

WINNETKA DEPARTMENT

WINNETKA DEPARTMENT. SHERIDAN ROAD NEWS-LETTER.

ROGER L. MORRISON, Local Editor.

Mr. Morrison is authorized to receive subscriptions, advertisements and orders for job work. Call on him for rates.

The N. T. H. S. students had their pictures taken last week.

Mrs. J. L. Dale is gradually recovering from her long and tedious illness.

Mr. Geo. McKinney's new residence on Hazel street is now well under way.

Mrs. Alice L. King, of Chicago, has been visiting her aunt Mrs. M. F. Prouty during the week.

Maud Bradford is still very weak and will not be able to take up her school work again this season.

Pres. F. E. Herdman is still in New York, and Mr. Geo. Baker is acting as vice-president of the village.

All the friends of Clarence Steele sincerely hope that he will soon be able to get out amongst them again.

H. F. Thurston is taking a trip through the southern states. He expects to be away about three weeks.

Master Daniel Noe is still on the sick list. Mrs. P. E. Noe has secured the valuable services of Miss Paterson as his nurse.

Mrs. Finley has purchased an up-to-date refrigerator. Every good house ought to have one. Be sure to get locks attached.

Mr. Lucas and family will depart from Winnetka the 1st of June, as Mr. A. Turner has rented their home for the summer months.

Mr. Cisco has resigned the stewardship of the Winnetka club owing to the trying circumstances he had to work under during the past year.

Master Teddy Finely is suffering from an accident to his foot. While playing the other day he had the misfortune to run a nail into his foot.

An operation was performed on Miss Grace Graves a few weeks ago in a Chicago hospital. She has since been removed to her Winnetka home and is doing well.

Miss Helen Densmore, of Winnetka, is engaged to be married to Mr. Leo Salvage, of Chicago, on June 5. All her village associates tender their congratulations.

Deputy Assessor Mr. Carlton Prouty has finished taking the personal property schedules and made his return to the board of Assessors of Cook County on Saturday of last week.

Wilson & Marshal, architects of the new Houghteling residence, have let the contract of plastering to Hausen & Hoth, of Winnetka. They have also secured the new houses of Mr. J. F. Potter and Julia F. Potter, from Architect Otis.

The N. T. H. S. held their athletic meeting May 22 and elected James Hoffman as captain and Clyde Honeywell as manager of the second baseball team. The first team plays a game with a picked team from Winnetka on Saturday at 3:30 p. m.

When the C. & N.W. railroad hires a man to tend the gates at a crossing they don't mean that he should work for another party or be careless in getting down the gates in time and endanger the lives of the occupants of vehicles and those on foot.

Walter and Louise Buckbee, after a winters stay in Mexico, returned home last Friday. Walter, as you probably know, has had the great misfortune to become blind, and not having the exercise he is accustomed to has also added another misfortune and that is lung trouble. All his Winnetka friends deeply sympathize with him and the family.

The Woman's Guild of Christ Church held their annual meeting two weeks ago last Wednesday and the following officers were elected: Mrs. J. L. Houghteling, Pres., Mrs. J. G. Weart, 1st Vice Pres., Mrs. J. Pugh, 2d Vice-Pres., and Mrs. C. W. Tostevin, Sec. and Treas. Meetings of the Guild will be held every Wednesday afternoon at the Rectory.

On May 16th a baseball league was organized. The teams which the league is composed of the several north shore towns, are as follows: Winnetka, Wilmette, Cuyler, Highland Park, Battery B of Ft. Sheridan and Highwood Grays. Mr. Powers of the Record-Herald was elected president, R. Hagler, secretary and treasurer. The Winnetka nine seem to have considerable trouble in getting enough money for uniforms, and they hope after they have shown that they mean business, the people will be as liberal as usual. The first game for the Winnetkas will be Decoration Day at 3 p. m. in the Park.

Next Monday Roger Morrison leaves for the wild and woolly north west, or rather the Kiowa, Apache and apache reservations. He is going to act as an advance agent for some friends who are contemplating on taking up claims in the reservations which are going to be opened possibly during August next. He expects to make a tour of the country providing conditions are favorable, in a wagon and tarry along the way. The rest of the Oklahoma aspirants are very envious of him, but nevertheless in a few weeks they will be there to do the same thing. His Winnetka friends wish him joy and success in whatever he undertakes.

N. T. H. S.

There is a certain man who lives on Bradstreet and he Hewes own trees all Day. When he is tired he goes to a Hunnewell and drinks his fill. But one day the well dried up and he was obliged to Thurston. As it was a warm Day, he sat down and began fanning. When he reached home he found that his wife had had a sunstroke. The Doctor told him to Kaner and then to Packer. After doing this he went into the back yard and listened to the Winslow moan. After his wife recovered from her sunstroke she got the measles and her husband got out of the house so he wouldn't get them. But after this attack his wife was very Cross and wouldn't eat. So they got the Baker to Cramer. Then this man went and sat in a wheelbarrow in the yard. Now, a naughty little boy had put something in that wheelbarrow and when the man got up his coat was all Axell-grease. He then caught the boy and said: "What did you do that for?" The little boy could not explain, but said he was Derickson, so the man applied the Birchard and fanned his head till he ran home feeling quite smart. Then the man, who felt warm and angry, went into a neighboring Dale and sat down by a little Eddy. This made him quite cool; besides, the birds began to Carroll and he felt quite Gay. Meanwhile the little boy ran on and soon met the Lastman, who began to Mock him. He didn't like this, so he went to the Smith, who tried to tease him by putting a Sieber in his hair. When disgusted with all mankind he went down to the Beach. Having hated himself on a Greenebaum, he began to whittle, but soon cut himself on a

knife that was Sharpe. Not being able to bandage his own Powell (paw well), he ran home. On the way his boy friends got him and bent him with a club on the head, but as his head did not break, they said that he was quite Scully.

A Gentle Hint.

In our style of climate, with its sudden changes of temperature—rain, wind and sunshine often intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, half the deaths resulting from this cause. A bottle of Boschee's German Syrup kept about your home for immediate use will prevent serious sickness, a large doctor's bill, and perhaps death, by the use of three or four doses. For curing Consumption, Hemorrhages, Pneumonia, Severe Coughs, Croup, or any disease of the Throat or Lungs, its success is simply wonderful, as your druggist will tell you. Get a sample bottle from G. B. Cummings. Regular size, 75 cts. Get Green's Prize Almanac.
