Handsome new patterns at Miss Erskine's.

Take Sweetland's Celery headache powders; use no other.

Have you seen the new pattern hats at Miss Erskine's?

Twenty-minutes knocks out with Celery Headache powders.

The Foresters had an "open" meeting last night in their hall, over Mrs. Bock's store. There was a large attendance and everyone seemed to enjoy the program.

It is reported that L. O. McPherson, the electrician, machinist, engineer, ex-alderman, etc., will go abroad this summer, presumably in the interest of the Gray telautograph on the other side of the water.

It looks very much as though Clarence P. Murray of the county capital, would soon be selling postage stamps to the aristocrats of that city. If so, Waukegan will have a first class postmaster, as her citizens know by happy experience.

Mrs. Fred W. Schumacher was taken severely ill with fever a week ago, and has been in a very serious condition some of the time. At last accounts her symptoms were more favorable. Dr. Bergen is in attendance and will not give up till the last.

As a result of Mrs. Morford's address last week on "Art in the Schools," an art association has been formed, with about 100 school children as members. Next Tuesday, the 25th, at about 3 o'clock, there will be a meeting of those interested, in the ambiv hall at the public school. Let everyone be present.

Martin Hart had the misfortune yesterday afternoon yesterday afternoon to fall into and through the heavy plate glass window beside the entrance into D. C. Purdy's store. The glass is 8 feet high, 3 feet wide and 3/8 inch thick and must have cost nearly \$40—perhaps less will replace it. The wonder is, as his head was thrust through it, that he escaped without severe if not fatal injuries.

The Ossoli club met Thursday afternoon in the club house, with a good attendance. Miss Frances Van Schaick read a paper on "Color." She is known as a very bright, capable young lady, with some definite ideas of her own, which she can express in clear, terse and lucid English, and it is enough to say she did not disappoint her hearers. Not being present, we cannot give an analysis of the paper, but it is highly spoken of by those who did hear it.

Take Celery Headache powders for a safe and quick cure.

Wanted—I want about 20 young heifers at once. Good prices paid. Apply to John Mooney, P. O. Box 102 Highland Park, Ill.

There are two bad spots in the new cement sidewalks laid last fall. One is at the east end of George D. Boulton's, and the other at the west end of Mrs. Leach's walk. The sand underneath was not properly tamped down and under the heavy fall and winter rains the walks have settled from two to three inches, so that now during a rain or thaw the walks are from one to three inches under water. The contractors should be called upon to make proper repairs.

**RAVINIA ITEMS.**

J. J. Hesler has been making extensive repairs on his house.

Charles Campbell, formerly of Ravinia, made a brief visit with Mr. and Mrs. Stark last Sunday.

Mrs. Wightman is at work getting a piano for the Home, since the doctor has taken his to the other house. All friends are invited to assist in any way possible.

From appearances Ravinia will furnish its full share of nominees for public offices in the spring election. J. C. Coe is spoken of for supervisor, L. M. Comstock for justice, Carlton Grant for constable, and last but not least, we shall have representation in the council through Dr. Ingalls as alderman of the Third.

Mr. Brown, late of Washington D. C., now at Evanston, addressed the men at the Home Sunday. Mrs.

Catlow and Mr. Delanti were also visitors; the latter enjoys the distinction of being the first inmate of the Home. He is a jeweler, having learned the trade and become independent.
