight saving has not been nearly so confusing this year as formerly—uniformity of observance seems to help.

Georgetown Council has granted tax exemption to the new Legion Hall. Mayor Gibbons ruled that the by-law was illegal, however.

Work has commenced on remodeling the building of Mrs. L. E. Atkinson, on Mill Street, to have another apartment in the block.

The Wilson Knitting Company has forwarded a collection of \$16.50, made in that plant by employees, to the fund for the Rescue Mission.

Real estate in Acton seems to be taking on quite a lively turn and investors are taking advantage of opportunities presented. The demand for houses is keen.

H. W. Anderson, formerly Managing Editor of The Globe, passed away in Toronto yesterday. He had undergone an operation last Thursday and was apparently recovering satisfactorily.

Sucker fishing in the school creek has been having some big catches reported. Anywhere from a foot up in length, and built in proportion. If you don't believe it, look at some of the strings these nights.

Workmen installed an asphalt floor in a large section of the building of Ajax Engineers in Acton this week. More machinery is being installed in the plant also, and the number of employees has been increased.

Rev. H. Dallas Cameron, of Strathroy, a son of the late Rev. Lachlan Cameron, a former minister of Knox Church, Acton, has been appointed Moderator of the Synod of Hamilton and London, meeting this week at Niagara Falls.

HAND BROKEN IN AUTO CRASH

Miss Frances Hurst, of Acton, had two bones in her right hand fractured when an automobile sideswiped a car driven by Mr. E. J. Hassard on Monday night. The accident happened about four or five miles east of Brampton, when Mr. Hassard, accompanied by Mr. John McCure and Miss Hunt, were returning from Toronto. The other car swerved over and struck Mr. Hassard's car, throwing it out of control and turning across the road and landing in the ditch on the opposite side of the road. The other motorist figuring in the accident was a Mr. Gilbert, lawyer, of Toronto. The driver of the other car continued on his way, but his number was secured and he will face a rather serious charge. Miss Hurst was the most seriously injured. Mr. McCure had a bad bump on his head when he struck the windshield and injuries to his leg. Beyond a severe shaking up, Mr. Hassard escaped injury. Miss Hurst was taken to Brampton and her injured hand treated at the Peel Memorial Hospital.
