Winnetka does nothing by halves; when she is quiet, she is very, very quiet but when she becomes gay, she is madly gay. So following the opening of the new village hall and electric light plant on Wednesday night and the opening of the new club house on Thursday night, she waits one week and then on Friday, the 19th opens her arms (or ears) to the Northwestern Glee and Mandolin clubs. These clubs have not been heard in this vicinity this year and will be a rare treat to all who are fortunate enough to hear them. Each club comprises eighteen members, making a total of thirty-six young men, who will doubtless wake the echoes when they give the jolly college songs every one so enjoys.
