# Local Hockey League has

Likely to Have Town and Rural Sections, with Ten Teams in League

The annual meeting of the Acton Rural League was held in the Arens on Early Saturday morning, Pat Carrity, Tuesday evening, when all of the teams Centre Road, Caledon, discovered that of last year's grouping but two were resomeone removed about \$50 worth of presented. The Treasurer's report left Alsike clover seed from his barn. Police the League with a bank balance of \$2.58 from last year.

> The President elected for this year was W. D. Talbot, and the Secretary-Treasurer was P. Holloway. Considerable discussion was held as to the advisability of splitting the league, having the rural teams in one group, and the town teams in another, as the majority of teams figure the town teams too strong for their rural rivals. However, after a engthy discussion, no definite decision could be reached, and it was decided to wait until a future meeting, when all the teams would be presented and a satisfactory agreement reached.

It was understood that one of the absent teams had plans for entering the Ontario Rural Hockey Association, but the majority of the teams decided it was unwise to do this, owing to the extra

expense it would run into. The next meeting has been called for next Tuesday. It looks as if the fans are going to see some good hockey this winter, as the four town teams expected should give all the town boys who want to play a chance of getting into the game
