

Lake Forest Department

Mr. S. Blackler and Dr. French left Wednesday on the 5:40 train for a two week's pleasure trip to points of interest in the south. They will go as far south as the Upper St. John's River, Florida.

A benefit reception for the Woman's Relief Corps was held Tuesday afternoon and evening at the home of Mrs. W. A. Morgan. The house was tastefully decorated in the national colors. The refreshments were served by the Misses Spellbring, Calvert and Taylor.

On Friday afternoon and evening will occur the public school benefit entertainment at the Art Institute. About one hundred moving pictures will be given by the Amet magniscope. It promises to be very interesting and it is hoped the proceeds will be large for so worthy a cause.

The sudden death of Ralph Aseal of the Academy was a great shock to his many friends. On Wednesday, the 16th inst., he was taken ill with inflammatory rheumatism affecting the heart. Pneumonia developed and on Friday peritonitis appeared. His mother arrived a few hours before his death. The remains were taken to his former home at South Bend, Ind., accompanied by Principal Welch and two students. He was a young man of fine character and sterling worth.

On Saturday evening, at the residence of I. P. Rumway, occurred the death of Miss Juliet Lay Axtel, sister of Mrs. Rumsey. The passing away was peaceful, following a sickness of only four days. For a long time she had identified herself with Indian mission work, translating many hymns into the Indian language. The funeral services, conducted by Dr. McClure, were held at her late home. On Friday occurred the interment at Oakwoods.

The Y. P. M. S. and the Endeavor Societies gave a social Thursday evening at the chapel. A musical program given by the Misses Wood and Davies and Messrs. French and Grunstein was very much appreciated. It was followed by a ghost story of Frank Stockton's read by Mr. Hewitt, and given in "Shadows." Each shadow must have had much actual experience to have carried out his part so well.

The Art Institute, at the home of Mr. Walter Larned, was very highly entertained by the Hon. George E. Adams, whose paper on the "Sixteenth Century Englishman and the Twentieth Century American" was ably given. He left the happy thought that, "as the sixteenth century Englishmen saw the dawn of the great Elizabethan period, so shall we, as twentieth century Americans, live to see the birth of the greatest age our country has ever known." At the refreshment table the Misses Pratt and Cobb presided. The music was especially interesting. Two selections, given by Mrs. F. G. Hall, were composed by the accompanist, Mrs. S. Hubbard. They were of much artistic merit.

The Academy and College gymnasium exhibition last Saturday evening was in every way a decided success. A large audience composed of townspeople and representatives from the three departments of the University was assembled in the gymnasium building. After the overture by the orchestra the Academy class appeared in a marching calisthenic drill and immediately the gymnasts, as well as the audience were inspired with enthusiasm that did not die out until the close of the performance.

The exercises were interesting and exciting, particularly the boxing, fencing and wrestling matches. Center ball, played by two teams picked from the college classes, added greatly to the variety of the program. The pyramids were executed with a promptness and precision that was remarkable.

Four months ago most of the participants had never been upon a gymnasium floor, much less attempted any systematic class work, makes the showing all the more creditable. It is unnecessary to add words of commendation for the head of this department, Prof. Hibbler. His work proves him an artist in his profession.

The death of Mrs. D. B. Jones at her home in Chicago last week came as a personal bereavement to Lake Forest people. The summer home of the family here is one of the finest on the North Shore and it was the center of attraction socially during the summer season. Mrs. Jones was a general favorite with the Lake

Forest people and was leader in all progressive movements. Mr. Jones and his family will have the sympathy of the entire community in their affliction.
