

**NEWSLETS.**

Doc Purdy has secured the agency for the Sudan, one of the finest wheels made, for the money — \$50.

Mrs. Erricson, who formerly lived in the Cushing house, died last week in a Chicago hospital, where she had been undergoing an operation.

Today is Arbor Day and was observed in the public school with appropriate exercises, the particulars of which the News will endeavor to publish in its next issue.

Mrs. A. G. McPherson, who has been suffering with the grippe for a few days, was much worse last night requiring three visits from Dr. Bergen. She is slightly better today.

T. J. Lennon, who has opened a boot and shoe repair shop over John Mohr's barber shop, reports business as booming, he having all he can attend to. He is a good workman; give him a trial.

Alderman Phillips won't speak to poor common folks long; his house will soon be ready and when he is fairly settled in it, good by to common sinners like us. Let us down easy, neighbor: we know what it is to be proud ourselves.

Aldermen Obee and Grant have reason to feel a bit proud of the handsome endorsement they received from their friends and neighbors Tuesday. Some people have styled that ward the "tough fourth," but we don't see where the "tough" comes in—perhaps some others can.

If you import cheap laborers and mechanics from Chicago to do your work and get a snide job or cheated in any other way, as so many others have been before you, don't ask the News for any sympathy. We are not wasting our sympathies on such folks or such proceedings. Oursympathies are for Highland Park working men.

Alderman-elect St. Peter has our sympathy: he was born up in Canada. So was the editor of the News and so was Archibald W. Fletcher and both of them have had a hard time in the council. That august body seems to be "down" on the Cannock. Now, Alfred, prepare for a rough time, these yankees feel mighty smart, but we fellows born over the northern border know a thing or two yet, as the yanks will learn by and by; stand to your guns Alfred.

**HIGHWOOD AND FORT SHERIDAN.**

An elegant colored button of yourself given this month, with every dozen photos taken at Hartwell's studio.

Now that both tickets are elected—the top of the "Peoples," and from the top down on the "Citizens"—all growls will be speedily settled.

There were so few votes against the public library in Fort Sheridan village, the clerk can't count them. Good for our old bailiwick; the people up there have lots of good sense yet.

Saturday morning, at 2 o'clock, the call to arms was sounded. Owing to the government calling for bids for transportation, the boys were unable to get away until Tuesday and Wednesday.

Captain McCarthy, Q. M., left for Tampa, this morning. Captain Wolfe and sixteen men will guard the government property. All but seven prisoners have been discharged, by order of the authorities at Washington.

Sergeant Hubb, of B Co., who had a three months' furlough, was visiting friends in Pittsburg when notified to join his company. He arrived at the Fort six hours too late, but was given transportation to Tampa by Capt. McCarthy.

One Zuehlke, of G Troop, when the first call was sounded donned his full dress uniform and deserted, and has not been heard from. Zuehlke has been in the

army about three months and previous to his enlistment was a dry goods clerk.

Quite a little excitement was created by Mr. Sweeney, when the workmen of the electric road attempted to lay the tracks in front of his corner, last Friday. He and his son ordered the men to stop work, but as his command was treated as a jest the men kept at work. Thereupon Mr. Sweeney sent for his howitzer, but it was not needed after the men discovered Mr. Sweeney meant business. The road officials were sent for and the matter was adjusted to the satisfaction of all concerned.

**MRS. JOHN DINGS.**

A respected inhabitant of Ravinia passed away, in one of the Chicago hospitals, in the person of Mrs. John Dings. The deceased had just got around after an illness of over five months; only, however, to be seized again by sickness which unhappily terminated her life, early Wednesday morning, the 20th, at the age of thirty-eight.

The funeral services were held on Friday, in the church of which she was a warm supporter, and later the remains were taken to Windsor, Canada, her native place, for interment.
