

HIGHWOOD HAPPENINGS.

Miss Julia Moore visited friends in Glencoe Thursday.

Mr. and Mrs. Denslow will return from their eastern trip in about two weeks.

Harry Clampitt and wife have returned from their week's visit to the Lakes of Wisconsin.

Harry Evans and Henry Brownlee are expected back from their Ohio bicycle trip this week.

A new crosswalk has been laid at the corner of High street and Prairie avenue where it was much needed.

Mrs. Nelson Mowers was called to Chicago last week by the sickness of a relative. She returned Saturday.

Mrs. W. D. Lighthall returned from the hospital in Chicago in a greatly improved state of health last Sunday.

Miss Meyer of Dayton, Ohio, returned to her home Thursday after a two weeks' visit to her sister, Mrs. O. F. Bell.

"It is a curious fact that one of the sons of our most prominent temperance agitator should see snakes in Sunday School," was the remark made by a bystander when Ernest Gail found a foot and a half snake in an old unused organ in the Methodist church last Sunday.

One of our citizens being in sore straits, his wife procured a dollar from the local Ladies' Aid Society. Then Mr. Blank appropriating the needful, started for oblivion by way of the beer glass, but took his way back to earthly things, under the beneficial influence of the jail.

It is said that work will be begun on the new electric road will be begun here next week. The bond put up by the company will soon be satisfactorily settled. As the board was not satisfied with one of the signers of the old bond, Mr. Loss agreed to get another name to preserve harmony.

There has been a sudden influx of tandems in this neighborhood. At least three men who have hitherto ridden single or not riding at all have suddenly become sensible to a feeling of companionship, not to be partaken of by the lone riders. Nevertheless, tandem riding has its disadvantages. "Its a good thing but its too much to push along up hill."

The regular meeting of the board occurred last Tuesday night. Bills amounting to about \$55 for repairs on streets, etc., were O. K'd and paid. A letter was read by President Hogan from Mr. Grudevant, who said that owing to press of work

he could not submit the complete specifications for the new city hall until the next meeting. The bond of Treasurer McDonough was submitted, but as he had not qualified within the ten days limit from the time of his appointment last month, he was again confirmed and given ten days more to file his bond. The salaries of the officers and policemen were also paid. The president called the attention of the board to the trap door in Mr. Breakwell's sidewalk and said that he did not think that such a thing ought to be permitted unless Mr. Breakwell should get special permission from the board and give a bond to indemnify the village from any damages sustained on its account. The meeting then adjourned.

RAVINIA ITEMS.

Miss Allie Woodyard from Denver is staying with her mother, Mrs. W. P. Lucas.

A picnic party from Chicago occupied the grounds at Mr. Neist's the other day.

Miss Vera Skyles of Highwood has been visiting Mrs. G. Baker for a few days.

The lumber for the sidewalk on Carey avenue is on the ground ready for the carpenters.

Rev. E. J. Heathcote and O. G. Kellogg and family spent last Saturday and Sunday at the Des Plaines camp meeting.

The meetings at the church for next Sunday will be as usual. Pastor Heathcote took a day off last Sunday at Des Plaines and so there were no evening meetings.

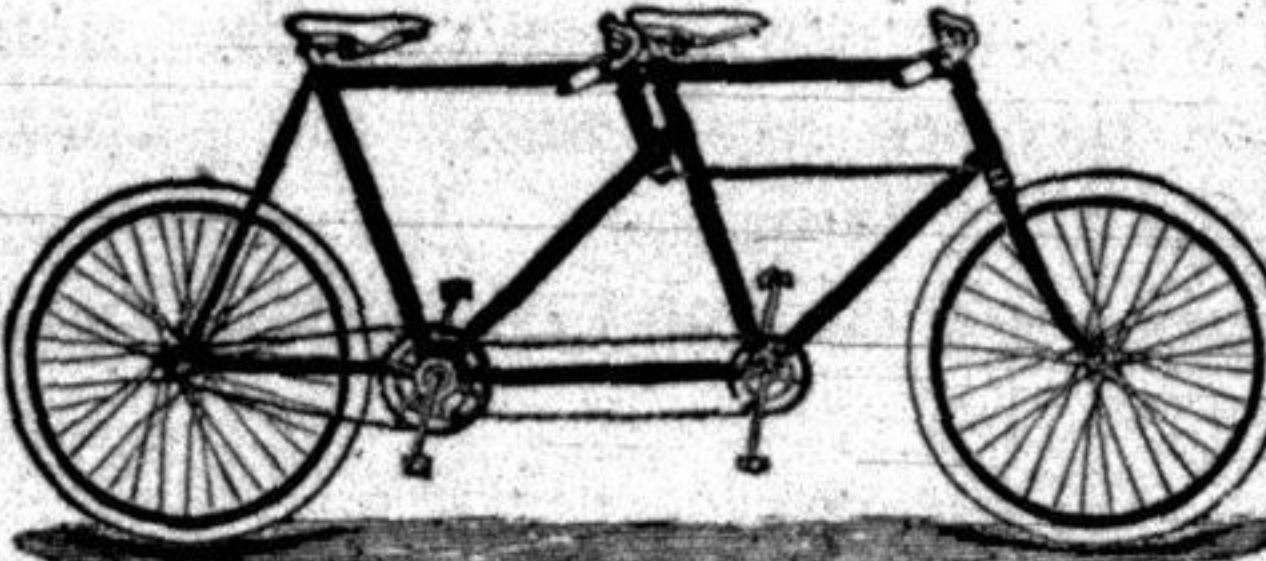

Mrs. S. J. Willoughby entertained her brother, E. T. Burbank of Du Quoin, for a few days last week. Mr. Burbank being a member of the Naval Marine service during part of the war, came to Chicago to take part in the Logan celebration.

The new school house is rapidly nearing completion. The brickwork is all finished and the carpenters are busily at work putting up the woodwork inside. The new well has a pump in it and all who will may come and drink, providing they have sufficient muscle to raise the water.

Mrs. Ordway and family moved to Waukegan on Wednesday. Their removal was necessary on account of the lack of a suitable house here. This scarcity of houses ought to be an inducement to some men of business sense to build several suitable houses at moderate expense which would, without doubt, soon prove a profitable investment.

Last Wednesday was a red letter day at the Railroad Men's Home. A special train brought out a large number of railroad men from Chicago, who spent the day visiting their old friends and new ones who are living here. Special preparations had been made for the enjoyment of the men whom they visited.

WE MAKE Wheels,
Quality Guaranteed the Best. Too!

STYLES:
Ladies', Gentlemen's & Tandem.

The Lightest Running Wheels on Earth.

THE ELDREDGE
 ...AND...
