Bazar patterns at Mrs. Bohl's.  
Frank Moske, who was formerly a druggist at Dale Sweetland's west side drug store, made a flying visit on Wednesday to friends in the Park.  
Watches and clocks called for and delivered by Schneider & Cooke.

The Fireman's picnic Wednesday was a booming success in every way. Full particulars next week after reports of all committees are submitted.  
Mrs. Chas. M. Green and daughter Mildred have returned to the Park from Marblehead, Mass., having been called home by Bert Green's illness.  
Trolley rides are popular these hot days and nights with young and old, rich and poor. Try one, and you will take another.  
The 1st Cavalry sailed for China, Tuesday, Aug. 7. The Park had many friends among its officers and in the ranks and we most heartily wish them God speed and a safe return.

The News-Letter has added over one hundred names to its list in the last two weeks. Six pages will be the regular edition for several months. Better in quality and reaching more people every week is the intention of the proprietors.  
Parts and needles for all sewing machines at Schneider & Cooke's.  
James Duffy, of the Postal Telegraph Co., had quite a test of experience Wednesday. Some one wanted to send a French cable dispatch. Later some one else came along with one in Italian, and when we dropped in he was taking a cipher dispatch for the Austrian consul over the phone from the Moraine. The pains and care in taking the message and then the care in sending it, we don't wonder people like to do business with him.

Mrs. Wm. Mauck was suddenly and happily reminded of her birthday when the ladies of the immediate neighborhood met on the lawn at 6 o'clock to bring congratulations. After chatting a few moments the dinner bell tingled and to her surprise, the ladies escorted her to her tastefully decorated dining room where her daughters had ordered a delightful dinner, everything being done without her knowledge. All went home after that delightful repast, feeling that Mr. and Mrs. Mauck should be proud of those thoughtful daughters.

Our successful photographer, Mr. Albert Norberg, leaves Winnetka on the 21st of this month for Seattle, Washington. We understand that he intends to return, however, after an absence of six months or so.  
A rumor is in circulation that another summer will see a \$60,000 house on Sheridan Road just south of the residence of Mr. F. O. Lyman. This will add one more to the beauties of Sheridan Road in Winnetka and we hope rumor may soon become reality.

killed last Saturday afternoon by train on the Erie road. Mr. King had ventured onto the tracks though the gates were closed, and in avoiding a swiftly moving hand car, stepped in front of the coming express whose noise was dulled by the racket of a moving freight train. Sympathy will be felt for Mrs. King and two children who survive him.  
On Thursday, at three in the afternoon, many of the girls of the eighth grade enjoyed a lecture and demonstration on cooking given at Mr. Starr's by a teacher who is trained for such work. This demonstration was given with the hope that it might interest the girls and possibly help in securing a course of such lessons in the new high school curriculum.  
**The Loeb Sale.**  
Lazarus Loeb has sold his business to Messrs. William Noerenberg & Edward Hintz, a son of Peter Hintz the carpenter. Mr. Hintz comes from a grocery store in Chicago where he has been some dozen years or more so that he is perfectly familiar with the trade. They take possession Saturday of this week. Mr. Loeb came to this city in 1883 and has been here in the dry goods and grocery trade all these thirty-one years. He has done a successful, profitable business and accumulated some property. He has been good citizen, the kind of whom we have too few. During the last few years he has done a strictly cash trade so that he has not a lot of accounts against dead beats to worry over and never collect. He has been wise in doing a safe, profitable and satisfactory business.  
**New Evanston-Chicago Service.**  
Starting next Monday the Saint Paul will inaugurate an Evanston-Sheridan Park schedule connecting with the Northwestern elevated. During the busy hours morning and evening the trains will run every twenty minutes, the rest of the day every thirty minutes. The distance will be made in twelve minutes. A the Northwestern elevated run the trains to Wilson avenue in twenty five minutes and the C. & M. E. Ry run from Evanston to Highland Park in forty minutes, we may now have this trip in about eighty minutes. The Saint Paul will issue commutation tickets Evanston to Chicago via this route for fifteen cents a ride. This makes a desirable trip to those desiring to reach points on the elevated loop.

Miss Frances Horne is visiting in Canada, the old family home.  
Capt. T. J. Barrows, of Michigan, is visiting for a few days with Dr. Turner.  
Miss Fraser and Miss Everst have returned to Ft. Sheridan from their vacation trip.  
Lieut. Samuel Collins and Mr. A. B. Hill called on old friends at Fort Sheridan, Thursday.  
Webster & Denman, the bicyclists, report plenty of business. We found them busy as we looked in on their shop.  
Lieut. Pierce, formerly of the 7th infantry, but now with the 5th, is at the fort, having relieved Lieut. Sigerfoos as post quartermaster.  
The second battalion are expected home from Cuba, today. They will be at Fort Sheridan about two weeks before starting to China via San Francisco.  
Pres. W. F. Hogan, who was called to Albany, N. Y., by the sudden and serious illness of his brother, is expected back Saturday the 11th, his brother being out of danger.  
The third battalion of the fifth infantry leaves Ft. Sheridan today for China via San Francisco. They went in three special trains via the Northwestern railway, 519 men and 13 officers.  
We wish to express our delight in seeing how neat the Fort Sheridan depot and grounds are under the careful painstaking care of Agent Condon; one of the prettiest and neatest stations on the line.  
Julius Laegeler, the Highwood druggist, has his new soda water fountain in place, and it is surely a beauty, elaborately finished in Mexican onyx. We seldom see finer specimens of this stone and we had a good many choice samples in our care at the second New Orleans exposition.  
It seemed quite natural to see our old friend and neighbor Samuel V. Breakwell, the "wizard of Highwood," back in his old place in the store where we first got our groceries, meat, etc., on coming into this region to reside in May 1883. He is no older, but just as cordial as then, and selling goods at the same old stand.

**New Course of Study.**  
The High School board has issued a new course of study which is a great improvement over the previous course. The course was arranged by Prof. W. A. Wilson who deserves great credit for his efforts to raise the quality of work done here. It is his desire to arrange a course that will admit to any college. However the courses are not arranged with this end solely in view. A student may take a scientific or modern language course or a combination of English and scientific work. Twenty recitations a week during four years are required for graduation. In order to give instruction in these additional courses the faculty has been increased to six. We understand the prospects for a greatly increased attendance this fall are good. Surely when our educational facilities are so good at home, the necessity of sending our students to Evanston or Lake Forest will be removed.

**Changed Hands.**  
Noerenberg and Hintz have rented the store and purchased the good will of the business of Lazarus Loeb on West Central Avenue. They will open for business tomorrow (Saturday) morning with a full stock of staple and fancy groceries, and all kinds of fruits and vegetables fresh every day. They would be pleased to have you call, and solicit a part of your patronage.

Constant Cordier Joseph and Edward Cudahy of Milwaukee, B. W. Wood and daughter of Louisville, Kentucky, Orrington and Miss Lunt of Evanston, Mrs. Helen M. Galloway. Those without address are from Chicago.

**A Queer Boat.**  
With all his gifts and graces our friend George Hessler is a sports man which materializes in duck shooting, and he is building a boat for that purpose in Lake Koshkonong up in Jefferson county, Wis. It is known as the "Turtle Back," and is 13 feet long and 6 feet wide and on top shaped exactly like the back of a big turtle with a whole or box, like a good big coffin, set down in the middle of the top. The boat is painted two colors, white and dark brown.  
Wisconsin laws won't permit duck shooting out in the open of their lakes, only in the reeds and rushes along the shore. They put their boat into water among the reeds, anchor it, throw out all about the boat 25 to 50 decoy ducks—Mr. Hessler made and painted his own boat out of well seasoned cedar—and then he lies down in the "coffin" with double barrel gun and wait for the ducks to gather near by and then the fun begins. It is the queerest craft we ever saw and can't be upset.
