Mrs. William Millard was a Waukegan visitor Monday.

George Bogart, Evanston's defaulting city clerk, plead guilty to embezzlement Friday last and is awaiting sentence.

Winter "set in" Tuesday in good earnest, the ground was a little white and frozen hard, while the thermometer registered only 14 above.

Pastor Thoren left Tuesday morning for Terre Haute, Ind., where he conducts a two weeks' gospel service, for which extensive arrangements have been made.

The club folks had a dance last Thursday night. Mrs. Frances Jones and Miss Ethel Turnley were the committee in charge. It was one of the swell affairs of the season, and not being Saturday night the dancers could linger as long as they liked.

The Electric Light company is in a highly prosperous condition, as is evidenced by its large and frequent dividends, but more especially by the arrival to the home of its superintendent, Arthur L. DuBois, of a 12-pound daughter Monday morning, Nov. 22. We congratulate our friend in his increased responsibility and dignity.

Mr. Fred Rassweiler of Naperville will speak at the First United Evangelical church next Sunday, both morning and evening. The morning discourse at 10.45 o'clock will be on the subject of "Missions" and in the evening on "The Tenth Legion", Mr. Rassweiler is a consecrated young man, ready to go into the foreign field.

Two prospectors from Germany recently visited Libertyville, investigating the possibility of locating a sugar beet factory in that village. After careful inspection of the climate and soil, they concluded it was a favorable place for the cultivation of beets. Such an industry would be a valuable thing for Lake County.—Waukegan Daily Sun.

We have received a 24 page pamphlet program and premium list of the State Dairy Association to be held in Rosebud in Randolph county, some five and thirty miles below St Louis, January 11 to 13th, 1898. Of course the dairy is one of the leading industries of the state and the association will attract large attention, not only in but outside of the state. Its place of meeting seems a good way off to us and we hope it will have a good moral influence on St Louis.
