#### ANGUS MCEACHERN

A life-long and highly respected resident of Acton, Angus McEachern, passed away on Sunday, 17th inst., at his home on Young Street, at the age of seventy-six years. A son of the late Archibald McEachern and Barbara McLean, he was born at lot 7, fourth line, Erin Township. Although in gradually declining health for some time, Mr. McEachern's last illness was of only ten days' duration. He spent his entire life in this district. In earlier years he was a carpenter and builder and thereafter, for many years, shipped turnips and produce from Acton station.

Angus McEachern was known by all throughout the district, and in his work he had many friends, and was the friend of all. Ten years ago he was joined in holy wedlock to Miss Mary Wilhelmina Price, who survives him. Two sisters, Mrs. Wm. Allen, Erin; and Mrs. D. E. McEachern, Rockdale, also remain. To all those who have been bereaved, the sympathy of a wide circle goes out.

He was a member of the Presbyterian Church, and the funeral on Wednesday last was conducted by his minister, Rev. H. L. Bennie. McEachern, Mrs. D. Gibson, Rockdale; Mr. Edgar Switzer, Brampton; Mrs. A. Butcher, Okhawa; Mr. James Price, Mr. Harry Price, Hornby.

### TOMATO GROWERS MAKE PROGRESS

Success is meeting the efforts of Ontario Tomato Growers to get a fairer price for their 1937 crop, states W. N. Gilbert, President of the Halton Tomato Growers' Association. Word has just been received from W. B. Somers, Commissioner of Marketing for Ontario, that the canners are offering the Northumberland Association 37c for their crop. Prince Edward canners are also cut offering 35c to 37c. Similar increases are being offered in Essex. In all sections, however, growers' associations are holding out for 40c and with storages pretty well cleaned out, prospects look good for realising this figure. The Halton Association has signed up in the neighborhood of 500 acres and these growers have intimated that 40c is the minimum price they will accept this year. There is certainly nothing to be gained by signing up in a hurry, states Mr. Gilbert, because canners are out to secure as large an acreage as possible, and already canners in the Toronto area are attempting to secure contracts from growers in Northumberland County.

### SEATED 1,400

"The Ferris wheel, was invented by George W. G. Ferris, an American engineer and steel bridge builder. His imagination was fired when Daniel H. Burnham, chief of construction for the World's Columbian Exposition in Chicago in 1893, challenged the civil engineers of America to design something novel and unusual to rival the Eiffel Tower at the Paris exposition in 1889. Ferris conceived the idea of constructing a gigantic revolving wheel on which to carry people into the air for amusement. His friends and business associates advised him against its construction. The country was in the midst of a business depression and financing the undertaking was a difficult task. Even those in charge of the exposition at first regarded the scheme as fantastic and waited several months before granting Ferris the concession, with the result that the Fair had opened when the wheel was completed. It proved to be the chief attraction at the exposition and a profitable investment. Engineers from all over the world admired the daring of its design and the perfection of its construction. The wheel was 250 feet in diameter, 82 1/2 in circumference and 30 in width. It was equipped with 35 carriages, with a seating capacity of 40 persons each.

### Acton Wins Three Games

(Continued from Page One)

Lead. Lindsay's last effort was a high shot over the net.

The line-up was:  
Acton—Greer, goal; Walters and Kentner, defence; Terry, centre; I. Marzo and Lindsay, wings; Mooney, E. Marzo, Ezard, Gibbens, and Joe Woods, alternates.

Georgetown—Malone, goal; Scott and Moore, defence; Post, centre; Hall and Richardson, wings; K. Richardson, Galbraith, Post, Ward and Orichon, alternates.

The referee was "Speedy" Oliver, of Galt, and incidentally we never witnessed a better handled game. With both teams worked up to top pitch and out to win, it took a perfect sheet of ice, the teams in control and Oliver did the job to a turn. There wasn't a thing that looked like a scrap and it was one swell job he did.

### ACTON TAKES ANOTHER PROM GUELPH

Acton made their third win in the week's hockey and attained leadership that no other teams can reach this season when they trimmed Guelph by 4-2 in the Royal City arena last night. Guelph needed the win to get in the play-offs and tried hard to get it, but even with Squeek Morrison on, and Mooney from Acton, in bed with a severe cold, the squad wasn't good enough to clinch a win. Just what Morrison means to that team, however, can be judged by the score of the game Monday night without him, and the game last night, when he scored two goals and gave an assist for the third.

"There was an almost perfect sheet of ice last night for the game, but for a city of 30,000, the crowd was miserable. If hockey is to get any place in that city it will certainly need more support than what it is getting."

Guelph went right out to win from the starting whistle. Kelly went right in, but Greer beat him, and then from in the crease Kelly pushed the puck in, but of course it wasn't allowed. Lindsay went right in but Jotham beat him. E. Marzo and Jack Kentner combined on a close one. Morrison went to the penalty box for charging Ezard; and Ezard failed to elick 'n E. Marzo; rebound. Woods got right in, but failed to beat Jotham. The first score came from Terry, on an assist from Walters, at 9:35. Morrison evened the count on a nice solo effort at 11:50. Barney Gemmell was close on a backland shot on Greer. Walters went to the cooler for a rest. The period ended at 1-1, and the play as close as the score.

Walters went in to open the second period, but Jotham won the toss. Morrison came close on a couple that Greer saved nicely. Everybody sprawled on the ice at the Guelph end; but there was no score. Couling made a nice rush and Greer beat him just as nicely. Lindsay hit the post when he was right in. Lindsay went in again, but Jotham beat him. Walters failed to get his shot away when the goal was empty, and Greer beat Meron when there were only the two of them for it.

Guelph went into the lead when Morrison made another solo effort from a face-off and put the score at 2-1 after 13 minutes of the period. Terry tied it up a minute later from the same kind of a play. I. Marzo missed when he only had Jotham to beat. Morrison got right in again, but Greer won. Fred Kentner and DeBruick went for a rest for mixing it up and the period ended 2-2.

Acton went in the lead again at 2:43 in the third period when Lindsay took Jack Kentner's pass for the third goal. Woods got right in but Jotham beat him. Morrison was close again. Walters hit the side of the net when he was right in. The play was getting blamed, lively and Acton steamed up to make the lead more secure. Fred Kentner was close and there, in the middle of the period, ends were changed, as there was a bad hole at one end of the ice.

Meron took a rest when he tripped Woods and Jack Kentner came close to scoring. Jotham sprawled on the disc to save a score from I. Marzo and Terry. At 15:05 Guelph went out of the picture when I. Marzo sent it four for Acton on a pass from Lindsay. R. Sloan was right in but Greer beat him. Fred Kentner drew another penalty, and Terry ranged the puck beautifully until Guelph fans raved their team to get in on him. In the last minute of play Meron brought the Royal City squad up one on an assist from Morrison. That was the best they could do and the game went at 4-3 for Acton.

#### WHAT A SCORING SPIREE?

Acton recalled with a vengeance on Monday night that trimming that Guelph handed them last week. In the encounter in the Royal City the locals were minus the services of Murray Ezard—the Milton lad of second line—and he was misaid. Monday the key man "Squeek" Morrison, of the Guelph team, was not on the line-up. So it looks like even Stephen. What will happen in the next game we'll know before you get this paper, but in the meantime we can only tell you about Monday night.

"There was a perfect sheet of ice. In spite of the ungrateful figures that Referee Talbot performed. The crowd might have been a lot bigger. And just here we want to say that the Band is certainly a big asset at hockey games. Acton's only place we go where they turn out so well, and it speaks well for community spirit and interest in the game.

Marzo fell when he went to get away his first shot in the opening frame. Kaiser went right in but failed, but after exactly three minutes and twenty-nine seconds the post to sit on a close one, and bulged the twine behind Greer for the first counter. Mooney was just close on his effort. B. Gemmell went off for tripping Ezard and Acton used the break. Kentner laid down a nice pass for E. Marzo to tie the score at 9:35. And then Acton smeared Gemmell with plenty of rubber, but the shots just kept bouncing away from him.

Kentner drew a penalty and Guelph applied the pressure. Lindsay and Terry failed on their effort. At 12:06 Kentner gave I. Marzo a pass, and the flashy right-winger broke the tie. Greer slid down the post to sit on a close one, and Guelph plastered a couple more at him that seemed close. The third goal for Acton was by Terry at 15:30, on an assist by Lindsay. Lindsay missed the corner, but got his counter at 17:27 on an assist from Terry. Mooney was beat by Gemmell on his effort and just as the bell ended the period. Ezard scored on a solo effort, and the referee decided the goal counted, and the score stood at 5-1. Guelph argued, before the second period started, on that last goal, and Acton didn't press the point so the score was not allowed and went back to 4-1. Walters was close on Terry's pass, and Lindsay missed when he had only Gemmell to beat. Meron went to the cooler for dumping Walters and Ezard followed him. Kentner was close and Ezard missed when he was right in. R. Sloan was beat on his effort by Greer. It was a lovely rush. Gemmell won the decision from I. Marzo and the same player shot over the net when he had only Gemmell to beat.

Plenty of pep went into this section of the play. I. Marzo got a counter from Terry's pass at 12:40, and Gemmell had no chance on the score, and beat Beatty nicely on his effort, and Lindsay shot wild when he had only Greer to beat. I. Marzo was right in but Gemmell beat him. The sixth goal came from Lindsay at 18:55 on Terry's assist. Acton was sailing along smoothly and Guelph wandered around like a bunch of sheep without a leader. The locals were easy 5 goals better.

Lindsay's first effort in the third period went on top of the net and stayed there until play was stopped. His next effort hit the post. Terry missed with only Gemmell to beat, and Greer went down to save nicely. Beatty was right in but Greer beat him and Gemmell did the same for Terry and Lindsay. At 9 minutes Mooney scored from Ezard's pass. Couling drew a penalty. Acton tried to take the man advantage but didn't score. Couling, at 14 minutes, hit the corner for Guelph's second counter of the night.

Beatty missed again with only Greer to beat. At 17 1/2 minutes Mooney and Ezard combined for No. 8 counter. Guelph put everybody down. Then Acton did the same and at 18 1/2 minutes bulged the twine for No. 9 goal, and on his night's play Jack deserved a goal. R. Sloan shot with his effort, Gibbens gave I. Marzo the assist for No. 10 at 19 1/2 minutes, and so it ended, 10-2 for Acton, and sort of a sweet revenge. The game was clean and play was fast. Both teams went at full speed and wide open with note of the defensive type of game.

The line-up:  
Guelph—R. Gemmell, goal; McMillan and Brill, defence; Kaiser, centre; Meron and Ridley, wings; Couling, R. Sloan, M. Sloan, B. Gemmell and Beatty, alternates.  
Acton—Greer, goal; Walters and Kentner, defence; Terry, centre; I.

The regular meeting of the Dublin Literary Society was held at the school on Friday evening, with the President, Walter Linham, in the chair. The roll call was answered by naming a Canadian industry and its headquarters. After other business matters were attended to, Frances Mullin was called upon to act as chairman for the following program: A recitation by James Robertson, entitled "The Three Pigs," followed with a piano duett by Dorothy Frank and Wilda McLaughlin. A reading was given by Isabel Brims, followed with a mouth organ selection by Annie Kelly; Two humorous monologues were given by Mr. Will Sayers. Some very interesting lantern slides were given by Mr. A. T. Brown. A solo, with guitar accompaniment, was rendered by Jim Davies, followed with a reading by Mrs. Brownlow. A chorus by the Public School children, entitled "The Piper," was another number. Bill Carnahan gave a humorous reading, entitled "A Mixed Sale," followed by a recitation by Eleanor Ross.—Lunch was served—and the remainder of the evening spent in dancing.

### Chief Scorer of Ranger's Rookie Squad

Rookie on Lester Patrick's New York Rangers are certainly going places in a hurry. Neil Colville of the rookie line of the Colvilles and Shibley, is well up with the scorers of the National Hockey League. He is following close on the heels of such established scorers as Larry Aurie and Marty Barry of Detroit, Johnny Gagnon and Sweeney Schriner. Colville was brought up with his brother and Alex Shibley from Rangers' farm team, Philadelphia Bombers, this season. The sensational Mr. Colville is dislabeled here.
