

its candidates did not manage their canvas properly, the lack of work in the 1st and 4th wards being espec-

ets in the election just passed. It was a clean campaign and excepting the uncalled for and unwarranted

"dodger" as to one of the candidates for treasurer, the campaign was a creditable one.

W. F. Hogan, Pres. Board of Trustees Village of Ft. Sheridan.

ially apparant. The strength of a ticket gained by being the result of a caucus has been proven. The caucus tends to get a large number of the voters interested in the candidates there named. And while it is true that a caucus may often be captured by a clique of shrewd politicians, yet after all, leaving theory out of the question, the practical results of a largely attended caucus seem to be proof of the caucus being the proper way to name a ticket. May the town give its cordial support to all the newly elected and may the work accomplished during the coming year by this new council and our new mayor show the voters that their faith and judgement, shown in this election of these men, were not misplaced. The integrity of the out-going and in-coming councils is above question, and the Park is to be congratulated on having such good men up for election as were on both tick-

THE HIGHWOOD ELECTION.

The election of Tuesday last resulted in a sweeping victory for the "People's Party," and Mr. William F. Hogan is re-elected president of the board of trustees for the seventh consecutive time, by the largest majority ever given a candidate for this office. After the election, in the evening, this village witnessed a celebration and a display of fireworks that would have done credit to the Fourth of July. An electric car full of enthusiastic and joyous voters ran down to Highland Park and happened to meet the Park celebration. The two forces combined and as a result our southern sister was made quite delirious by the earth quake provoking procession. Highwood certainly will long remember the warm times of last Tuesday. The vote received by the different candidates follows:

<b>FOR PRESIDENT:</b>	
W. F. Hogan... 109	James E. Brown... 79
<b>FOR TRUSTEES:</b>	
Herman Swanson... 103	Michael Cauley... 86
Charles J. Benson... 105	C. H. Unbehauen... 81
Solomon Savage... 100	Charles Brown... 84
John A. Brady... 103	John Beshke... 77
Chas. J. Roberg... 102	Henry D. Lee... 80
<b>FOR CLERK:</b>	
Charles H. Cary... 104	Sam J. Pease... 81

Last year there were 137 votes cast for president; this year 190; which figures show how fast Highwood has grown. The straight ticket was elected. A notable feature of the contest was the fact that most of the votes were cast early in the day. At one o'clock 150 votes had been cast and between the hours of 3 and 5 p.m. only 10 ballots were deposited
