THE DUTY OF MOTHERS.

Daughters Should be Carefully Guided in Early Womanhood.

What suffering frequently results from a mother's ignorance; or more frequently from a mother's neglect to properly instruct her daughter!

Tradition says "woman must suffer," and young women are so taught. There is a little truth and a great deal of exaggeration in this. If a young woman suffers severely she needs treatment and her mother should see

that she gets it. Many mothers hesitate to take their "My, no," was the reply, "we put in daughters to a physician for examination; but no mother need hesitate to write freely about her daughter or herself to Mrs. Pinkham and secure the most efficient advice without charge. Mrs. Pinkham's address fa Lynn, Mass.

The following letter from Miss MARIE F. Jounson, Centralia, Pa., shows what neglect will do, and tells how Mrs. Pinkham helped her:

"My health became so poor that I had to leave school. I was tired all the time, and had dreadful pains in my side and back. I was also troubled with irregularity of menses. I was very weak, and lost so much flesh that my friends became alarmed. My mother, who is a firm believer in your remedies from experience, thought perhaps they might benefit me, and wrote Vegetable Compound and Liver Pills as you directed, and am now as well as I ever was. I have gained flesh and have ever was. I have gained flesh and have a good color. I am completely cured of irregularity."

Disease

can be driven in or driven out. Dr. Ayer's Sarsaparilla drives disease out of the blood. Many medicines suppress disease-cover it but don't cure it. Dr. Ayer's Sarsaparilla cures all diseases originating in impure blood by purifying the blood itself. Foul blood makes a foul body. Make the blood pure and the body will be sound. Through the blood Dr. Ayer's Sarsaparilla cures eczema, tetter, boils, eruptions, humors, rheumatism, and all scrofulous diseases.
