

**Glencoe Department.**

Says the High School Board to Glencoe:

"Will you have it East or West—  
By Winnetka's sparkling water,  
Or near Gross Point's Export best?"

Says Glencoe to the School Board:

"If it's just the same to you,  
We'll have it in Winnetka,  
198 to 2."

Winnetka was even more so.

Might as well have made it unanimous.

"Don't monkey" with the live wires.

Mr. and Mrs. Harry Owsley have returned.

Miss Beggs of Chicago is the guest of the Misses Keiss.

Miss Edith Day has returned after a ten days' visit at Oak Park.

Mrs. Charles Shaw gave a tea to a few friends Friday of last week.

Miss Coombs of Fort Scott, Kan., is a guest of the Misses Schnur.

Mrs. S. R. Hurford and daughters returned from the East Monday.

Mrs. O. D. Swain entertained a number of her friends Saturday evening.

Wednesday evening of last week inaugurated the first "rack ride" of the season.

Mr. Thomas C. King and family are boarding with Mrs. Kletzing for a few weeks.

The Sheridan Road fountain has donned its summer garment of white and looks better.

We are highly gratified to announce that the Winnetka site was chosen by a vote of 543 to 296.

Mrs. Ben Newhall is home on a two weeks' visit. She is at home with Mrs. Lewis H. Cox.

Miss Leonette Cooper returned Saturday from North Manitow Island much improved in health.

The Sheridan Road bridge across Newhall's ravine has been refloored. When a bridge is floored, it is bettered; but when a man is "floored" he is worsted. Such are the paradoxes of the Queen's English.

Capt. Arthur Wainwright of Chicago, was the guest of Mr. Charles H. Whitelaw over Sabbath.

On the electric the lawful fare is 5 cents from any point in Glencoe to any point in the City of Highland Park.

Today, Aug. 4th, an election will be held to authorize a \$60,000. bond issue with which to at once purchase the site and erect the school building.

A number of our summer citizens voted Saturday for the first time—among them Mr. Paepcke, Mr. Watson, Col. Jacob and Mr. Heaton Owsley.

Prof. Tomlins will deliver an address at the Congregational church Sabbath morning. The evening service will be omitted during the month of August.

In the ranks of the Glencoe "Sabbath workers" may now be counted the masons at the subway and the men who string the trolley wires on the electric.

The Rev. S. Wilson of Evanston, preached at the Congregational church Sunday evening. Every seat was filled, which is the usual thing when Dr. Wilson is to be heard.

Mr. Jack Fanning returned last week from a month's outing—a trip on the lakes and a good time with relatives and friends in Detroit. Mr. Tom Manning of Detroit is his guest.

Like confidence, the masonry at Hazel avenue is of slow growth. Perhaps the masons want to make a durable job, and are working on the theory that governs the animal kingdom: That they are longest-lived which are slowest in coming to maturity.

Mr. J. H. Winslow's residence on North Sheridan Road has been connected with the local telephone exchange. Mr. George Follansbee, by whom the place is occupied for the summer, is a member of the law firm of Hoyne, Follansbee & O'Connor,

and finds it desirable to be in quick communication with Chicago.

Whereas, Blackie Fanning was lost now he is found again. He had strayed into bad company on Hazel ave; and there is more joy over the returning prodigal than over the 9,999 dogs that went not astray.

**GLENCOE AGRICULTURE**

The pic-nic crop is fair to medium.

The barber reports the hair crops quite numerous.

The crop of empty beer bottles has never been equalled.

The hay and weed crop in the streets is not yet all harvested.

The dust crop is the largest since the summer Dolese & Shepard built the Sheridan Road.

The dog crop is also large. We know of eight puppies in one place—and there are others.

In some places in the village the crop of Canadian thistles is large. If we are to have war with Canada over the Alaskan boundary, these will have to be looked after.

And with due regard to historic accuracy it must be added that the crop of pretty girls—little and big—is beyond village precedent. The increase is due partly to the number of strangers within our gates.

**\$19 to Boston and Return.**

Via Nickel Plate Road, August 11th and 12th. Good returning for arrival at initial starting point not later than August 31st. Write General Agent, 111 Adams st., Chicago, for particulars and sleeping car accommodations.
