There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease, and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by E. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. FIBROID TUMOR CONQUERED.

Expelled by Lydia E. Pinkham's Vegetable Compound—Strong Statement from Mrs. E. A. Lombard.

One of the greatest triumphs of Lydia E. Pinkham's Vegetable Compound is the conquering of woman's dread enemy, Fibroid Tumor.

The growth of these tumors is so slow that frequently their presence is not suspected until they are far advanced.

So-called "wandering pains" may come from its early stages, or the presence of danger may be made manifest by excessive menstruation accompanied by unusual pain extending from the ovaries down the groin and thighs.

If you have mysterious pains, if there are indications of inflammation or displacement, don't wait for time to confirm your fears and go through the horrors of a hospital operation; secure Lydia E. Pinkham's Vegetable Compound right away and begin its use.

Mrs. Pinkham, of Lynn, Mass., will give you her advice free of all charge if you will write her about yourself. Your letter will be frank by women only, and you need have no hesitation about being perfectly frank.

Read what Mrs. E. A. LOMBARD, Box 71, Westdale, Mass., says: "I have reason to think that I would not be here now if it had not been for Lydia E. Pinkham's Vegetable Compound. It cured me of a fibroid tumor in my womb. Doctors could do nothing for me, and they could not cure me at the hospital. I will tell you about it. I had been in my usual health, but had worked quite hard. When my monthly period came on I flowed very badly. The doctor gave me medicine, but it did me no good. He said the flow must be stopped if possible, and he must find the cause of my trouble. Upon examination he found there was a fibroid tumor in my womb, and gave me treatment without any benefit whatever. About that time a lady called on me and recommended Lydia E. Pinkham's Vegetable Compound; said she owed her life to it. I said I would try it, and did. Soon after the flow became more natural and regular. I still continued taking the Compound for some time. Then the doctor made an examination again, and found everything all right. The tumor had passed away, and that dull ache was gone."

Spring is the Time

When Impurities in the Blood Should Be Expelled

America's Greatest Medicine is the Best Spring Medicine.

In winter months the perspiration, so profuse in summer, almost ceases. This throws back into the system the impurities that should have been expelled through the pores of the skin. This and other causes makes the blood impure in spring. Boils, pimples, humors and eruptions then appear or some more serious disease may take its start. Hood's Sarsaparilla is the remedy for impure blood in all its forms, as proved by its marvelous cures of blood diseases. It is therefore the medicine for you to take in the spring. It expels all humors, and puts the whole system in good condition for warmer weather.
