Mrs. Ten Broeck told us a good story the other day. A man had the habit of talking to himself, a very common habit among men of superior talent. Someone asked him why he did it and his laconic, truthful answer was: "Because I like to hear a sensible man talk."

We forgot last week to mention the fact that Alex Scott, of the water works, called on his friend Todd, at Deerfield, a few days fore and went out into the Todd garden and picked a box of fresh strawberries from the vines. Strawberries and cream is a rare dish in October in this latitude, but our "Alex" had 'em.

The new Andre Matteson house on Hazel avenue just beyond Dr. Sweetland's is going up, and no better foundations were ever laid in this town. Twenty-four inch footings for all the walls.

George Hesler, the mighty hunter of south town, put his new bait, which he built this summer, and set decoy ducks, which he also made the cars for lake Koshkonong, Vt., last week and went up there himself for a month's shooting. He will send the game to Chicago by special express every night. What he doesn't

know about shooting ducks is not worth knowing. Success to you, neighbor.

The roof, lath and plastering of the new Ecan's block are all on. Monday the carpenters will hang the doors, put in the windows, and Mohr the barber, will set up a day or two later. That's a rush.

The high school football team met the N. M. A. second team Wednesday on the Academy grounds. The high school boys came off victorious, the score being 25 to 0. Hurrah for the boys!

Dr. and Miss Bean drove down from Waukegan Thursday, took dinner at Ex-Mayor Evans, looked over the town and drove back to their home in the afternoon. The Doctor not only knows all about pills and plasters but the same about Morgan horses, the pride of Vermont.

Don't fail to read the election ode of Robert Burns, Jr. When his father heard his son was writing a Republican poem he said he would write one himself for the Democrats. Hence you may look for Burns, Sr.'s ode next week. In our humble opinion the son is a "wee bit" smarter than his father. Such cases sometimes do happen.

If you failed to register as a voter Tuesday, the 16th, you will have one more chance two weeks from that day, Tuesday, Oct. 30th. All south of Vine avenue and east of the track register at the new library building; all south of Vine west of the track at H. M. Prior's office, and all north of Vine on both sides of the track at the village hall at Highwood. Don't fail to register. If you do you can't vote, but you can yell for the candidates.

We engaged Henry Dittmer to lay a cement floor in the basement of our barn. He had his hands so full of mason work that he sent Olaf Lindbom to do it. He and his helper spent two days on the job, four inches of cement and gravel well tamped down and then an inch or so of finish cement "torpedoed." It is a first-class job in every particular and we are as proud of our new cellar as McKinley will be if he is elected.

Miss O'Brien and Mrs. Struck will move Monday from the McDonald block into the Ingleside Hotel block, next door to the News Office. They opened up their store last spring and have been so successful that they feel obliged to get new quarters on the aristocratic avenue of the city. That means success and their new store in the new block and we congratulate them and commend them to the ladies of the Park.

The Gas Co. has nearly a mile of mains laid underground on Sheridan Road north from Park avenue. Mr. Lester Price (formerly of the Northwestern Gas Light and Coke Co. at Evanston) is manager and has established temporary quarters at J. H. Duffy's express office. The gas company are to build an office as soon as suitable grounds are obtained.

Rector Wolcott reached home on Saturday last from his three months vacation very much improved in health. He has done just what he needed - rested. He spent about twelve days each way on the ocean, then two weeks in London, three in Oxford, ten days in Edinburgh, a short time in several other notable places. He is happy to be home again and his people were very happy to see him in his accustomed place last Sunday.

The Highland Park Woman's club will meet on Thursday, Oct. 25th at Library Hall. This is the first of a series of study classes, on the topics chosen by the club for the winter, viz: "Witch-Times." An interesting program has been prepared including papers on the following topics: Occult Sciences, by Mrs. George B. Cummings, the leader for the afternoon; Superstitions of the Greeks and Romans, by Mrs. Bastin; Superstitions in Medicine and Surgery, by Dr. Lynch; and Magic and the Supernatural Among the Orientals" by Rev. A. A. Pfanstiehl. Mrs. Geo. W. Burke will sing. The husbands of club members are invited to be present.

1850-1900.
We wish to congratulate our contemporary, the Waukegan Gazette, on completing in so successful and honorable a manner the first half century of its existence. That event occurred last week Friday, Oct. 12 A. D. 1900. It is a somewhat memorable event anywhere and for any paper to round out a full fifty years of journalistic life and much more so when all the record of those years has been the case with our neighbor.

Waukegan was a small country village then, Lake County covered just as much territory then as now, but the "folks" were not here. It was a day of small, but solid, sure things and the Gazette decided to start in and grow up with the county. It did so, and more, much more in fact, for it has been from the first a very important factor in building up the county, developing its resources and establishing high standards in personal, social and political life.

Though its politics are sometimes a little stroug for us, with the free breeziness of our own Green Mountain ranges, it has always been true, honest and manly; never factious, pugnacious or unmanly. It has no use for kickers or sowers of wild oats. Lake county owes a great debt to the Waukegan Gazette.

Let us add that we wish its editor would use his facile pen in a few

historical reminiscences of the five decades of its history, and in this request we are sure all its thousands of readers will join. Here is our and you know where our heart sympathies are.

PROHIBITION RALLY.

A public meeting will be held at the Military Academy gymnasium next Thursday, the 25th inst., commencing at 8 o'clock p. m. Hon. Frank S. Regan, of Rockport, will give one of his inimitable chalk talks. Prof. H. D. Patton, Judge V. V. Barnes, Prohibition candidate for governor, and others will discuss the political problems of the day. The public is cordially invited.
BY ORDER OF THE COMMITTEE.

Republican Club.

Our local McKinley Club will have a meeting this Saturday evening October 20th, in McDonald's Hall. They have secured as the attractive bright particular star of the evening William J. Calhoun, one of the finest speakers in the west.

Mr. Calhoun has attained national prominence both as Interstate Commerce Commissioner under McKinley and as special Commissioner to Porto Rico at the close of the Spanish-American war. It is said that the President relied chiefly on the information Mr. Calhoun secured during his trip of investigation in determining the condition of the country and what its status should be in the future.

Mr. Calhoun is a near friend of the President, and a great drawing card as a speaker. He practiced law for a number of years in Danville, Ill., and is now a resident of Chicago, and a member of the well known law firm of Pam, Calhoun & Glennon. His summer residence is now in Highland Park and it is largely by his local sympathies that Mr. Calhoun has been induced to speak here.

Unity Home.

How many of our people know that right down here in Glencoe this institution for the care of aged, needy women is happily located. It is very comfortably housed, admirably managed, and is out of debt. "Owe no man anything," is one of its mottoes. It deserves and enjoys the confidence of the public so far as it is known. It has no color line. Christianity had none, and this home is one of its ripened fruits. We know but little of it, but from what we do know we can most heartily commend it. Look it up, see for yourself, and then act accordingly.

SITUATION WANTED.
