Capt. Ransom Law has recently sold his farm near Jackson, Tenn. Capt. Law had definitely decided not to return to Tennessee and had no further use for the property.

Mr. James K. Calhoun, for the Board of Education, gives notice that the old school house will be sold to the highest bidder February 28th. Since the title to the property is in the village of Glencoe the

notice has naturally provoked a good deal of comment.

A letter received in Glencoe a day or so since from Dr. John Nutt, San Diego, Cal., gives the unwelcome news that the wife of Edward Nutt is so very ill that there are fears for the worst. Dr. Nutt himself, we regret to hear, is far from well. The health of Mrs. Nutt has improved since she has been at San Diego.

There are frequently elm trees in parks. Elms, as we have recently learned, sometimes have "daughters." From a daughter of the elm to a daughter of the park is therefore not so long a mile as might at first blush appear. The event to which this reference leads up is a daughter of the Parks—a very dainty duodecimo in blue and gold. Just arrived last Saturday. Newest thing in Glencoe.

To Improve Sheridan Road.

Louis J. Pierson, attorney for the village of Wilmette, has announced that the village board of that town will give contracts for the improving of Sheridan drive through the town early this spring.

A sufficient number of frontage signatures has been secured to guarantee that the drive will be improved within the limits of Wilmette. The money for the improvement will come largely from public taxes rather

than from special assessments.

Property owners in the northern part of Evanston along Sheridan road are agitating the improvement of the road in that section where the road is of dirt and is either sandy or muddy throughout the summer.

Notice is hereby given to all persons interested, that the City Council of the City of Highland Park, in the State of Illinois, having ordered the grading, paving, draining and otherwise improving Sheridan Road from the north line of section 36, township 43, north range 12, east of the third principal meridian southerly and easterly along said Sheridan Road to the south line of fractional section 31, township 43, north range 13, east of the third principal meridian in the City of Highland Park, County of Lake and State of Illinois, and for levying a special assessment therefor, the ordinance for the same being on file in the office of the City Clerk have applied to the County Court of Lake County for an assessment of the cost of said improvements according to benefits, and an assessment thereof having been made and returned to said court the final hearing thereon will be had on the 12th day of March, A. D., 1900, or as soon thereafter as the business of the court will permit. All persons desiring may file objections in said court before said day, and may appear on the hearing and make their defense.

The ordinance provides that the assessment is payable in (5) five annual installments, and the rate of interest (6) six per cent.
