

This has been a lively year for real estate people in Highland Park.

Lieut. and Mrs. Davis left last Saturday for Fort Robinson, Nebraska.

Mr. and Mrs. Stubbs and son and Mrs. E. E. Gray have returned from Georgia.

Rev. Mr. Pfanstiehl's book of sermons promises to have a fine sale, in the hands of the Christian Endeavor society.

Silurian Water.— "We use it, we drink it, we charge our soda water fountain with it" — Geo. B. Cummings, exclusive agent.

The Golf Club membership list is within two names of the limit—150—and the "waiting list" will soon make its appearance. The Exmoor Club will be opened today and, weather permitting, a large number of members are expected to "tee up" at the year's first hole. Two weeks from today the first big game, a handicap affair, will be contested.

Mr. J. Wallace Wakem has a few prize blood fox terriers to give away. Any one caring to keep two of the puppies a year can keep one of them at the end of that time.

Silurian water delivered in ten gallon cans at \$1.25; the purest

and best known drinking water on the market. For sale at George B. Cummings'.
