**VOL IX. FRIDAY, MARCH 8, 1901. NO. 15**

**Highland Park.**  
 Best corsets for \$1.00 at Mrs. Bohl's.  
 Mr. L. Loeb with L. H. Frieberg were in town Wednesday.  
 Mrs. Edward Moore is quite sick at her home on second street.  
 Your name engraved on fifty cards with place for ninety-five cents.  
 C. M. Schneider, Jeweler.  
 We are sorry to learn that Arthur Evans of the electric railroad is too sick with tonsillitis to attend to business.  
 Mrs. Samuel Levin is visiting her old home in Marengo, Iowa. Mrs. Levin will return the latter part of this month.  
 A large Crayon free with every dozen at Hornes, a lot of fine and handsome photo frames just arrived. Very cheap.  
 All kinds of music boxes cleaned and repaired by C. M. Schneider the jeweler, Highland Park and Winnetka.  
 Mrs. Jonas Steele has rented her Norton house to Judge Green's family for another season, and some people want her cottage also.  
 Some seventeen sons and daughters of old Devonshire, England, are living in this city and Judge Hibbard is making up his list to send over soon.  
 Special inducements for March at The Ladies' Bazar. Mrs. Bohl, Tel. 302.  
 That spruce young fellow on the east side, who put on his summer underwear last Sunday, was heard soliloquizing Tuesday morning, "what a gosh darned fool I was."  
 Some one asked; "What is the patent inside of a country newspaper for?" Editor: "Why, don't you know its so our contemporaries can cut copy without spoiling any."  
 Sewing machines cleaned and repaired by C. M. Schneider, the jeweler, Highland Park and Winnetka.  
 Albert Larson, the genial clerk in Mr. A. P. Dunn's stationary store, is conducting the business in the absence of Mr. Dunn who is visiting his old friends in Galesburg, Ill., where he will probably spend six or eight weeks.  
 Mrs. Frank B. LeFeber of Indianapolis, is visiting her parents, Mr. and Mrs. Watson of the Rail Road Men's Home. Mrs. LeFeber is on the way to Ceder Rapids, Iowa, where her mother will accompany her for a short visit.  
 Fred Schumacher is making something entirely new in chocolate candy. Stop in and sample it.  
 A young lady of this city has been obliged to go way over to Michigan for a husband. She is to marry the son of a wealthy, prosperous farmer and proprietor of a big summer resort. Come boys, spruce up and stop this kind of business.  
 It is reported that the pleasant little Stubbs cottage is rented but to whom we have not learned. It is one of the most charmingly located places in the city and henceforth will have the added attraction of the "New Jerusalem" directly opposite.  
 Mrs. Prof. Gray has rented her new house to Mr. Rutter of Chicago for two years. Messrs. Dittmer &

Zimmer the contractors are out of it this month so the painters and decorators can put in their fine touches, and all be ready by May first.  
 A cup of delicious coffee, make a good breakfast. To have the best buy Seal Brand Java and Mocha. F. M. Evans, Sr.  
 Dr. Bergen has rented three stores in his new block. The north store to Mr. Schneider the jeweler, the middle one to Mr. Hartman the news man, and the south one to Mr. Sullivan, the plumber. That leaves no place for a new and larger post office which we all want.  
 Ben Frieberg has rented the Bayse livery barns for five years. He takes possession March 15th and when some improvements are made will have a first class establishment. "Ben," knows how to run a livery, keep his carriages, harnesses, etc., in good order and above all he knows how to feed his teams.  
 Save a dentist bill by using Schumacher's antiseptic tooth powder.  
 We have no "engagements" to report this week, but we learn on good authority that one of the popular clerks of our city has been "exposed." Indeed Cupid has vaccinated him by lodging the virus in the very core of his heart, and it is working satisfactorily. His outlook is highly favorable.  
 This is not a solitary case by any means.  
 The 1st annual charity bazaar of the Locomotive Firemen of Cook county for the benefit of the Rail Road Men's Home was held at the Auditorium in Chicago, Feb. 28th, and was successful. The Grand March was led by Mayor Harrison and 1,300 couples follow. Will reach about \$1,500 for the Home.  
 Sparkling Spring Water, 1 gallon can, 80 cents. No charge for delivering. Wm. Tillman, P. O. Box 450. Telephone No. 494.  
 George Bock, who went to Hot Springs, Ark., the first of January, reached home last week. He had a delightful time; people down there were picking field flowers, making gardens, sitting in the shade and ladies were wearing shirt waists when he left, and he found a zero weather and two feet of snow quite a change.  
 Clementine, only son of attorney K. R. Smoot is developing into a first class athlete, as well as a classical scholar at the Lake Forest academy where he is fitting for a brilliant career in college. His father and mother both being graduates of the Michigan state university, may be so loyal to their alma mater that they may send their promising son to Ann Arbor.  
 Have you tried Schumacher's antiseptic Tooth Powder. It preserves and cleans the teeth and purifies the breath.  
 Banker Erskine has associated his younger brother Robert with himself in the real estate department of his constantly enlarging business.

The firm will handle real estate all along our North Shore from Chicago to Waukegan, have already made sales in several places, and have several more on the string. It is a strong business combination that our property owners will welcome.  
 The tribe of Brand all went over to Wheeling last Saturday to help their sister Mrs. Westling celebrate the thirtieth anniversary of her marriage. Of course they had a good time, plenty of pies, doughnuts, roast turkey, etc., all cooked like mother used to cook them. The Brands are very clannish and as a family they keep up the family bond and we honor them for it. "Blest be the tie that binds."  
 "Mac and Teddy" were inaugurated Monday in Washington and forty thousand people more or less, lost their time, wasted their money and took cold and many will die of the day's exposures—all for what? Old Barnum the showman was right; the American people like to be fooled even if they have to make fools of themselves to do it. Those who went to see the strenuous "Teddy" kill a bear, or lasso a steer were disappointed.  
 Charles Snyder, our young railroad man, is off on a two or three weeks vacation. He will take in the Mardi Gras in New Orleans, a sight to be seen by any one who has not witnessed it, and then he will stop at the Hot Springs in Arkansas and get the yellow fever out of him and then home. Charles is one of our rising and promising young men, and the C. & N. W. folks are to be congratulated on having him in their employ.  
 The firm of Evans Brothers has dissolved by mutual consent and Fillmore M. Evans continues the business at the same old stand, same old clerks, etc., but not the same old goods for he sells so much. Everything is fresh and new. Everything seems natural as of old except we don't see any "Tom" about there. "Fill" will make a booming success of it, besides shutting up shop one day to help on the prospective wedding of one of the clerks, perhaps two of them?  
 Our city clerk John Finney has sold his nice home up on the Sheridan Road to some Chicago gentleman who wants a fine country home and he shows his good sense. We are told "John" proposes to build a new house on his Central Avenue lot near B. W. Whites. The avenue frontage is one hundred feet wide, while the Road is a narrow street and our friend wants room. It is not everybody that can live on a broad street.  
 John C. Rogan after a long time service with the Electric Light Co., as an expert and efficient workman, has set up business for himself. He knows the business thoroughly and is reliable. He has done work for us to our entire satisfaction and we like to encourage good workmen to start out for themselves and like to give them a lift when we can. Do thou likewise.

**Northwestern Military Academy Notes.**  
 A large number of cadets, under the leadership of Major Davidson, attended the Sportsman's Forest, Fish and Game Exposition, at the Coliseum last Saturday evening. The boys were much pleased with the trip and report a good time.  
 The cadet indoor base ball team defeated the Chicago Atheneum team, last Wednesday by a score of 9 to 15. The game was hard fought from start to finish but the Atheneum boys were no match for the cadets.  
 The mid-winter examinations are all over and now the boys are getting down to the last half year work with a vim that promises good results.  
 The Junior "Lits" have just finished Shakespeare's "Merchant of Venice" and are now at work on Arnold's "Sohrab and Rustum." The Sophomores are working on Scott's "Lady of the Lake" and the Freshmen on Hawthorne's "Marble Faun."  
 The Junior class covered themselves with glory, in their Washington's birthday hop, which was a brilliant success, but the boys are not content to rest there. They are now preparing for a minstrel show which they will give in the near future and in which they intend to out-do the Seniors in their recent entertainment.  
 Prof. Guyton, formerly musical director and leader of Vories Business College band of Indianapolis, now has charge of the cadets' band.  
 Fred. C. Rice, formerly captain and adjutant of the N. M. A. cadet corps, Prof. A. P. Allison of the Highland Park high school and Mr. and Mrs. Boyd of La Porte, Ind., were among our many visitors last week.  
 The NEWS-LETTER credit the Highland Park Bank with having the largest calendar in town, but instead of the "largest" it should have read, one of the largest, for the bank calendar is a duplicate of the one which hangs in the walls of the N. M. A. general assembly room.  
 Mrs. H. P. Davidson started for a visit to Avon Park, Florida, last week, one day, to return later in the spring with Miss Alice Davidson who has been spending the winter there.  
 At the Wednesday inspection, Cadet Smead of South Dakota received the "orderly" appointment, for soldierly bearing, care of equipments, and neatness. There is a great amount of rivalry over the number of "orderlys" as the cadet making the highest number receives an appointment as Lance corporal in June.  
 The Officers Club is our latest organization. The boys are fitting up a club room in the tower and the Academy is putting in a special stairway for their convenience.  
 The cadets defeated the Chicago Manual Training school indoor base ball team, last Wednesday by a

score of 28 to 8, thus defeating two city clubs in succession. The Manual Training boys took their defeat gracefully and in order to sample the Military Academy fare stayed over to tea with the cadets. The cadet team pays a compliment to Highland Park by saying that the Highland Park High School and the Bible class teams are the strongest they have met this season.  
 The gun club is getting out its decoy ducks and otherwise preparing for spring shooting. Major Davidson walks with his head high in the air, his eyes cast heavenward, hoping to get a glance of flying geese or ducks. We presume that ere long he and Mrs. Davidson will take their annual spring duck hunt which of course means our usual good dinner when they return.  
 The cadets are much pleased with the University extension lectures, given by Prof. Sparks. They were especially well pleased with Tuesday night's lecture on Alexander Hamilton and anxiously awaiting the one on Washington.  
**New Firm.**  
 The well known grocery firm of Evans Brothers dissolved partnership March 1st. The business will be carried on by Mr. F. M. Evans, who needs no introduction to our readers. He has resided in this city for 23 years and has long been known as one of our leading business men. He will continue to carry a large stock of staple and fancy groceries and will be pleased to have a share of your patronage. We bespeak a large patronage for the new firm.  
 With a large corps of efficient assistance he will be able to supply your every need.  
**A Life time Chance.**  
 You can get a set of Battenberg curtains, two pairs for a penny.  
 Call at Mrs. Bohl's Ladies' Bazar and ask to see them, and she will tell how easy they can be obtained.  
**Change in Service.**  
 The following changes in the hours of service at the church in Ravinia have been made by the pastor, Rev. U. S. Villars.  
 Sunday school at 2:30 p. m. instead of 3 p. m. as formerly  
 Preaching at 3:30 p. m. instead of 7 p. m. Ravinia people please take note of this.  
**High School Notes.**  
 The pupils in the chemical laboratory, are making tests for starch and grape sugar in various substances and compounds.  
 C. E. Schaeffler, a member of the board of education, visited the school this week and gave valuable assistance in the preparation of our music for the opening next week.  
**Low Rates South.**  
 On the first and third Tuesdays of each month tickets will be sold via Cincinnati and the Queen and Crescent route at gratly reduced rates, address,  
 W. A. Becker,  
 N. P. Agt. 113 Adams St. Chicago Ill.
