CITY COUNCIL.

The meeting was largely attended by citizens; Alderman Van Riper, owing to illness, could not attend. Minutes of previous meeting were read and approved.

The owners of the Waukegan gas plant were present and submitted a proposition to the council for permission to lay pipes in the streets.

On motion of Alderman Obee, Mr. Osborne, one of the Waukegan men, was asked to address council on the subject. Mr. Osborne stated that it was the wish of the company to furnish gas to the towns along the line, that 20 miles (a majority) of Highland Park frontage had already been secured; that the company had a new and up-to date plant, the capacity of which could furnish gas for a city of 50,000 people. He promised to furnish the same for \$1.25 per thousand feet, the same price as paid by Waukegan, and he thought that as the demand for their product increased they would be enabled to supply it at a lower rate. The ordinance was referred to street and alley committee.

Mr. F. W. Cushing asked permission to lay a 4-inch water pipe some 250 feet to his new hotel and as he intends using the water in large quantities, Mr. Cushing thought himself entitled to wholesale rates. Referred to fire and water committee.

Mr. N. D. Lighthall asked for permission to build a drain for the Highwood M. E. church. Referred to street and alley committee.

One of the gentlemen recently fined for violating a city ordinance asked for return of \$5.00 paid by him. Referred to street and alley committee.

Miss Emma G. Turnley asked for data concerning the improvement of old Port Clinton through the Lightner lots at a point above Bloom street. She wished the names of committee who condemned the land. Alderman Obee moved that it be referred to street and alley committee, city clerk and attorney, which was done.

Mr. F. W. Schumacher was granted permission to extend the cement sidewalk in front of his store to the curbing.

Ravinia citizens asked permission to construct a wood sidewalk
