

HIGHWOOD HAPPENINGS.

Miss Belle Mowers spent Sunday in Chicago.

Mrs. Prentiss and Mrs. Bond of New York, are visiting Mrs. J. R. Bowman.

Willie Matthews was sick the early part of the week with a light attack of scarlet fever.

The Fournier family moved last Friday from the house on Highwood avenue, to Chicago.

Miss Norah Butterfield and Miss Blanche Vuille of Libertyville, visited Highwood Lodge I. O. G. T., last Monday evening.

Sparks, from an engine, caused a fire in the woods just north of the picnic grounds last Sunday. It was put out with much difficulty after it had destroyed about 200 feet of sidewalk.

Two cases of J. B. Denman vs. E. S. Gail, appealed from Judge Hibbard's court to Waukegan, have been decided in favor of the defendant, J. B. Denman, thus imposing upon the plaintiff the payment of the costs.

A basket social was held at the Good Templar's rooms last Monday evening. Owing to the weather, only a few were present. R. E. Winter auctioned off the baskets at an average price of 60 cents. Everyone enjoyed himself, however.

The regular meeting of the board took place last Tuesday evening. The regular business was transacted, bills paid, and an order was issued to instruct the electric road people to finish their work as they go along, for it had been stated that they intended to leave part of the work till spring.

HIGH SCHOOL NOTES.

Samuel Hole has been absent this week on account of sickness.

Stanley Runey, whose parents have lately moved from Waukegan to live in Highland Park, has entered the high school.

Classes in American literature have been started. The first year class is to study "Snow Bound;" the second year class, "Silas Warner," and the third year class, "The Last of the Mohicans." The pupils are provided with neat linen-bound copies of the books. The plan is to have each pupil when he leaves the high school, the possessor of a few good books with which he is thoroughly familiar, and which may form a nucleus for the foundation of a library.

FLANNERY-SMITH.

There was a pleasant west side wedding last evening, October 14th, in St. Mary's church, when Father Madden united in holy wedlock Mr. Matthew Flannery and Mrs. Johanna Smith, both of this city. The groom is one of the artisans of the Park, and has worked for some time with W. P. Lucas.

After a brief wedding tour they will make their home just south of Ravinia, where the groom will engage in horseradish raising for the export trade. The parties are well known here as worthy, industrious and frugal people.

THE ELECTRIC ROAD.

The electric railroad track is about 12 to 16 inches below the surface of the street all along in front of the railway depot grades. It will have to be bridged with a drop or swing bridge, or fenced in on both sides, and how foot passengers will get across we don't know, unless steps are built down to the track on either side, about two steps down. This is a wonderful age of improvements.

Just after the above was in type a new light struck the authorities of the road and the track was raised to the old street level, being filled under it more than a foot in some places. This will save cutting down the street from 12 to 30 inches when we come to pave it.
