

PAID SHORT

Notices of Births, Marriages and Deaths are inserted in this column without charge. In Memoriam Notices, 25c and 50c per line additional for poetry.

Obituary

BORN
MORTON—At St. Joseph's Hospital, Guelph, on Monday, October 12th, 1936, to Mr. and Mrs. Norman Morton, a son.

MARRIED
FALLS-McDOUGALL—At St. John's United Church, Wainwright, Man., on Saturday, September 26th, 1936, by Rev. Dr. J. W. Alkema, Donaldia Christina, daughter of Mr. and Mrs. Donald L. McDougall, to Mr. William D. Falls, son of Mr. and Mrs. A. B. Falls, of Portage La Prairie, Man.

DECEASED
MORSE—Suddenly, on Tuesday, October 13th, 1936, Alexander Stewart Morse, beloved son of Andrew and Ethel Morse, lot 24, concession 6, Esqueping Township, in his 20th year.

DECEASED
LOREN—At the home, Everton, Ontario, on Thursday, October 13th, 1936, Mary, widow of the late George Loren, in her 73rd year.

LOCALS

The values you read about are given in the ads.

Flowing matches are now the popular form of assembly in the countryside.

The foliage is off most of the trees now and that bleak fall appearance is on the countryside.

A half block of cement sidewalk, on Main Street, just west of Main Street, is being relaid this week.

The attention on Thanksgiving Day here was divided between Erin Fair and the ball game in Milton.

It can be recorded that the first snow fall in this district of the fall of 1936 came on October 12th.

The temperature dropped to 26 above zero on Monday, and finished flowers and other plants out of doors.

The Y.M.C.A. boys who took part in the gymnastic team at Acton Fall Fair enjoyed a theatre party, with lunch, and a good outing Tuesday night.

The high wind on Sunday night broke a large maple tree on Arthur Street, which in falling, carried down a number of telephone wires.

A fire at the residence of Mr. Jos. Agnew, on Tuesday morning, called the Brigade out, but was extinguished without the need of using the equipment.

Miss Ruth Gibson will be heard over Station CROC, Hamilton, on Saturday evening at 8:00 when she will be the guest soloist on "Musical Silhouettes."

A new automatic stoker is now installed on the heating system at the Government building, which is calculated to make a considerable saving in fuel there.

Hugh Walker and Son, one of Guelph's oldest business firms, has become the property of National Grocers, and will no longer be known by that firm name.

Some persons or persons with rather poor sense tore down the Boy Scout Apple Day posters immediately after they were posted. This is an idea that some chaps have of using idle moments.

One of the last of the bridges of the old Toronto to Guelph electric line, over the Humber River, is being torn down. The structure will be shipped to the Rockies to replace bridges destroyed there this year.

The Beardmore & Co. hide house at the C.N.R. station is being torn down and rebuilt at the tannery for a storage house. The building has been used for other purposes for the past few years, as hides are stored at the plant since the siding has been installed.

Workers in Acton and district had quite a busy time yesterday collecting the donations of goods to be sent to the West to relieve suffering in the drought stricken areas. It is expected to ship two or three carloads from Hutton and all churches are co-operating in the effort.

ORCHESTRA PROGRAM

The following is the Sunday evening program to be presented by Acton Concert Orchestra in the Town Hall at 8:15 on Sunday, October 18th. The Orchestra will be under the direction of Mr. C. W. Mason.
"O Canada and Rule Britannia."
March—"Spuds."
Selection—"Wood Sprites."
Overture—"Ocean Pearls."
Saxophone Solo—"R. Parkinson."
March—"American Life."
Sacred—"Old Hymns."
Xylophone Solo and Duett—"Mr. and Miss Spiret."
Waltz—"Primrose."
Cornet Solo—"Ted Denver."
March—"Flag Staff."
"King."

M. J. KERR'S LIST OF SALES

Saturday, October 17th—Mrs. James Anderson, Acton. Household Effects.
Tuesday, October 20th—Cecil R. Early, Guelph Road. Farm stock, implements, hay and grain.

WILLIAM BULLIVANT
William Bullivant, life-long resident of Hutton County, died at his home in Georgetown on Monday, after a brief illness, in his 82nd year. He was a son of the late William Bullivant, and was born in the Township of Nassagaweya, but had spent much of his life in Georgetown, where he followed the trade of stonemason.

ALEX. BLACK WINS AT PLOUGHING

For the second successive year, Alex. Black, of Guelph, went home with the International championship of the Ontario Ploughmen's Association, held at Cornwall, but he came close to losing the title to another Western Ontario man.

Black, winner of the junior class in the Association's international meet, took the Rt. Hon. R. B. Bennett Trophy and \$40 for that event and ching to his title, despite threats from J. R. Hargrave, of Beachville, and Richard Jarvis, of Milliken, both former champions. Judges said their work was a good one, but they had difficulty placing them.

Ontario entrants carried off major honors in all classes of the meet, making a clean sweep of the special prizes offered for work during the last three days, when open competitions were held. Crowds, varying from 4,000 to 40,000, watched the contests, brought total attendance to about 85,000.

PRESERVATION OF FARM FENCE POSTS

Interesting information with regard to the preservation of fence posts has accrued from experiments carried out at the Range Experimental Station of the Dominion Department of Agriculture at Manyberries, Alberta. These experiments have been conducted to determine the relative merits of treated and untreated fence posts. In one experiment started in 1927, posts were treated with coal tar or creosote while other posts were left untreated. In 1936 all the treated posts were found to be sound but all the untreated ones were either completely rotted a few inches below the ground or showed such advanced stages of rot that they will have to be replaced within the next year. As it was, several of the untreated posts had to be replaced in 1934 and 1935.

At the end of a nine-year period, a comparison of the two treatments, tarring and creosoting, failed to show any definite advantage in favor of one or the other method. However, where cost and equipment are concerned, there is a decided advantage in the tarring treatment. The cost of tarring is from 1 1/2 to 2 cents per post, whereas creosoting costs from 5 to 6 cents per post, depending on the size of the post. Moreover, a creosote dipping apparatus is more elaborate in construction and a long time is necessary to do the job thoroughly.

RIDDLES

With what musical instrument could you catch a fish? — Castanet (cast a net).
What is the difference between a ball and a prince? — One is thrown in the air, and the other is heir to a throne.
Which dresses the ladies longest? — House-dresses, because they are never worn "out."
Why is coal a strange thing to buy? — Because after it's bought it goes straight to the seller (cellar).
Which side of a cut has the most fur? — The outside.
Why is a horse the most amiable of creatures? — Because he can stand any amount of chaff.
Which of your relatives are always dependent on you? — Your uncles, aunts and cousins, for without "U" they could not exist.
What has one head, one foot and four legs? — A bed.

NEW WING AT FORESTERS HOME IN OAKVILLE

The sound of the finishing hammer blows had hardly echoed into the distance Monday at noon, when Foresters from all over the United States and Canada gathered at the Order's Home, Bond Street, Oakville, to open the new wing for girls and join in congratulating Supreme Chief Ranger Frank E. Hand on the accomplishment of a task which has been his ambition for years.

ROCKALONG WOMEN'S INSTITUTE

The Rockalong Women's Institute held their October meeting at the home of Mrs. W. Veit, Exmouth and Erin townships, with the President, Mrs. D. McNeill, in the chair. A short business session was held, during which the Secretary gave a financial report of the month at the School Fair, showing a good balance on hand.

ST. ALBAN'S YOUNG PEOPLE'S OFFICERS

At the opening meeting of St. Alban's A.Y.P.A. on Tuesday evening, in the Parish Hall, the following officers were elected:
Honorary Presidents—Mr. J. Lowrie, Mr. H. Rogers.
President—Miss Esther Taylor.
Vice-President—Mrs. V. Alger.
Secretary—Miss Anne Holmes.
Treasurer—Mr. V. Alger.
Scribe—Miss Alice Taylor.
Group Leaders—Mrs. G. Simpson, Miss Barbara Taylor, Mrs. R. Anderson, Miss Ada Elliott.

BEAUTY ALL AROUND

The study of the beautiful, amid the magnificent system of material signs in which we reside, gives us the Mighty Key which can interpret them, and it makes us look upon the universe which we inhabit, not as the abode only of human cares or human joys, but as the Temple of the Living God, in which prayer is due, and where service is to be performed.—Allison.

SPORTS

More Rambling Round in a Runabout
Well, baseball in this section didn't stop with the World Series, but Thanksgiving Day did put a finish to it.

The finals are delayed altogether too long. They just missed being snowed out this year.

To-day was the last day for hockey players to move.

Joe Haybould, of last year's Durham team, is going to play with Timmins this year.

If those northern teams come down south to play, it will be like air old boys' re-unions.

The Canadian Legion Branch in Burlington will enter an Intermediate O.H.A. team this year and give assurance that Burlington will have a good team this year.

Wouldn't be surprised, either, now that baseball is over, that Milton again becomes hockey conscious, with a team in the running this year.

Might even see a Hutton County group battling it out for O.H.A. honors on the ice this winter.

Locally there are no more changes from those already reported. Acton will have a team alright, but it will show a few changes this year.

WATCH THAT COLD

When that arch-enemy of humanity, the common cold, starts its yearly attack on the frail defenses of human vitality, there's just one wise thing to do—go to bed.
Colds take more money out of workers' pockets than do any other sicknesses. Colds are responsible for a greater loss of time from school and work than is any other single cause. These reasons are sufficient for a nation wide effort to keep physically fit so that colds will be avoided.

At the first signs of a cold, soreness or dryness in the throat, sneezing, or a running nose, people should act. The best method of curing a cold is by rest. Very few colds would develop into serious illness if the person who has a cold were wise enough to take proper care of himself the first day or two—in other words, if he went to bed.
Take a laxative, if necessary. Drink plenty of cold water and eat lightly of simple, wholesome food. Breathing steam, if the doctor advises it, may relieve that stopped-up feeling. At night, take a foot-bath. As soon as you have rubbed yourself dry, cover up in bed with extra blankets so that you can "sweat the cold out of your system." A hot drink, such as hot lemonade, will help you perspire.

PULP AND PAPER INDUSTRY

Considering only the manufacturing aspect, the pulp and paper industry in Canada produced products with a gross value of \$162,651,382 in 1935, an increase of 6.6 per cent. over 1934 and 32 per cent. over 1933, when production reached its lowest level. Despite this increase, the value of the 1935 production formed only two-thirds of the peak production of 1929. Newsprint paper made up 84.3 per cent. of the total reported tonnage of paper manufactured in 1935, amounting to 2,765,444 tons, valued at \$91,762,201, an increase of 6.3 per cent. in tonnage and 5.7 per cent. in value over 1934.

Exports of paper and paper goods from Canada during 1935 were valued at \$94,941,591, compared with \$87,639,721 in 1934. Exports of newsprint paper amounted to 2,574,987 tons, valued at \$87,224,251, of which 2,051,835 tons valued at \$70,957,490 went to the United States. Canada's exports of newsprint are now second only to her exports of wheat and are greater than the newsprint exports of the rest of the world.

ELLIOTT BROS.

Quality always higher than Price
Large Assortment of New Fall Goods Are Here

Table listing clothing items and prices: CARLTON CREPES (35c Yard), LADIES' PULLOVERS (Fall Styles \$1.00 to \$1.95), GIRLS' SKIRTS (1.00 and 1.25), FLANNELLETTA Pyjama Cloth (20c to 35c yd.), BUTTONS (15c card), LADIES' SKIRTS (Several Styles 1.95 and 2.95), GIRLS' PULLOVERS (Several Styles 59c to \$1.50), SILK HOSE (Fall Shades 29c to \$1.00), TWEEDS and PLAIDS (New Patterns 39c to 45c yd.), FALL GLOVES (39c to 79c), CHILDREN'S HOSE (Cotton—Silk and Wool—Wool 25c to 55c), UNDERWEAR (For Ladies and Girls Silk—Cotton—Wool Large Assortment Popular Prices).

A Parable

A certain man had a furnace and his house grew cold. Said he to his furnace:
"Not another lump of coal do you get till you give more heat"

...the poor nut froze
—and so did the merchant who cut down his advertising budget to "save expense"

If you Want to Sell---Advertise
