

There is a prospect that the celebrated Iowa calf case may find a counterpart in litigation now in progress in Wisconsin. In August last some pigs belonging to Gustave Hedke, of Mount Pleasant, camped on the land of a neighbor named Peter M. Anderson, with whom Hedke was at outs. The former threatened suit for trespass, but a third party was agreed upon as a referee. He assessed damages at \$3, which Hedke, however, refused to pay. Anderson went to law and secured judgment in the sum of \$2.25. This was confirmed on appeal, and now Hedke will take the matter to the supreme court.

On a wager of \$100 T. S. Van Kirk, a contractor of Paterson, N. J., constructed a carpenter shop 50x80 feet and two stories high in four hours. Time was called at one o'clock in the afternoon and the men sprang at the job, each having been carefully drilled in what he was to do individually and as part of the force. The building had to be weather-proof, floored, roofed and ready for occupancy. The work was completed in an hour inside the specified time.

Thirteen years ago Sim Bell and his wife, of Ottumwa, Ia., quarreled because they could not agree on a name for their baby daughter. From that time neither spoke to the other until last week, when both happened to attend the same revival meeting in a local church. The excitement at this gathering broke the long period of silence, and now they are fully reconciled.

Near Burr Oak, Kan., a prominent stockman who has been losing many hogs by theft employed a detective to ferret out the thieves. The detective succeeded so well that he soon uncovered a gang of stock thieves of whom the prominent stockman's own son was the leader. Four of the gang are now in jail and the rest, including the son, have fled.

The announcement from Chicago that a salt solution would make the strips of a dead heart palpitate has been hailed as the discovery of an elixir of life, and now a Chicago physician says that unless the wholesale use of salt is checked the city will be suffering from insecurity.

Brazil had 100,000 acres of coffee trees in 1800. Now it has two and a half million, producing 90,000,000 pounds a year.

A WORTHY SUCCESSOR.

"Something New Under The Sun"
All doctors have tried to cure CATARRH by the use of powders, acid gases, inhalers and drugs in paste form. The powder dries up the mucous membranes causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while pastes and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a close study and specialty of the treatment of CATARRH, has at last perfected a treatment which, when faithfully used, not only relieves at once, but permanently cures CATARRH, by removing the cause, stopping the discharge and curing all inflammation. It is the only remedy known to science that actually reaches the afflicted part. This wonderful remedy is known as "SNUFFLES" the GUARANTEED "CATARRH CURE" and is sold at the extremely low price of One Dollar, each package containing internal and external medicine sufficient for a full month's treatment and everything necessary to its perfect use. "SNUFFLES" is the only perfect CATARRH CURE ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammation quickly and permanently and is also wonderfully effective to relieve HAY FEVER or COLD in the head.

CATARRH, when neglected, often leads to CONSUMPTION—"SNUFFLES" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure CATARRH in any form or stage if used according to the directions which accompany each package. Don't delay, but send for it at once, and write full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "SNUFFLES" the GUARANTEED CATARRH CURE.

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address Dept. 1, EDWIN B. GILES & CO., 100 and 2332 Market St., Philadelphia.

A FOREIGN GRIST.

The average rent of a Spanish bull-ring is £1,301. There are 99 in all. In Honduras \$24 (gold) per 1,000 is considered a high price for coconuts.

In 1900 the German mints coined \$36,425,000 in gold and \$5,925,000 in silver.

Great Britain and Sweden are the only European countries which do not tax sugar.

The colonies of Britain are 97 times her own size; those of Austria are 1-10th her own size.

The apartments of deceased kings of Italy are left absolutely untouched for two generations.

Spain and Russia are the only European countries which produce more wool than they consume.

Rangoon grows faster than any British city. Its average rate of increase is 3 1/2 per cent. a year.

A new map of India, 16 miles to the inch, is about to be begun by the Indian survey department. It will cover 106 sheets.

The Indian salt tax brings in £8,000,000. The consumption in India is ten pounds a head, as against 72 pounds in England.

Every European country gained in population during the last century, except Ireland, which fell from 212 to 1-3 per square mile.

A club of divorced women has been formed in the Austrian capital, the object being to provide the comforts of home for all women who have been compelled to divorce their husbands. Legal aid will also be furnished to women seeking freedom from irksome bonds and every effort will be made to secure reform in present marriage laws.

IN THE NAME OF CHARITY.

Over £10,000,000 sterling is spent every year in charity in the United Kingdom.

England spends £8,400,000 a year on her paupers; Scotland, £900,000; Ireland, £1,400,000. France spends altogether less than £1,500,000.

Poor-boxes were fixed up all over the Paris exhibition. When opened they were found to contain under £2 10s., the offerings of the many millions of visitors.

The latest labor-saving contrivance is said to be an electric collection box. No sidesmen are required, for as soon as the clergyman has touched a button in the pulpit the box runs along wires from pew to pew, and the congregation do the rest.

During the year just ended the total amount of public bequests in this country was \$32,461,644, against \$79,749,966 in 1899. The amount given to educational institutions in 1900 was \$34,932,644; to charities, \$13,621,722; to churches, \$8,800,605; to museums and art galleries, \$2,145,333, and to libraries, \$2,961,000.

TRADE AND FINANCE.

Since 1840 banking capital in England has increased from 122 to 920 millions.

Ireland made 190,000,000 yards of linen in 1866. This has now dropped to 140,000,000.

Great Britain's mining population grew from 300,000 to 1,600,000 in the past century.

The annual exports of coal and coke from Great Britain aggregate nearly 50,000,000 tons.

Seven thousand and fifty-seven English people became bankrupt last year. Of these 373 were women.

On the £88,150,000 invested by English towns in municipal trading, a yearly profit is made of £3,600,000.

There were 500 bankruptcies a year in Great Britain between 1790 and 1800. This number has grown to 14,000 a year for the last ten years.

It is estimated that during the first five years of this century the enormous sum of \$100,000,000 will be expended by purchasers of automobiles.

LITTLE PAPER FACTS.

Australia has 170 daily papers—just double Belgium's number.

Four and one-half tons of cotton rags will make two and four-fifths tons of paper.

England's consumption of paper is 13 pounds a head, that of Russia and of Turkey one pound a head only.

In Great Britain there are only 53 books in public libraries to each 100 of the population. France has 129 and Denmark 412.

Thirty thousand tons of writing paper a year, and 150 miles a day of wall-paper, is the output of the largest paper factory in the world.

SHIPS THAT SAIL THE SEAS.

Britain adds 600,000 tons a year of new ships to her commercial marine.

One hundred and ninety-four ships are annually burnt at sea; 183 are sunk by collision.

The anchors of a vessel of 3,000 tons weigh 18 tons, and she carries 300 fathoms of cable.

No weekly newspaper ever succeeded that did not get the subscription price IN ADVANCE. You ask why?

Some people think it is a cute thing to take a paper as long as the publisher will send it, and never pay for it.

Then again, we are now having to pay 10 per cent for collecting hundreds of subscriptions after waiting from one to four years for subscribers to come in and pay up.

The people who kick the hardest and complain the most about the lack of news, etc., in a paper are those who owe from one to four years back subscription. If anyone is too poor to pay for the paper within 60 days after due, just call and tell us and we will make you a present of it for one year. For the enlightenment of people who have been reading in Chicago papers about Mayor Gorton and his resigning, we will state that the stories are mostly newspaper stories.

Mayor Gorton has not resigned. He has just been re-elected by a unanimous vote, to the most responsible and honorable position within the gift of the people of Lake Forest and despite the untiring efforts of a certain element to worry matters into a state of affairs of their own creating he will doubtless let them talk, write and tire themselves out while he will give the city the same judicial oversight he has the past seven years.

Mayor Gorton is the man the people want as was shown by the ballot Tuesday, and Mayor Gorton is not the man to disregard the wishes of so many even if it does mean self-sacrifice.—Lake Forester.

New Enterprise.

We, the undersigned citizens of Niles Center, Ill., do heartily recommend the Northwestern Feather Renovating Co., who have removed from this place to Highland Park, as an honest and square dealing company. They work on strict business principles, doing just as they agree. Their work is faultless, and out of their many hundreds of customers we have not heard of one single complaint. Our good wishes go with them.

Ira Parobeck, Geo. Klehm, P. M., Michael Harrer, Adam Barge, Nick Kirsch, E. Blamenser, M. Blamenser, J. Kindt, Samuel Meyer, Geo. F. Woolf, Theo. Weis, W. D. Ross, E. B. Schoeneburger, J. G. Ostegle.

This company is now located in James McDonald's building on St. Johns avenue open and ready for business. Our process is steam clean and steam dry, leaving the feathers in a healthy condition, freeing the feather of moth and moth egg, also removing all bad odors, dirt and matted conditions. Each party's feathers cleaned separately. Agents will call and deliver work on short notice.
