

25 Cents!

Just half price—March 1st to July 1st—for 25 cents; that is, just half price. We do this to give everybody not now a subscriber an opportunity to try the NEWS-LETTER and decide for themselves whether they want it.

Just as soon as our list grows to a point which will permit it, we shall reduce the price to \$1.00 a year. The advantage of this price will be extended to those who have or may subscribe at the regular rate of \$1.50 when the time comes for a reduction.

Please call with your quarters at once and tell your friends to do the same, or have the money ready when the agent for the News calls on you.

If you wish, for another 25 cents you can have the "Household" of Boston, the most practical woman's paper, the size of the "Ladies' Home Journal," for one whole year. You had better try it. Thirty-two pages each and every month, finely illustrated.

Against Filters.

The anti-filter petitions were filed Thursday and contained over 230 names of men who were eager to sign them, and now people are asking us all the time how much public money has been expended on this filter business. We do not know exactly, only it must be several hundred dollars. There are about 600 voters in town and over one third of them are on the anti-filter petition.
