A SMALL BOY'S SCHEME.

He Had an Idea About Eggs which Promised a Splendid Result to His Mind.

A small boy who is not familiar with rural ways was taken by his fond mamma for a brief stay in the country.

On a farm in a neighboring county he sat on a fence and picked up a "straggling store of astonishing experiences."

One day the farmer smilingly said to his mother: "Just ask your boy what he hid two eggs in the stable for?"

So the very first opportunity the mother said to the six-year-old:

"My dear, what did you do with those eggs you took from the hen house?"

"Oh, mamma," replied the boy, "I didn't want you to know about it."

"Why, it's all right," said mamma, "I only want to know what my boy did with them."

"I hid them in the stable," said the little fellow.

"And what for?"

"Cause it's my scheme."

"Your scheme? And what is your scheme?"

"Why, you see, mamma," said the little philosopher, "when eggs I borsed in a chicken house they is always 'little chickens' an' I fink if they was borsed in a stable dey might be 'little horses'."

It is needless to add that up to the time of his leaving the farm the miracle was still unaccomplished.—Cleveland Plain Dealer.

The Growth of Socialism.

It is argued by deep thinkers that the growth of socialism is due to the large standing armies of the world, in which men are often made to enlist against their will, and thus become discontented with existing conditions. The growth of a stronger race of people is due to the large sale of Hostetter's Stomach Bitters, which is the best medicine for constiveness, dyspepsia, fever, ague and all nervous troubles. Try one bottle.

When It's Really Solemn.

"It's a very solemn thing," she said, "when a woman intrusts a man with her affections."

"It's a mighty sight more solemn when she makes him think she has intrusted them to him while they are still locked up in her jewelry box," he replied.

Then they looked at each other, and each realized that it was time for their summer flirtation to end.—Chicago Post.

Tickets.

When a manufacturer has succeeded in making his name a guarantee of the excellence of his goods he has reached the highest point attainable in the commercial world. As an example of this name of Wm. Simpson & Sons on any fabric is a guarantee of the highest standard of quality, color and finish. Every piece of their goods bears a ticket on which appears the name William Simpson & Sons. This insures the quality. Dealers who have sold and women who have bought and worn the material made by that house are assured of the excellence of every piece of goods which bears the name, and the women of the United States who have worn Simpson's prints as long as they can remember are still wearing them and will naturally insist upon having the goods bearing that particular name on the ticket because they give the most perfect satisfaction.

MANY FEMALE ILLS RESULT FROM NEGLECT.

Mrs. Pinkham Tells How Ordinary Tasks May Produce Displacements That Threaten Women's Health.

Apparently trifling incidents in women's daily life frequently produce displacements of the womb. A slip on the stairs, lifting during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks, may result in displacement, and a train of serious evils is started.

The first indication of such trouble should be the signal for quick action. Don't let the condition become chronic through neglect or a mistaken idea that you can overcome it by exercise or leaving it alone.

More than a million women have regained health by the use of Lydia E. Pinkham's Vegetable Compound.

If the slightest trouble appears which you do not understand, write to Mrs. Pinkham at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. MARY BENNETT, 314 Annie St., Bay City, Mich., writes to Mrs. Pinkham:

"I can hardly find words with which to thank you for the good your remedies have done me. For nearly four years I suffered with weakness of the generative organs, continual backache, headache, sideache, and all the pains that accompany female weakness. A friend told my husband about your Vegetable Compound and he brought me home two bottles. After taking these I felt much better, but thought that I would write to you in regard to my case, and you do not know how thankful I am to you for your advice and for the benefit I have received from the use of your medicine. I write this letter for the good of my suffering sisters."

The above letter from Mrs. Bennett is the history of many women who have been restored to health by Lydia E. Pinkham's Vegetable Compound.

PRACTICAL KINDNESS.

One Hundred Thousand Grateful Soldiers.

These war times have tried men's souls in many unexpected ways, but like a shaft of sunshine and good cheer out of the cloud of privation and endurance has been the work that the American Tobacco Co. has done among the U. S. Soldiers and Sailors ever since the war began—for when they discovered that the camps and hospitals were not supplied with tobacco they decided to provide them, free of cost, with enough for every man, and have already given one hundred thousand pounds of "Bator" one hundred thousand pounds of "Bator" and "Duke's Mixture" Smoking Tobacco, and have bought and distributed fifty thousand briar wood pipes, at a total cost of between fifty and sixty thousand dollars.

This work has been done quietly and thoroughly, by establishing headquarters in each camp so that every camp and every hospital of the United States Army has been supplied with enough tobacco for every man and the sailors on thirty United States Ships in Cuban waters have shared with the soldiers this most welcome of all "ration."

Perhaps it will be only fair to remember when we hear the remark again that "corporations have no souls" that there is one American corporation whose soul has been tried and has not been found wanting in "practical kindness."

Free Homes in Western Florida.

There are about 1,000,000 acres of Government land in Northwest Florida, subject to homestead entry, and about half as much again of railroad lands for sale at very low rates. These lands are on or near the line of the Louisville & Nashville Railroad, and Mr. R. J. Wemyss, General Land Commissioner, Pensacola, will be glad to write you all about them. If you wish to go down and look at them, the Louisville & Nashville Railroad provides the way and the opportunity on the first and third Tuesday of each month, with excursions at only \$2 over lone fare, for round-trip tickets. Write Mr. C. F. Atmore, General Passenger Agent, Louisville, Ky., for particulars.
