The Woman's Guild of St Paul's Episcopal church, Glencoe, will give a lawn fete at Mrs. Shaw's, corner of Vernon and Hazel avenues, Tuesday evening, August 1st, beginning at 8 o'clock. There will be music and refreshments and as the entertainment is to raise funds for the church, there will be a charge of 30 cents for admission.

Following illustrious precedents recently set by the United States, Germany and a citizen of Glencoe, another Glencoe man has just "gobbled" an island at the eastern extremity of Lake Ontario. It is near the Canada shore, not far from Brighton, contains several hundred acres, largely cleared, at present devoted to stock raising, but is to be given by the new owner to apple growing. The government of Canada has some reserved rights on the island but it is not thought there will be any international complications. The natives are civilized and make no objection to the change of jurisdiction.

The St Paul's Episcopal church of Glencoe now has early service every Sunday morning at 10 o'clock; regular evening service at 7:30, and on the last Sabbath of each month full morning service at 11 o'clock. All are welcome.

Tuesday forenoon a man, who was apparently a tramp, fell in a fit on the Northwestern tracks in the northern part of the village and lay for some time unconscious. Marshal Brandt, with some assistance, got the man on a trolley car and sent him to Highland Park.

The typos last week gave Glencoe credit with having a "God's Hill Settlement" within its limits. Everybody knows Glencoe is "God's country;" but we don't claim any of His hills. For that kind of Hills inquire at next station north. When it comes to ponds, Glencoe doesn't take a back seat to anybody.

Our veteran Ex-president, Mr. Gilbert J. Case, celebrated his sixtieth birthday last Sunday. One of the presents consisted of six large sticks of striped candy, representing the digit "6" and a large white candy lozenge, typifying the "0" required to make the "60." A sweet remembrance, happily expressed!

Four foolish Winnetka cows strayed into Glencoe, in ignorance perhaps of the prohibition against loose cows in this village and found their way, with the aid of Poundmaster Brandt early Tuesday morning, into the village pound. They were delivered from durance before midday, but it took two dollars of good Winnetka money for the ransom.

Miss Edith Day is visiting friends at Oak Park.

It is earnestly hoped that the council will find a way to avoid having steps in the sidewalks approaching the Hazel ave subway. The plans show four sets of steps, each a menace to safety in snowy and icy weather; an obstruction to bicycles and perambulator and a very possible source of expensive litigation to the village in case of injury to any person.

The board of education will probably arrange to excavate a part of the school house grounds to provide a skating pond. This will be drained in summer. It has been objected that this would leave a large unsightly mud hole for most of the year, that small children would get their feet wet, clothes muddy, etc. Nevertheless it is believed that the board will try the experiment.

We mention, with fear and trembling, lest somebody with a gun may read the paragraph, that one day last week when the writer was mowing the weeds on what by a very large liberty he calls his lawn, a squirrel in a tree just across the street cocked his plume over his back and set up a barking that he kept up as long as we cared to listen to it. There is reason to fear this pretty rodent may fall a victim to misplaced confidence.
