THE DISTRICTS IN COOK COUNTY.

The political complexion of the newly apportioned Cook county legislative districts, based on the presidential election of 1896, which, it must be remembered, was a republican landslide, would be as follows:

District.	Rep. vote.	Dem. vote.	Plur.	District.	Rep. vote.	Dem. vote.	Plur.
First	13,673	12,443	1,230	Eleventh	14,623	9,531	4,092
Second	14,439	11,170	3,269	Thirteenth	7,089	6,857	232
Third	23,579	15,925	7,627	Fifteenth	8,326	10,005	1,679
Fourth	12,409	12,143	266	Seventeenth	15,374	11,443	3,931
Fifth	21,945	12,757	3,509	Nineteenth	8,301	8,168	133

His One Point.

At a dinner one day the duke of Wellington was taking with the dogmatic John Wilson Croker, who contradicted him flatly about something which had occurred at Waterloo. The duke, knowing his man, submitted quietly; but not long afterward Croker again became offensively assertive in regard to percussion-caps. "My dear Croker," said the duke, with unruffled good humor, "I can yield to your superior information on most points, and you may perhaps know a great deal more of what passed at Waterloo than myself; but, as a sportsman, I will maintain my point about the percussion-caps!"—San Francisco Argonaut.

The Queen Dislikes Tobacco.

A funny little story is going the round regarding Queen Victoria and one of the members of the cabinet. Her majesty does not like the smell of tobacco, and the princes, her sons, have always been careful about smoking in any portion of the palaces where their mother is likely to become aware of what they are doing or have done. A few days ago some dispatches were sent to Windsor and an hour or two afterward they were returned by the queen's private secretary, who informed the cabinet minister that by her majesty's request the papers would have to be purified before she could peruse them, as they "smelt villainously of tobacco smoke."—Troy Times.

John A. Salzer Seed Co.'s La Crosse (Wis.) Great Free Exhibition Car.

These famous seed growers are out for a third annual trip through Wisconsin, Northern Illinois and Iowa with the Free Exhibition car of seed products. They stop at all principal stations in the rural districts and thereby give farmers opportunity to see what handsome things can be grown with good seeds. Be sure and visit the car when it is in your neighborhood.

Try Grain-O! Try Grain-O!

Ask your grocer to-day to show you a package of GRAIN-O, the new food drink that takes the place of coffee. The children may drink it without injury as well as the adult. All who try it like it. GRAIN-O has that rich seal brown of Mocha or Java but it is made from pure grains, and the most delicate stomachs receive it without distress. 1-4 the price of coffee. 15c and 25 cts. per package. Sold by all grocers.

Power of Portrayal.

"Why, man, I've had whole audiences fall to their knees in terror at my description of the day of judgment." The other exhorter smiled pityingly. "Ah, yes," he replied. "But the other night I portrayed the destruction of the world with such power that a man came up after the services and asked me whom he should see about the kinetoscope rights."—Detroit Journal.

Tremendous Exodus to the Klondike.

Despite the warnings of those who have been on the spot, and predict suffering in the Klondike region, thousands of adventurous Americans are wending their way thitherward. All of them should be provided with that medicinal safeguard, Hostetter's Stomach Bitters, which warms and nourishes the system, and prevents malaria, rheumatism, kidney trouble, besides remedying liver complaint, dyspepsia and constipation.

There is nobody who can splurge equally with a lot of boys from a small country town when they come to a bigger one.—Washington Democrat.

Rush to the Klondike.

The railroads are confidently expecting a big rush of travel to the Klondike in the spring. It is estimated that fully 100,000 people will attempt to reach the gold fields as soon as the winter is over, and with a desire to turn a nimble penny at every opportunity trunk lines are beginning to prepare for the expected rush. One of the first in the field is the Baltimore & Ohio Railroad, which has already begun the running of the through tourist car from New York City to San Francisco without change by way of Philadelphia, Washington, Parkersburg and Cincinnati, reaching St. Louis Wednesday evening, Texarkana Thursday afternoon, El Paso, Texas, Friday evening and San Francisco Sunday morning. This service is in addition to the one provided by the Baltimore & Ohio Railroad from Pittsburgh by way of Cincinnati and the Illinois Central to New Orleans and the Southern Pacific through to the coast, the Pittsburgh car leaving every Wednesday. The New York car on its return leaves San Francisco Monday evening, and the Pittsburgh car leaves on Thursday.

Crutches and cruel pains from Sciatica. From St. Jacobs Oil the cure of it.

For Croup,

asthma, bronchitis, or whooping cough, there is no remedy so sure and safe as Dr. Ayer's Cherry Pectoral. From the first dose its healing influence is manifest. The sufferer who has been kept awake by the cough falls into a refreshing sleep, and awakes strong and refreshed. Dr. Ayer's Cherry Pectoral is acknowledged to be a specific for all pulmonary complaints. Physicians praise and prescribe it.

This standard remedy for coughs, colds, and all diseases of the throat and lungs, is now put up in half size bottles at half price, 50c.

"One of my children had croup. One night I was startled by the child's hard breathing, and on going to it found it strangling. It had nearly ceased to breath. Having a part of a bottle of Ayer's Cherry Pectoral in the house, I gave the child three doses at short intervals, and anxiously waited results. From the moment the Pectoral was given the child's breathing grew easier, and in a short time it was sleeping quietly and breathing naturally. The child is alive and well to-day, and I do not hesitate to say that Ayer's Cherry Pectoral saved its life."
C. J. WOOLEFIGE, Wortham, Tex.

MURALO WATER COLOR PAINTS

FOR DECORATING WALLS AND CEILINGS Purchase a package of CALCIMO from your grocer or paint dealer and do your own kalsomining. This material is made on scientific principles by machinery and milled in twenty-four tints and is superior to any concoction of Glue and Whiting that can possibly be made by hand. To BE MIXED WITH COLD WATER.

If you want something extra, buy some **MURALO** from the same dealer. This material is a HARD FINISH to be applied with a brush and becomes as hard as Cement. Milled in twenty-four tints and works equally as well with cold or hot water. Send for sample cards and if you cannot purchase this material from your local dealers let us know and we will put you in the way of obtaining it.

THE MURALO CO., NEW BRIGHTON, S. I., NEW YORK.

N. B.—The attention of the trade is called to the fact that a man by the name of Church goes through the country trying to intimidate purchasers of our material by telling them that our paints are an infringement on his material, which he calls "Alabastine." We are advised by our patent counsel that his material when used with cold water is an infringement upon ours. We have invited Mr. Church to support his contention by suit against us and have volunteered to accept service of any papers he wishes to serve so as to save him trouble, that his pretended rights may be tested in the courts. This he refuses to do, but nevertheless continues his misleading statements, which course, under the circumstances, we believe will be condemned by all reputable dealers.
