

THE SHERIDAN ROAD NEWS-LETTER.

THE NEW DEPOT.

Thursday, Mr. Robinson, Division Engineer of the C. & N. W. Ry., was here staking off the position of our new depot which is to be started immediately on the site of the present depot. All the buildings west of the tracks will be taken away and that portion will be made very attractive. Mr. Robinson says the Park depot is the finest and most beautiful suburban depot he ever saw. Yesterday Mr. T. A. Lawson, division superintendent, and Messrs. W. D. Cantillion, W. B. Causey, T. C. Ryerson, Mr. Robinson and Mr. Lunt were all here in a special car, looking over the ground and completing final arrangements before the work of moving away the old and erecting the new stations is started. Highland Park appreciates the Northwestern's action in making a suitable setting for the beautiful new depot.

The high school question which was won by the town in the circuit court, went to the appellate court, which on Thursday overruled the lower court. Thus giving a black eye to the efforts of the high school's friends. The case will probably be taken to the supreme court with the hope of settling the case by overrul-

ing the decision of the appellate court.

Any person desiring to make suggestions or give information to the assessor, may leave the same with Mr. Holmes, as the assessors' books are, and will be for a time, at his office.
