

HIGHWOOD HAPPENINGS.

Born to Mr. and Mrs. Gus Eustrom, Wednesday evening, a son.

We understand that J. S. Lane intends to retire from business soon.

Mr. Carron, of Lake Forest University, spent Sunday at the home of E. L. Webster.

*C. E. Dingle, who has been spending the holidays with relatives in Canada, has returned with his family.

Francis Pease quietly celebrated his 16th birthday on Thursday to the great discomfiture of the "boys." No accident reported.

A small party was given at Miss Helen Smith's last Tuesday evening. Though the attendance was small, there was fun enough to keep the whole town laughing for a week.

The regular meeting of the Village board was held Tuesday evening. Routine business only was transacted. Several bills were ordered paid and James Golden was appointed police vice Albert Burke resigned.

The Good Templar's County Lodge will be held Sunday afternoon. The oratorical contest will be held Saturday evening at the lodge rooms. Representatives from all over the County are expected to take part.

There was a poster writing contest of the Good Templars at Winter's store, early this week to see (to quote poetry) which could construct the most colossal lie. Although in this case the lie was wanting, yet the ardor of the contestants was wonderful to behold. The results of the contest are posted on every fence post.

Mention of Prof. Samuel entertainment intended for last weeks NEWS, failed to make connections with the office. However, the performance was interesting and puzzling, although the attendance was not as large as it might have been. About \$25.00 was taken in, part of which is for the benefit of the Fort Sheridan Athletic association.

HIGH SCHOOL NOTES.

The lecture on Jerusalem was enjoyed by several from the High School.

The freshman class finishes Physiology this month. They begin Zoology next.

On a ten above zero morning the Highwood girls come in with roses on their cheeks and life in their veins, while the Park girls who do not walk enough to warm themselves up, crowd around and say, "Oh, you poor thing, aren't you most frozen?" and "I don't see how you stand it this weather." The brisk

walk in the morning makes them feel good the rest of the day.

Miss Stewart has gone into the electrical instrument manufacturing business. She is saving money for the trustees, so that they can put it into a new building next year. We are nothing if not economical.

RAVINIA ITEMS.

L. M. Comstock has returned from visiting at Englewood.

Mr. and Mrs. Thomas R. Daggitt, who were visiting relatives here for the past month, have returned to home in Berrien county, Michigan.

It is announced our former pastor, Rev. C. A. Dodge has taken unto himself a wife. 'Tis strange, but true, Mr. Dodge is the fourth minister to get married very soon after leaving Ravinia.

The school site on Dean avenue has been cleaned up and several cords of wood are ready for use. It is expected that the new brick building will be ready for occupancy at the beginning of the next school year.

It is entirely unnecessary to say that the Ravinia Improvement Society is gaining in popularity. At the meeting Monday evening the audience was the largest on record, people being present from Highland Park, Glencoe, Evanston, Idlewild and the west side. Notwithstanding the large number present and the long business meeting, there was no impatience exhibited and applause came freely upon the slightest provocation. The most important items of business brought up were the paying of bills, an amendment to the by-laws, and the election of officers. J. J. Hesler, who has so ably presided over the society for two years, was again elected to that office; W. C. McKenzie, vice president; W. R. Boerner, treasurer, and Gustave Boerner, secretary. The standing committees upon sidewalks, light and water were slightly altered from the previous year. An excellent program was rendered. The next meeting of the society will be on Feb. 8.
