

LOCAL AFFAIRS.

F. E. Wixom of Chicago, was in town Wednesday looking after subscribers to the International Cyclo-pædia and one other fine work.

George Brown and his men are putting the lawns of George D. Boulton and Frank C. Brown in order for seeding. He says the "early bird catches the worm"—that's why he starts his work in season.

Miss Virgie Field, who is on her second year in the University of Chicago, spent Sunday in the Park among her many friends. She will go east to visit her friends probably in June.

Evans Brothers have had so many calls for the celebrated McLaughlin coffees that they have put in a supply and hereafter will keep them in stock. When you read this, order a pound or two as a sample; their phone is No. 46. If you are not abundantly satisfied you can give us a piece of your mind over phone No. 8.

Mrs. David Inman has been in her new home on Second street just below Laurel avenue a couple months and already she is having the usual experience of people who own a fine home with all the modern improvements, of large light and airy chambers, bath room, city water, and good sewerage, people want her to open her home to roomers and boarders. We don't ask anything for our judicial opinion, but we will say to Mrs. Inman you will come to it: it is inevitable, that has been our experience; such choice accommodations are scarce. Our advice to those seeking a good place to go there at once. Be sure you get good boarders, Mrs. Inman, and then be sure of your pay, there are some dead beats abroad, some quite fashionable ones, too.
