

### Closing Out Sale.

Miss E. L. Erskine has decided to close out all her stock of spring hats and bonnets at less than original cost. This will be an opportunity to ladies of the Park and neighboring villages to obtain high class millinery at very low prices. Those who come early will have a good choice.

If you are thinking of giving a reception, luncheon, dinner party, or an outing, call on Lewis the caterer, Baye Block, who will serve you artistically.

### School House Improvements.

Since the council has ordered a cement sidewalk about the public school building, the board has wisely decided to put in a sidewalk on the Sheridan Road, west side, and we guess some sods are being turned on the west side, where the sidewalk is to be put in. Many people want it done to improve the appearance of this street, and though a majority of the board have opposed the children's play ground, the teachers think they would get along very well at the east side.

Of course there will be more or less repairs every year, and as we have so fine a building, all right minded citizens want it kept up, and not allowed to run down. Hence we are glad the board makes these substantial and enduring improvements. Plank walks, steps, etc., are not wise, as in the end they cost more and are shabby than much of the time at the whole we think our school is a pretty sensible, conservative and economical. We understand they will make a change in the janitor, the new man we know not, but every man can't make a good school or church janitor. The rooms must be kept neat and in order all the time, every after, and never pull one whiff of tobacco inside that building, in school hours or out. We have heard just these points.

### Trinity Church

Messrs Obee and Wagon work on the new church. We are glad to be done by our home and workmen. We have the plans but for a town of this size, they are quite elaborate. The Trinity folks have fifty or even twenty-five years will make quite a difference in the demands on that church, for there is no good reason why the growth of the last half century should not characterize its history.

We understand the contract calls for a completed edifice ready for consecration and use by January, 1901.

We congratulate the people on their future, in respect of a house of worship, for it can be seen to add to the reputation of the city. The new Trinity, like the new Boston, will become a feature of the city; as Boston's Trinity has become the monument of who presided over the project, so our Trinity will be a monument for men to remember.

### Military

There is a new military company in town, the "Juveniles," composed wholly of officers, privates. At last accounts there were four members as follows:

Roger Wolcott, major; Leonard Gray, color sergeant; Clifford Wakefield, corporal. The company have had a sham battle on the Trinity church lawn. The ambulance, or women's relief corps were on hand with a child's wagon to carry the wounded children, an ace man, Judge Hibbard on his wheel, and some others witnessed the fray. The military academy wants to look after its

### Served 'em Right

That eminently exclusive and aristocratic town, Loch Lynn, had an election recently and the white folks are a bit too aristocratic to go to the polls to vote alongside the negroes had elected every one of them and the aristocrats are in a state of being ruled by niggers! Hinc illa lacrymae. The matter about their color is no nigger's natter about their color wealth, who have not enough to vote, deserve to be ruled by niggers."

Needles and parts for machines at Schneider & Cooke's.

Miss Catherin Yoe left for a stay of several weeks in the Adirondacks.

### Driscoll-Sweeney.

Nuptials solemnized Wednesday, June 27.

The marriage of Miss Mary Sweeney, daughter of Mr. and Mrs. M. Sweeney, to Mr. W. M. Driscoll, occurred Wednesday, at 9 o'clock, at St. Mary's church.

After the ceremony the happy couple and immediate friends repaired to the home of the bride's parents, where a dainty wedding breakfast was served. They left on the 3 o'clock for an extended wedding journey through the northwestern states and will make their future home in San Diego, Cal.

Miss Sweeney was a popular young teacher who had the respect of all who knew her. Mr. Driscoll is an electrician, and is favorably known here.

### Port Clinton.

We congratulate the north end folks on the improvements being made in the Port Clinton school house. A new roof is being put on, new sidewalks being built, some old fences removed, all the old plastering removed from the ceilings and new put on, walls decorated, wood work painted, etc.

This is an improvement to which our North Highlanders are fully entitled and we are glad to know that the school board recognize the fact they pay their proportion of the taxes as well as do the folks down here and the members of the school board wisely and truly say they are as much entitled to repairs as we denizens of the popular part of the city.

### A Reception.

The managers of the Highland Park hospital will give a public reception at the hospital, No. 60 First street, north, just above Mr. Robertson's lumber yards, Wednesday afternoon next week, July 18th, from 2 to 5 o'clock.

This reception is given for the sake of enabling the people to see just what the hospital is, its accommodations and needs. Let every person who can attend and take your friends with you.

This is not a begging scheme, but an educational effort, to inform the public respecting the hospital itself as well as its work.

The friends of Rev. H. A. Gould, formerly pastor of the Baptist church of this city, will be interested to know of his prosperity in his pastorate in Shelbyville, Ind. Since he assumed his charge there, there have been over one hundred additions to his church. His church has just voted him a vacation of six weeks, which he will spend with Mrs. Gould and his daughters, among the mountains and at the sea shore in California. Mrs. Gould has improved in health to a remarkable degree since residing on the Pacific slope.

Lake county was represented in the first graduating class of the Northern Illinois State Normal School. Miss Joanna R. Sweeney, of Fort Sheridan, being one of the fifteen who completed the course. Miss Sweeney was very popular in her class; this was shown when she was chosen to be the "class artist." This is an excellent school for the preparation of teachers and Lake County may well feel proud in being so well represented in the first class.

The Northwestern had another of its famous Lake Geneva excursions Thursday of this week. We regret our inability to attend. For some reason no notice of the event was given here till after our last week's issue had been published and read, a time altogether too short to notify the people and they have time to go. We hope they will give us due notice of the Madison one.

A meeting of the executive committee of the Lake County Soldiers' and Sailors' Reunion and others interested, is called for Saturday, July 14, at G. A. Hall, Waukegan, to consider: first, the advisability of holding a reunion this year; second, fixing time and place for reunion if one is to be held; third, other matters of interest to the association.

The Exmoor golf club will give a grand dinner next week Thursday with a vaudeville and other attractive features for the evening. It will be a swell affair and happy will they be who are invited. The officers in charge will do every thing possible to make it a success worthy of the Club's enviable reputation.
