M. C. Conrad's two children, who have been ill with diphtheria, are rapidly recovering.

Miss Annie Stafford of Waukegan visited with her brother, George, in this city Wednesday.

Fresh cows for sale, rent or exchange, moderate prices at Allen's Dairy, P. O. Box 40.

Annie Nolan, who was reported as very ill with typhoid fever some few weeks ago, is very much improved.

Alderman Phillips has gone east for a week or so. He feels that it will be good for him to drink at the original fountains of our American civilization.

Winnetka was the scene of a sad fatality the other day when John Bolte killed his brother, Alonzo, five years old, while practicing shooting at a target.

Charles Boyd, one of the new motor-men on the Chicago and Milwaukee electric road has removed his family from Chicago to Highland Park, where he will hereafter make his home.

A. J. Gilbert of Chicago, a carpenter who has been at work on the Exmoor buildings, while riding from Highland Park to the Park on the electric car Monday, lost his balance and fell off bruising his leg. Dr. Ingalls attended and made him comfortable.

Are you a lover of good butter? Allen is selling a high flavored creamery butter, packed in jars, at 18 cents per lb., fresh from creamery and not equalled today in price or quality. Allen is the only man in Highland Park handling butter from this well known creamery.

We are glad to know that "Andy" the electrician has the contract for wiring the house of F. H. Swift of Lake Forest. It calls for 10,000 feet of lighting wire, nearly two miles and 2,000 feet of wire for bells and telephones. Mr. Swift is one of the big Chicago packers.

Martin Burns, an inmate at the Railroad Men's Home, died at that institution Wednesday morning. Mr. Burns, before coming to the Home two years ago had been a conductor. Services were held Thursday at 11 o'clock a. m., Rev. E. J. Heathcote officiating, after which the remains were shipped to his former home in New Orleans.

Earl Purdy achieved quite a little triumph a few days since. A gentleman and lady came in on a fine tandem that was a bit out of fix. They had taken it to two first class shops in Chicago and they could not remedy the defect. Coming out here some one told them that "young Purdy was a bright chap, perhaps he could do it." So to Purdy's they went and it took Earl less time than we are writing it to discover that one of the "connecting rods" was too long, or too short, so that between the man and his wife guiding, the tandem was all the time going astray. In five minutes it was repaired and made as good as new and the happy pair rode away singing the praises of Purdy, "that bright young chap."

Harvey and Paul McQuiston spent Sunday in the Park.

Dr. A. S. Alexander of Evanston, professor in Chicago Veterinary College, was a Park visitor Thursday.

We spent an hour very pleasantly one day this week in the Gray Electric factory, of which we shall say more another week.

Prof. Elisha Gray delivered a lecture in Lake Forest Monday, before the University people, on "Conservation of Energy."

We are informed that F. W. Cushing's family are expected back from Europe to occupy their own home ere the season expires.

Mr. Bairstow had a crew of men on his job of paving St Johns, Wednesday, and the work will be pushed through to completion at an early date.

Litigation seems to have been rife this week. Both the police and Judge Dooley's courts were busy Tuesday with a constable running from one to the other, and what was the gain?

The financial profit of sitting as jurors in a law suit is sometimes very great. Twelve men tried it Tuesday and lost in wages anywhere from one to five dollars each, while they received fifty cents each for services.

We can give you your choice of five houses and one neat cottage if you wish for a home for the year or season in this city. Two of the houses are new, up in prime order and the others are good homes, on choice streets. Phone up No. 8.

The finest display of apple blossoms we have ever seen in this region were on George B. Cummings' trees a few days ago. The tree tops seemed one solid mass of bloom, the green foliage being scarcely visible and the trees are large and tall.

Rev. A. A. Pfanstiehl had a compliment on his preaching the other day. An army chaplain at the front, a total stranger, sent him a postal saying he had just talked with a soldier who told him he had heard Mr. Pfanstiehl before he went to the army and he would not go and hear him again, as his preaching was too pungent and effective in making him see his sins and his need of Christ.

H. L. Bowen, our city consulting engineer has been appointed city engineer for Waukegan. Mr. Bowen is a very competent young man, and he has had large experience for a man of his years. When he began survey for their new dock, he made the somewhat surprising discovery that Lake Michigan is 18 inches higher than usual. That increase in a lake the size of ours represents a large amount of water.

Memorial Day services will be held this year as usual in the Presbyterian church Sunday next by the courteous invitation of that church. Special interest will attach to the services and occasion this year in view of the fact that the sons and kindred of the veterans, as well as some of the younger veterans, are bearing arms in their country's service, though for the liberation of another people from the curse of Spanish rule. Let us all attend not only out of respect to the memory and deeds of the heroes of that earlier strife, but in commemoration and approval of a like heroism in the soldiery of today.
