VOL. VIII

FRIDAY, JULY 13, 1900.

NO 7

The Sheridan Road.
 Like all other big enterprises, it has taken some time for the Sheridan Road to reach even a partial completion. As a matter of fact, it has progressed with great rapidity, for such an enterprise, where so many objections to be overcome, obstacles to be removed, and a widespread enthusiasm in its favor created. But the road is now practically completed as far as the north line of the Fort Sheridan military post's public grounds, or a distance of a little over twenty-five miles from Chicago, and it is an achievement of which the promoters of the enterprise may well feel proud.

Hence, they think the time has come for a formal opening day, and to that end a special "Sheridan Road Day" association was formed Wednesday in the city, quite largely attended by friends of the Road all along the line; we are proud to say this city was more largely represented than any other place on the Road. Among our Park people present were, W. A. Alexander, Frank P. Hawkins, S. M. Millard, Hugh T. Birch, J. S. Prall, F. W. Cushing, and J. McGregor Adams. This organization is for the purpose of fixing some day in the year to be observed as the "Sheridan Road Day," and will probably, after this year, come the last of June or the first of July, near the Derby day, before Chicago people with fine teams break up their city homes and go into the country. That day, coaches, drags, brakes, and all kinds of vehicles will drive over the road as far as completed.

This great plan is for a grand opening, probably September 19th, the anniversary of Sheridan's famous ride. The governors of this state and Wisconsin will be invited to appear with the mayors, editors, etc., of the several cities along the route to meet the association and its other guests. It is expected that each city and club will welcome, and so far as needful, entertain the association as it passes through. Allow us to suggest that arrangements be made to have the association and its guests dine at the "Moraine" and thereby secure three desirable results besides giving them a superb dinner. Those three things would be, a magnificent advertisement of this city; second, an ad. for the hotel itself, and third, an ad. for the Sheridan road and all this North shore. As F. W. Cushing is in charge of the entertainment here, it will be well managed. But every citizen of the Park should show an interest in it, for no similar event ever occurred which may be turned to so good an account for this city as the grand opening day of the Sheridan Road.
 More hereafter.

The Gads Hill Social Settlement camp for city children, is now well established on the lake shore between Glencoe and Highland Park, and extends a cordial invitation to all to come and see what is being done there for the little ones and their tired mothers. Highland Park is to be responsible for a service on Sunday at 3 p. m. and it is hoped that there will be present many from this city to bear something of the aims and purposes of the Settlement Association.

Mrs. Hopkins, mother of Mrs. W. Schumacher, has gone to Michigan to spend a portion of the summer. James Mc Donald has newly tinned his scales so they won't break down with a five ton load of coal hay.

Lots of our Endeavorers are endeavoring to have a good time on the excursion via Chicago to South Haven, Mich. Round trip \$1.00.

Miss Louise Oestreich, who has been visiting with Mr. and Mrs. O. Brand, returned Monday to Milwaukee home.

"Peter" Ball had a birthday party Monday, we believe, at the residence of his maternal grandfather. There was a large gathering of relatives and friends. We know not how many covers were laid but several candles illumined the dinner table.

A Venturesome Outing.

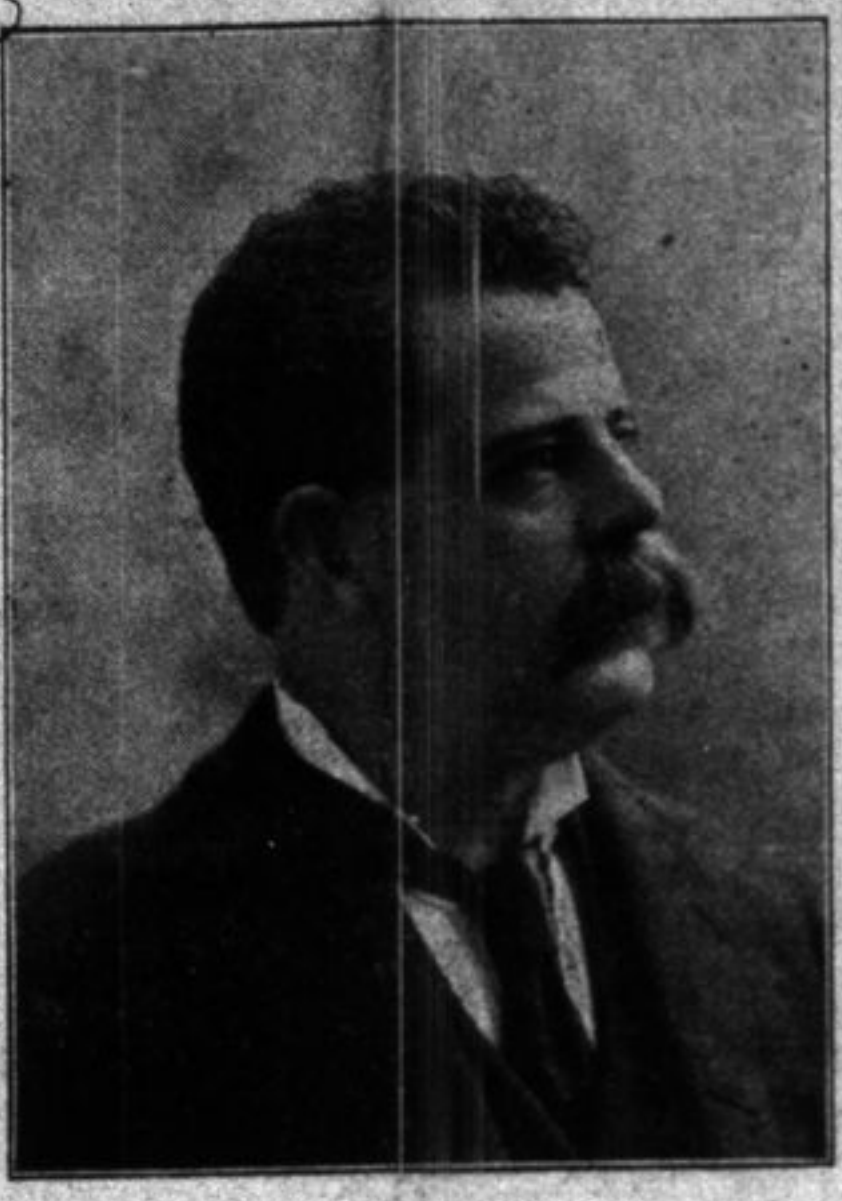

Dr. Warren M. Sweetland and Herbert F. Evans left via the Milwaukee Road for a few weeks' outing in the wilds and woods of Northern Wisconsin. Their focal objective point will be at Dunbar, the "Soo" line, due west of Escanaba where all communications can be sent. They took a tent and complete outfit for camping, and doctor put into his grip a full assortment of blue pills, calomel, ether oil, Glauber salts, and other staple drugs of the modern pharmacy, so that should illness overtake them they won't be left to die without the benefit of the clergy.

The strange thing to us about an affair is that their friends should allow two such young and inexperienced persons to go off that distance from home unattended by some person of mature years and good practical judgment. Nevertheless, we wish them a pleasant and profitable trip, and though a severe tax on our faith, we hope for their safe return.

A concert will be given for the benefit of the Gad Hill Settlement at the Congregational church, Tuesday evening, July 17th, at 8 o'clock. Admission 25 cts.

The Gad Hill Settlement encampment suffered greatly during the storms of last week. The large tent was blown down, Dr. Thompson's horse wandered away and was lost for two days, and numerous other mishaps added to the discomfort. But the children enjoyed it nevertheless.

Glencoe Council.

Adjourned meeting, July 10th. All present. A report from the street and alley committee recommended that the Electric Railway Co. be requested to plank their right-of-way forty feet north and south of Park avenue, so that cars may stop to receive or discharge passengers without obstructing the street; also that they be requested to plank right-of-way at the entrances to the Northwestern passenger station the full width of the openings. Recommendations adopted. Finance and judiciary committee reported an ordinance for the issue of \$8500 bonds for Hazel avenue sewer. Bonds to be dated Aug. 1, 1900, to be in denomination of \$500, to be \$1000 a year up to and including 1906, then \$1000 a year, the last to be taken up 1912. Interest 4 per cent, bonds to be sold not less than par. John S. Taylor, by permission, made a statement to the council that he had been charged double fare by a conductor on the C. & M. Electric Railway, and on objecting had been violently abused and threatened with assault. Mr. Taylor said he had boarded Car No. 11, Conductor No. 56 July 8th, at Scott avenue, two feet or more north of the south village line, to go to Highland Park; had given the conductor ten cents; that the conductor refused to give him his change and had threatened to "break his face" for objecting to pay double fare. Mr. Taylor said he had written to the officers of the company regarding the matter but had received no reply. The council directed that the clerk bring the matter to the attention of the vice president of the railway company, and also call his attention to the fact that the company is to keep 14-ride tickets on sale at Evanston and Glencoe as required by the company's charter, and to say that it was the purpose of the council to protect the rights of the citizens of the village by a strict enforcement of charter provisions. On motion of Mr. Hurford the committee on streets and alleys were directed to have signs placed by the side of the electric railway tracks at the village limits north and south, showing the "Limits" and setting forth that the fare is five cents from any point in Glencoe to any point in Highland Park or Kenilworth. Adjourned to 17th.

Mr. Christian Monrad is now in Winnetka, and Mr. Monrad's friends will be glad to know that his health is much improved.

Church services will be held in the Congregational church next Sunday morning at 11 o'clock. Rev. Mr. Pike will preach the sermon.

Mr. and Mrs. J. E. Buckbee returned last week from New York. Mr. and Mrs. Buckbee are spending the summer with Mr. and Mrs. McGowan.

On Saturday, July 14, there will be an excursion to South Haven, Mich., under the auspices of the Christian Endeavor Union. A good time is promised to those who can go. The boat leaves South Haven at 5 p. m., making the return trip by moonlight.

Winnetka Council.

A regular meeting of the council was held July 26, 1900. All members were present. A petition from twenty-three residents of the west side, was presented complaining of the dumping of garbage and refuse at the foot of Oak St. and asking relief from same. On motion this was referred to the board of health to investigate and report to the council with recommendations as to remedy. The president instructed the clerk to post notices in his name, warning all persons against dumping any offensive matter within the village of Winnetka giving reference to the village code. On suggestion of trustee De Windt, the clerk was instructed to send copies of said notice to all expressmen. The president read a letter from the ordinance officer at Fort McHenry regarding the dumping of rubbish at the foot of West Park street and north of West Pine street, and suggesting that the village provide a regular dumping ground, also requesting the council to take some measures to repress offensive bill boards, etc. On motion this was referred to the committee of the whole, and the clerk was instructed to acknowledge the letter and state the preliminary action taken. A notice was read from Sallie C. Windes refusing responsibility for water supplied to her house on Hazel street, near Diller street. A petition was presented for cement approaches at both sides of Columbus avenue, where it joins Belmont avenue, and have the same charged to special No. 78. This was referred to the committee on streets and alleys. Attorney Osgood reported upon the communication of Johanna Mack, requesting a rebate upon special assessment on her lot at Willow street and railroad tracks. The attorney explained that the council had no authority to act in the matter and that objections should have been made to the court. The attorney was instructed to write Mrs. Mack advising her of this decision. On motion, the village workman was instructed to put in a tile drain under entrance to assessment of village building and new platform thereat, and the janitor to clean and keep the place in better sanitary condition. On motion, the clerk was instructed to notify the Waukesha Water Co. to supply their mineral spring water through a tap in village building in accordance with the terms of their franchise ordinance. On motion, the bid of Hansen & Both for building cement walk on Hiawatha avenue was accepted, the work to be done according to the village specifications and ordinances, to be complete in thirty days and guaranteed for five years. On motion, it was resolved, that John Dahmson be permitted to connect with sewer, Ash and Chestnut streets by a pipe from his premises on condition that he agree to sign and aid petition for sewer extension in Ash street. On motion, the meeting was adjourned to reconvene upon call of the president.
