### WISCONSIN ASSISTS.

Within three years the Sheridan Road, the greatest public improvement of the North Shore, and one of the greatest highways in the world, will be completed through to Milwaukee, if the bill to be introduced in the Wisconsin legislature meets with the support which its friends predict for the measure.

The members of the Sheridan road association feel that the end of their labors is approaching and they now believe with Mr. Volney W. Foster that "It is not too much to hope that within three years we may drive over the Sheridan Road the whole distance to Milwaukee."

In reply to a subscription memorandum, a Chicago subscriber writes: "I am going to make a flying trip to St Louis, and will remit on my return." But for the fact that the NEWS-LETTER is unalterably opposed to a use of slang, we would pronounce this man a bird.

If you want a neat card to send to a friend for a valentine, call on Dale Sweetland, Highland Park.
