

RAVINIA ITEMS.

Work on the Inman house is progressing as fast as can be expected, considering the roads and the difficulty of teaming.

George Hyndman bade adieu to his many friends here and started for Montana last Monday. He has a position as telegraph operator at a station near Helena.

The election held at the school house last Saturday resulted in a majority vote against building a \$3,000 school house on the lots purchased. The ballot was 24 against the proposition, 12 in favor, and 4 defective ballots cast. The directors have gone to the expense of purchasing the lots and clearing them, and have also purchased brick and sand sufficient for the building and have also an offer from a contractor to furnish the balance of the material and do the labor so that the building would not cost over \$2,000. It is apparent that for the best interests of the town, the question should come up for another vote, hence the board expect to again submit the question with slight alterations for the approval of the people.

The Epworth League Social at Mr. Geherty's last Friday evening was a very enjoyable affair, sufficient evidence of which was shown by the fact that it was 11:20 before the party broke up and dispersed. After the League business meeting and a short literary program, the evening was spent in games, and a good social time was the fact as well as the order. After the program Mr. Kellogg made a speech and presented a splendid new Bible to the pastor Rev. E. J. Heathcote. The Bible is a "Variorum" and was accompanied by a five dollar bill, both of which were contributed by the friends of Mr. Heathcote at Ravinia and the Railroad Men's home. Mr. Heathcote responded expressing his high appreciation of the gift and the friendship of all. Lemon ice was served by the social committee.

EASTER GREETINGS.

.....1897.....

I take great pleasure in announcing to my patrons, that about April 1st, I shall open my new store or the "Annex," which will practically give me two full-sized stores, both fronting on Central avenue, both well-lighted and easy of access. The two stores will be connected with a large double doorway. The "Annex" will be devoted exclusively to Dry Goods and Shoes, making it a fully equipped ladies' store, with a complete assortment in every line.

With nearly double the room in the Grocery Department, my stock there will be greatly enlarged in quantity and variety and always of the best grades. This will make mine emphatically a "Family Store," where all your household and family supplies, except Meats, can be secured and everything at reasonable prices.

Goods will be delivered to all parts of the city carefully and promptly. Grateful for your generous patronage in the past, with the increased facilities above-named, I solicit a continuance of the same.
