Admiral Dewey Informs Commander of German Fleet That He Must Change His Course.

New York, July 20 .- A dispatch to the World from Manila, July 14, by way of Hong-Kong, China, says: Admiral Dewey sent a messenger to the German admiral recently to inquire whether America and Germany are at peace or at war.

If they are at peace, he demanded that the German warships here pursue a different course.

If they are at war, he wanted to know it, so he could govern himself accordingly.

Admiral Dewey was prompted to

send this peremptory message by the action of the German cruiser Irene in preventing an insurgent attack upon the Spanish garrison at Subig bay, which greatly displeased him. Admiral von Diedrichs, in command of the German fleet in the Pacific, returned a verbal answer which was apologetic in tone and satisfactory. But afterward he sent to Admiral Dewey a note stating that he objected to the Americans stopping German ships

The German admiral responded, still bjecting; and saying that he would ubmit the question to the senior offiers of his other warships.

Washington, July 20 .- It was stated t the navy department Tuesday that o dispatches had been received from dmiral Dewey relating to the imporant events at the Philippines decribed in the press cables. It is evient, however, that the officials do not ow feel the same concern relative to he attitude of the German naval pree at Manila that they did when ne admiral's last dispatch was chived. It was not so stated ficially, but there is good rean to believe that either through mbassador White at Berlin, or the presentative of the German governont here the state department has ceived some assurances as to the attude of Germany towards the Philipaes that have in a large measure reoved the grave apprehension heretore entertained that Germany would fer obstacles to the execution of our

SANTIAGO IS NOW UNDER OUR FLAG.

The Stars and Stripes Hoisted Over the Palace at Noon Sunday-Gen. McKibbon Made Military Govers nor-Arms of Toral's Troops to Be Retained.

Santiago de Cuba, July 18 .- Amid impressive ceremonies the Spanish troops laid down their arms between the lines of the Spanish and American forces at nine o'clock Sunday morn-Gen. Shafter and the American division and brigade commanders and their staffs were escorted by a troop of cavalry, and Gen. Toral and his staff by 100 picked men. Trumpeters on both sides saluted with flourishes. Gen. Shafter returned to Gen. Toral the latter's sword after it had been handed to the American commander. Our troops, lined up at the trenches, were eye-witnesses of the ceremony. Gen. Shafter and his escort, accompanied by Gen. Toral, rode through the city, taking formal possession. The city had been sacked before they arrived by the Spaniards. At the palace elaborate ceremonies took place. Exactly at noon the American flag was raised over the palace and was saluted by 21 guns by Capt. Capron's bat-At the same time all the regimental bands in our lines played "The Star Spangled Banner," after which President McKinley's congratulatory telegram was read to each regiment. The Thirteenth and Ninth regiments of infantry will remain in the city to enforce order and exercise municipal authority. The Spanish forces are to encamp outside of our lines. Gen. Mc-Kibbon has been appointed temporary military governor.

The ceremony over, Gen. Shafter and his staff returned to the American lines, leaving the city in the possession of the municipal authorities, subject to the control of Gen. McKibbon.

Madrid Sanctions Surrender. The formal sanction by the Madrid government of the terms of capitulation unraveled the tangled skein of demards and counter demands bethe opposing commanders, which threatened to end the negotiations and compel a return to arms. After numerous conferences had resulted in the agreement, already sanctioned by Gen. Blanco, Gen. Toral decided that the approval of the Madrid | send it down by way of St. Michael. government was necessary before he The May West had \$750,000 and more sisted that Gen. Toral had either surrendered Thursday or acted in bad faith, but documentary evidence bore out the fact that Gen. Toral mentioned that he only capitulated subject to his government's approval, and the six commissioners by whom the articles were signed at 2:10 o'clock Saturday afternoon so ruled.

The Terms. The whole matter was cleared up Sunday morning, however, when Gen. Toral received the necessary sanction from Madrid. The agreement consists of nine articles, as follows:

First All hostilities shall cease pending the agreement of final capitulation. Second. That the capitulation includes all the Spanish forces and the surrender of all war material within the prescribed lim-

Third. The transportation of the troops to Spain at the earliest possible moment, each force to be embarked at the nearest

Fourth. That the Spanish officers shall retain their side arms and the enlisted men their personal property.
Fifth. That after the final capitulation the Spanish forces shall assist in the removal of all obstructions to navigation in

Sixth. That after the final capitulation the commanding officers shall furnish a complete inventory of all arms and mu-nitions of war and a roster of all the soldiers in the district. Seventh. That the Spanish general shall be permitted to take the military archives

Eighth. That all guerrillas and Spanish irregulars shall be permitted to remain in Cuba if they so elect, giving a parole that they will not again take up arms against the United States unless properly paroled. Ninth. That the Spanish forces shall be permitted to march out with all the honors of war, depositing their arms to be disposed of by the United States in the future, the American commissioners to recommend

to their government that the arms of the soldiers be returned to those "who so bravely defended them." Will Not Return Arms. Washington, July 18 .- The arms surrendered by the Spanish soldiers at Santiago to Gen. Shafter will be kept by the United States government. This conclusion, reached late Sunday afternoon by the president and Secretary Alger, was made public by the latter as he left his office after six o'clock Sunday night for his home. "All those who have arms will turn them over to this government. This is final." These were the secretary's words when asked wars, died at seven a. m. Sunday at his for information on the subject. communicated to Gen. Shafter.

WILL FIGHT IT OUT.

. Urged to Surrender to Insurgents.

Manila, July 13, via Hong-Kong, July 19.—An important interview has just been held between Gen. Aguinaldo's secretary, Le Garda, and a prominent "Gol durn them town boys, anyway," he insurgents' representatives urged Gen. Augusti to surrender the city, assert | Nearer and nearer he drew to the spot ing that 50,000 insurgents surrounded Manila and were able to enter it at any moment. . Thus far, they added, the insurgents have been restrained with difficulty, but if the Spaniards continued stubborn, the result would be that the insurgents would be compelled to bombard and storm the city, with the inevitable slaughter, unparalleled in history, because in the excitement of battle they cannot discriminate." Continuing, the captain general's visitors advised him to disregard the official fictions regarding alleged Spanish victories in Cuba and reenforcements coming to the Philippine islands, and proposed a reconciliation between the Spaniards in the Philippines, under a republican flag, and a joint endeavor to persuade Americans to abandon hostilities in the Philippine islands. Finally, the representatives of the insurgents proposed an appeal to the powers to recognize the independence of the Philippine islands.

The captain general replied that he must fight, however hopeless the Spanish cause. Le Garda then returned to Cavite, taking with him the native, who is a paroled prisoner.

Martial Law for Spain. Madrid, July 16 .- The Official Gazette published Friday a royal decree temporarily suspending throughout the Spanish peninsula the rights of individuals as guaranteed by the constitution. The decree adds that the government will render an account to parliament of the use it may make of this measure.

The publication of the decree is generally accepted as being convincing proof that Spain is now ready to sue for peace and that negotiations to that effect are actually in progress. The government wishes to have full power to suppress any evidences of discontent or rebellion which might appear. The Carlists are furious and are sure to attempt to create trouble.

Peace Prospects.

Madrid, July 18 .- A member of the cabinet in an interview on Sunday asserted that the government was seeking an honorable peace with the United States. El Imparcial says that a member of the ministry declares that negotiations for peace with the United States are only possible so far as the question of Cuba is concerned.
