

H. E. Schwarz spent the Fourth at Grand Rapids, Wis.

Mrs. Lieut. Winston will spend August with friends at Green Lake, Wis.

A great number of Exmoor members are at Ontwentsia today watching the golf game.

Not a drunk for the Fourth. Who can say the Park is not a moral town.

The Bock's had such a rush of business last month that it took them a week to get out their bills.

Mr. Somers Stackpole of Boston is spending a week as the guest of Frank C. Brown's family.

Mrs. F. C. Brown, who spent a month at the old home in northern New York, returned to her family yesterday.

Alex Robertson moves his lumber yard over on the west side so as to be near the "building boom" as it strikes the town.

Miss Ethel Turnley returned yesterday from the east, where she has been on a visit for six weeks or two months.

You can ride on the street cars now down to and beyond Glencoe depot—almost to the heart of Cook county.

Mr. Martin Schultz has moved into his handsome new residence at the corner of Sheridan Road and Broadway.

C. W. Kirk spent the latter part of last week at Winnebago Lake, Wis. He reports a catch of 68 black bass.

The increase in the number of trains this week made a little confusion for the first day or two, but it was only temporary. Everyone gets home now on time.

Mrs. Colonel Humphreys is enlarging and remodeling her residence on Sheridan Road north. When completed it will be one of the handsomest in the Park.

Rev. W. M. Everts, D. D., of Omaha spent part of the Fourth and the night following in the Park as the guest of F. P. Hawkins' family. He preaches for the First Baptist Church in Chicago Sunday. That was his father's old charge.

LOST—A large, half-clipped St. Bernard. \$20 reward. H. Paepcke, Glencoe.

Ft. Sheridan Park

MAKE POULTRY PAY.

In order to succeed in the poultry business as well as in anything else, it is necessary to start right. The first essential is poultry (chicks) itself. Unless there is successful incubation and successful brooding there can be no poultry. Chicks that die as soon as they kick out of the shell, or at the end of the second day, do so because they were not properly hatched. They were robbed of their vitality and their ability to live by incorrect methods in incubation. The

"OLD RELIABLE" INCUBATORS make no such mistakes. They are so constructed that a new beginner is bound to succeed—just fill and light the lamp; the machine does the rest. Controls heat, moisture and ventilation perfectly.

Our Reliable Pliant Copper Leg Bands are the best, easiest applied and most durable bands made. Reduced to 12 for 30c
