some of the guests of their home, and

Tuesday an accident occurred on
the railroad near the water tank. A
drawbar came out on a freight car in
train going south about 9 o'clock. It
threw one car across the track derail-
ing two others. The wrecking train
quickly came from the city and about
noon the track was again clear.

John Nolan met with quite a pain-
ful accident at the factory Monday.
He was silver-plating a percussion
cartridge, when in some unexplai-

tering his hand. He is doing well
and is at his work again.

Another opportunity to visit Lake
Geneva, one of the prettiest of the
lake resorts in the northwest, will
be afforded the people of the Park,
Saturday, July 9th. The North-
Western will run another of their
popular excursions to that lake, leav-
ing here at 8:10, getting back about
the same time in the evening. There
is fine scenery en route. Plan to
take this trip. Remember the date,
Saturday, July 9th.

The Board of Education has not
yet secured a Principal for the city
school. Nine years ago a similar
state of affairs occurred respecting
the old Port Clinton school and the
Saturday evening before the school
was to open the committee came to
Ravinook. We engaged for five
days for the fun of the thing, and
did five months hard work, and en-
joyed it immensely. But Barkus is
not "willin' now; his pedagogical
days are in the past, but he can tell
how the thing should be done. Real-
ly teaching school is about the grand-
est work on earth.

Monday was "kickers day," that is
the day when tax-payers went up to
find fault with the assessor. There
was a very fair, rather full atten-
dance and several pretty "high kick-
ers," as they say of some dramatic
performers. On the whole however,
there was general satisfaction; it was
evident the assessor had tried to do
his work honestly and faithfully and
that goes a great way with most
people. Some of his valuations were
raised, and some of his valuations
lowered, but the overwhelming ma-
jority stood as Mr. Palmatier placed
them.
