The residents in block 23, on Central avenue are up over the idea of the gas folks their mains down that street want them in the alley. They want that fine street torn up, nor their shade trees along the sidewalk destroyed by leaking gas, and they are right.

The teacher's in our public schools, and others whose knowledge runs back a few years, will renew pleasure Miss Jennie Galle of the teachers of that day

will be pleased to know that she was married last week, Wednesday, October 24th, in Tecumseh, Mich., to Mr. Albert Waring.

It seems that the property owners on Port Clinton avenue are once more thwarted in their efforts to get that street paved. There is a difference of opinion whether the blundering this time is the fault of the city attorney or of the board of improvements, or both.

There is a fair showing of women considering the high social tone of the city where society ladies don't like to soil their delicate fingers with ballots. We hope also something better than an old cigar box fastened by being wound with a few yards of old copper wire and secured with a broken lock, will be provided for the women's ballots.

Owing to the election next Tuesday the Library building will be in use for voting, therefore it cannot be used for any other purpose, so the public library will be closed for that day. Any books due on that date, will be renewed until Saturday, November 10th.

M. A. JENNINGS, Librarian.
The Highland Park Woman's Club will be forced to postpone its regular meeting on Tuesday, Nov. 6, as the library building has been rented as a voting place precludes all but national business transacted within its enclosure. The postponed afternoon will have the date fixed at the pleasure of Mrs. Kathrine Waugh McCullough, the essayist of the afternoon. The next regular meeting will be on Tuesday, November 20. Topic: Witchcraft.

Under the new time table the electric road cars run south from Central avenue as heretofore (at 8, 28 and 48 minutes after the hour) until 9:48 p. m. then at 10:28, 11:08 and 12:48—last car to Evanston. They run north as heretofore (12, 32 and 52 minutes after the hour), until 7:52 p. m. after which the cars to Waukegan leave at 8:32, 9:12, 9:52, 10:32, 11:12, 11:52—last car to Waukegan; and those at 8:12, 8:52, 9:32, 10:12, 10:52, 12:32 and 1:12 stop at the Highwood power house.

Mrs. Prof. Elisha Gray has begun the erection of a fine new house on her lots 6 and 7, in block 50, just east of Mrs. Seach's place. Those lots make one of the most desirable locations in the city, a block from steam and electric cars, postoffice and the groceries, banks, drug stores, etc., near the churches and only a pleasant walk to the lake. The house will be a wood two-story about 30x50 ground dimensions and ready for renting next season. Henry Dittmer has the mason, and Julius Zimmerman the carpenter work contracts.

Rev. C. N. Dubs, a former pastor of the United Evangelical Church, some time ago selected to be a missionary to China, will address the congregation of the United Evangelical Church on next Sunday evening. This will be to us his farewell address as he leaves for California three days

later and will with his wife and son take ship for China November 20. He was pastor of the above church for four years and is kindly remembered by all. Many, while they bid him God's speed, feel sad to see him go to China.

Mrs. August Nafe, up at the north end of town has some geraniums which are entitled to vote next Tuesday, being twenty one years old. The finest one of her lot is a "General Grant," a large double scarlet flower, and the plant is very stocky and vigorous. She digs them up from her garden each fall, shakes all the dirt off the roots, and by a stout cord tied about the stalks just above the roots she hangs them upon nails driven into the floor joists of her cemented, even temperature, non-freezing cellar, under her sitting room and they keep perfectly. If it was damp they would die. About the first of March the new leaves start and in early May they are planted in the garden, about six feet apart so they have plenty of room for growing.

Your watches, clocks and jewelry to Levin, the jeweler, and you will have good time.

Hallowe'en.
Hallowe'en was very generally observed all over town by society people. Dinner parties were given by the families of L. G. Yoc, Frank C. Brown, S. P. Child, Mrs. E. E. Gray, to Chicago and other friends, which were followed by a general society gathering at the Club house for a dance. Although the rain came down in torrents much of the evening it apparently made little or no difference, for social functions know no postponement on account of the weather.
