Highland Park.
Bazaar patterns at Mrs. Bohl's. Miss Lottie Brand, one of our postoffice clerks has left the office to attend college at Naperville, Ill. The Moraine Hotel will be open all winter. Special inducements will be offered to families for the winter months. The Arch Bishop in Chicago has ordered a collection to be taken up Sunday, Sept. 16, in all the churches of the diocese of Chicago for the sufferers at Galveston, Texas. Raffens & Baker must have had a tip on the conditions in the coal mines, and the present strike of the miners will not annoy them, for they have on hand now the largest stock of hard coal stored in this place for years. We failed to say last week that our statistical report of the high schools in this city and Waukegan were from the published official report of School Superintendent Marvin. Oh, no, we did not "spin them out of our own bowels." We reproduced them, that's all. The infant son of George L. Vetter died Thursday at 2:30 p. m., age 3 months and 27 days. The child had been ill some three weeks but was supposed to be doing well when a sudden change came and he quickly passed away. The funeral will be held Saturday at the house. Among real estate transfers we note that lot 11 block 42, just east of the Highwood M. F. Church, by Mr. and Mrs. Prall to Mrs. Fritch, the wife of one of the merchants up there, for \$800. Also Harriet E. Doyle and Thomas Boulder, part of lot 11, block 39, nearly across the street from Dr. Newman's, for \$800. Some folks would not take our advice and book their coal for July delivery at \$6.50 per ton for best Lehigh and they are now paying far beyond that with the price going up rapidly and Chicago papers say there will be no coal on sale by January 1, 1901. We are saving our ashes and siftings beside, keeping an eye out on our neighbors' old rail fences. G. W. Maerklin, the efficient clerk in Schumaker's drug store, left Thursday for a two weeks vacation with a sort of roving commission no one spot in particular. His place will be filled by H. L. Kretschmer, so that the work of putting up pills, paregoric plasters, properly prescribed and prepared pharmaceutical preparations, proceed as usual. A pattern free with McCall's Magazine, a monthly devoted to the fashion of today. This is one of the finest magazines published; contains home literature, household hints, fancy work, current topics, popular fiction, etc. This magazine can be had this month only, for 30 cents with a pattern free at Mrs. Bohl's ladies' store in the McDonald block. Some way the general contour or outline of the new Episcopal meeting house don't please all our aesthetic folks. The windows are too small. What is the use of big ones if the glass is so dark there can't any light get through? When those pillars on the outside of the arches will prevent people sitting back of them from seeing the minister. Is that what people go to church for—to see the minister? We thought it was to see how other women dress, but Trinity folks don't make Sunday a day of dress parade. We don't like the pillars, but do most assuredly like the idea of a solid arch as us of the old style, one that carries back a few scores or centuries of years in dear old England and our ancestry came in 1638, to look with pleasure on that every day. Miss Bottom of the fifth took Mrs. H. C. Sampson's school ma'ms around town to the beauties of the city Saturday noon. They enjoyed it very much and voted Mrs. Sampson a "sp. woman" for her thoughtful kindness. And Miss Bottom, well she is the old pioneers in school work withal came from Vermont so "perfectly natral." Mrs. Lewis Stackpole (nee Caryn Brown) is at her father's house, on Dale and Hazel streets, for a two weeks' visit. Our Patrons will remember she was married Oct. 16, 1899 and left for her new home in Boston a few days since. We understand that her brother John will with her to enter St. Paul's school to prepare for college. Rector Wolcott, we are glad to know, is having a delightful time on the other side but he is not in strength as rapidly as he is expected. He was too much worn down and exhausted and hence it takes longer than was anticipated to fully overcome the downward tendency or overcome the momentum of decline and him fully the other way. We are glad to learn that he is assuredly on the up grade. About twenty-five of the youth of both sexes of this city had a "bonnie" Wednesday evening out of country and then back to the Highland Park Club house for supper and a pretty dance. The affair was managed largely by William Carver with numerous helpers. All had such a "perfectly good time" that not one of them could say whether they rode on hay straw or pine shavings from the warehouse. Miss Joy Miller, Prof. King's 12 or 14-year-old daughter, led the young folks' meeting Sunday evening at the Baptist church and some of the heads said it was most admirable and successfully done. The topic or lesson grew out of the dialogue which she read and explained with rare skill and judgment. What her auditors was the correctness of interpretation, her and mature judgment, her application of its lessons to life and her sense in seizing the gist of the evening's lesson. Presented good honest and full work on her part. A very interesting social was given by the Christian Endeavors of the Ebenezer church on Tuesday evening at the home of J. J. Braun heavy wind and rain during the day made it necessary for the lawn social to be held indoors. The cellar which was entirely transformed into a "Kellar" white, was illuminated with Japanese lanterns and the bounteous repast was on tables entirely covered with draperies. The admission fee, according to one's weight and amount of charges was set so as to be paid a cent for weighing a pound over a certain weight. It was a grand success and respect. Watches and clocks called for and delivered by Schneider & Co.

Winnetka.
Mr. E. H. Hyde has been ill the past week. Mrs. McCordie has left Winnetka for a short time. Mr. Frank Dapmore will return soon from abroad. Miss Blair of Hiawatha, Kan., has been visiting Miss Mary Orth. Mr. and Mrs. W. B. Dyer will start very soon for a trip east. Mrs. Weart and family have returned from Oconomowoc, Wis. Mr. M. F. Riggle, who has been quite ill, is now able to be about. Miss Bertha Thorne is visiting friends on the south side, Chicago. Miss Sarah Weeks was the guest of Miss Elizabeth Aldrich this week. Mr. Paul McQueen has returned to Winnetka after being away all summer. Mrs. Yardley of Oak Park, was the guest of Mrs. J. H. Batchelder last week. Miss Louie May, left Winnetka on Thursday for Minneapolis, where she has accepted a position. Miss Cushing has returned to Winnetka after spending the summer in northern Wisconsin. Miss Burehard of Keuilworth, who is teaching in the Winnetka public school is boarding in Winnetka this year. Miss Margaret Monrad left Winnetka on Thursday for Rockford, where she will enter the fourth year of her college course. Mrs. Mourad is spending a week in Michigan visiting Mrs. Snyder, formerly Miss May Riggs of Winnetka, near South Haven. Mr. Robert Hincliff, chief engineer of the South Side Elevated railway, visited his daughter, Mrs. Chas. Thompson, last week. Miss Pauline Taylor, who has been away from Winnetka all summer, has returned to the village only to leave it again on Monday for Racine. Miss Mary Willis, who has been spending a part of the summer with her sister, Mrs. C. S. Thorne, has returned to her home in Brooklyn N. Y. Quite a large number of young people from Winnetka enjoyed a very merry hay ride last Friday evening. Wheeling being their destination. On Sunday next there is to be a century run to Racine. Everybody is invited, as we understand it is to be a "slow" affair led by two new riders of Winnetka. We would like to remind our worthy rival, The Local News, of the old adage "New brooms sweep clean," and when it has arrived at years of discretion, it will realize what a waste of time and energy it is to devote a whole paragraph to calling attention to such a mere slip of the pen as occurred in a recent issue of the NEWS-LETTER.

Winnetka Council.
A regular meeting of the council was held Sept. 4, 1900. All present. Communications were read from R. S. Muth and Thomas Copelin, asking for the privilege of writing the insurance on the dormitory which falls due in September. On motion the matter was referred to the committee with power to act. The president read a communication from E. W. Gsgood concerning the ordinance for a sidewalk on west side of Birch street, and suggesting the advisability of placing a sidewalk on the east side also.

Graylake.
Mrs. R. D. Parker of Dowser's Grove visited relatives here Monday. Orlando Richardson returned from Dixon Tuesday accompanied by his son. Bert Johnson was called to Wisconsin by the serious illness of his father. Paul B. Fischer entertained his sister from Wheaton Saturday and Sunday. A large number of our people attended the county fair at Libertyville this week. The masons began work on Mr. Johnson's house on Maple avenue the first of the week. Christ Washburne began work on the foundation of his house in Procter's addition Monday. We understand a new furnace will be put in the school house, as the old one is not satisfactory. Mr. Chapler has organized a Methodist class here, and will hold services in the vacant store in Mr. Robinson's building every Sunday afternoon. Martin Decker, Harry Abbot, and Will Payne were Graylake visitors last week. Mr. Decker and Mr. Abbot leave soon for Princeton college, and Mr. Payne for his senior year at the Northwestern Medical School, Chicago. The sixth annual harvest offering held last Thursday was a grand success. Over \$100 was netted for the church. The program was well carried out, the pastors from Waukegan Congregational, Lake Villa Methodist, Rockefeller, and Ivanhoe churches taking part, and Mr. and Mrs. Miller from Chicago, aiding in the musical part. Rev. Cole of Ivanhoe gave the evening address, which everyone greatly enjoyed.

Glencoe.
Mr. W. D. Parsons was a guest at Charles Allison's over Sunday. Miss Vesta Horne is a guest at Mr. Jonathan Plummer's. Frank Darling has returned to Le Grange, Ill. Mrs. Clemens Dopfer returned from Kenosha last week much improved in health. Mrs. O. D. Swain gave a coaching party Saturday evening of last week. Miss Sophia Owsley entertained a number of her little friends Wednesday afternoon. Mr. and Mrs. Joseph Plummer are guests of friends at Dixon, Ill. Mrs. Kent and family have gone to Chicago to reside. Friday morning of last week, Mrs. Ben Newhall was badly burned while instructing a new cook into the mysteries of a gas range. In some way the girl had turned the key of the oven the wrong way and when Mrs. Newhall went to light it an explosion followed. Mrs. Newhall received painful burns on face, hands, arms, and chest. Mrs. Eva Clementi was one of the nine who received scholarship at the Chicago Musical college the past week. Out of 300 voices tried and 41 chosen she came out second. Mrs. Clementi has a fine soprano voice and all her friends rejoice with her at the successful issue of her test.

Instrumental Music.
Miss Charlott M. Petesch will resume her position as mandolin and guitar teacher at Ferry Hall Seminary, Lake Forest, September 18, 1900. Miss Petesch will be pleased to receive beginners and advance pupils. Special attention is called to the fact that she is successful in teaching children. The method used is the most complete and easiest. The reorganizing and enlarging of the Ferry Hall Mandolin and Guitar club will begin September 18. For further information address Mandolin and Guitar Studio, Ferry Hall, Lake Forest, Ill.

Prosperity.
Henry Detmer, our young mason contractor, is so driven with work that he hardly knows what to do. He has just completed the foundation and first part of the mason work on John Gallagher's new house about opposite Lawyer Cole's on S. Johns avenue. Thursday he and his men began work on President V. F. Hogan's new residence just east of his store and business block. This is a rush job as Mr. Hogan wants to be all settled in his new home when Bryan is elected president.
