OF LOCAL INTEREST.

Edward Ingalls and Mr. Clayton
are painting the water tower.

Miss Lilian Freie has returned
home after spending a few weeks in
the western suburbs of Chicago.

The board of Supervisors met
Tuesday in regular session, and then
adjourned to attend the county fair.

Mrs. A. J. Noerenberg and Mrs.
P. W. Geherty gave a party in honor
of Miss Hannah Smith, of Chicago,
Wednesday evening.

The semi-annual Christian Endeav-
or convention of Lake County will
be held at Ivanhoe, September 25th.
Convention will be called to order
at 10 a. m.

Miss Stewart and Miss Douglas,
the High school teachers, returned
last Saturday to take up work again.
They are looking fresh and vigorous
after their long vacation.

We understand our friend, Levi
M. Comstock at Ravinia, thinks the
enhanced value of Mr. Bull's lot re-
cently sold is owing to the erection
of the fine new school house in the
next block south.

We see that those truly great and
good men, Theodore M. Clark and
Lewis B. Hibbard have been selected
by the county board to represent
Deerfield in the grand jury at the
next term of court.

We regret that circumstances over
which we had no control prevented
our attending the county fair; but as
everybody else went we were not
missed, and the fair was a magnifi-
cent success, all of which was de-
served.

Some one wants to know how
many elm trees there are in the Samp-
son parkway. From Frank B. Green's
corner to the Lake front there are
fifty, on an average six inches in di-
ameter and worth at least \$5.00 each,
so preserve them.

Editor Hall of the Waukegan daily
Herald, wants a modern house in a
good neighborhood. We have sev-
eral first class modern houses, sir;
and as to the good neighborhood, we
have no others in this city. Steam
and electric cars, the latter will land
you at your office door.

Apropos of the new well they are
boring at the Ravinia new school
house, we call attention to the fact
that the artesian on Prof. Gray's lot
is diminishing in flow from some
cause, and also that George B. Cum-
mings had one or more bored on the
Van Ripper lot without success. Does
the "drying up" of the Gray well
prove that its sources up in the Mich-
igan pineries are drying up also from
cutting off the timber?

Buttericks patterns for sale at Miss
Erskine's.

On the petit jury our town will have
Daniel Cole, John Freberg, Chris.
Ebertfield, James Higgins, Lucian
J. Rice and D. A. Holmes, men who
will carefully weigh all the evidence
and render proper verdicts.

Business is just booming at Robert-
son & Nolan's. Three car loads of
lumber are in transit for their yard,
besides four cars of coal and one of
kindling. Their success is built up-
on the solid basis of square, fair deal-
ing to all parties.

The high school opened this week
with an attendance of 66. These
pupils are seated in 54 single seats.
New seats have been ordered, how-
ever, and by the beginning of next
week it is hoped that there will be
no hindrance to good work.

Col. Samuel H. Bradbury, the
genial editor of the Waukegan Pat-
riot, has the gold fever. We caution
our versatile neighbor against the
seductions of filthy lucre. What
would the unterrified of Lake County
do if he should perish in the Klondyke
fields? "Sam, don't!"

As an evidence of the upward
tendency of real estate in this city
we note the fact that the south half
of lot 61 in South Highland Park,
for which the owner, Charles M.
Bull of New York, could not get an
offer of \$1000 during the last three
years, has just realized \$1200—a
valuable piece of property.

Daniel Collins happened to cast
his vision out over the lake Sunday
morning when he saw what seemed
to be a human body floating in the
water. Constables Edwards and
Rudolph took the matter in hand
and found it to be the body of Oscar
Linn, a Swede, 37 years old. He
seems to have committed suicide by
throwing himself into the lake sev-
eral days before.

Supervisor A. W. Fletcher is in at-
tendance at the County Board meet-
ing this week. While there he will
see his associates vote \$2,800 for a
steel bridge at Libertyville, while
men in this city could build a good
oak pile one for \$300 that would last
ten years without repairs except
plank which must be renewed on the
steel bridge the same as on the pile
one. The interest on the \$2,500
saved by a pile bridge would be \$150
a year, or \$1500 for ten years. That
is the county could build a new pile
bridge every ten years, and have
from \$1000 to \$1200, interest money
left, while it will cost something to
keep up a steel bridge. But then the
heart of the county is an important
place and needs nice things.
