**THE STEREOPTICON EXHIBIT:**

The Stereopticon entertainment at the First United Evangelical church Tuesday evening, was the largest kind of a success. The house was full, packed indeed, and the interest of the keenest till the last. Ex-pastor Dubs gave the lecture, while his skilled wife attended the machine and manipulated the slides, of which there were 130 or more.

The views exhibited were oriental, chiefly of Palestine, showing the natives before and after conversion to a living Christianity. The whole idea was to exhibit to the eye the beneficent effects of the gospel on the people in their personal, domestic, social and religious lives, and was eminently successful.

Then such hymns as "Jesus Lover of my Soul," "Let the Lower Lights be Burning" and a score or more of similar ones, were sung by all present in connection with some real or ideal view suggestive of the hymn. This somewhat novel feature added very much to the interest of the occasion. The cash receipts were \$20.00 a handsome sum.
