We wish to say a few words concerning prices as listed by ourselves and others. Prices in the florist business are incleative and relative. They say really nothing and no positive information is expressed. CUALITY VARIES SO, and necessarily so that your judgment as to the cheapest and best place to buy, must be based not on quotations but on the reputation for FAIR BUSINESS ME HODS of the tirm issuing them.

On this basis we seek your orders. Our prices for the coming season may or may not be lower than those you receive from others, but:—the orders we shall deliver will be their class up to grade, and the prices charged you for the same will be the lowest consistent that can be made. Your orders will get prompt and careful attention, they will be carefully packed and delivered, in so tar as lies within our power, on time and so as to reach you in good condition. ANY FAULT OF OURS WE ARE AT ALL TIMES READY AND WILLING TO RECTIFY. We have been in business for a number of years and expect to stay. We are not exploiting the public for immediate profit, but are engaged in an EARNEST EFFORT to create a set of satisfied customers with continued reasonable profits in the future as our goal.

We have a large stock of EVERYTHING SEASONABLE.—Try us. Our line of Plants and Flowers for School Closing and Decoration Day is unsurpassed,

Our four houses are filled with the most complete stock of bedding plants of any firm on the North Shore We have the stock on hand, and of our our own raising, right in Highland

Besides our greenhouses, we have four acres devoted to nursery stock and can supply you with a superior grade at prices to compete with the agents of foreign grown stock, and if our goods do not prove true to name, or should be unsatisfactory in any way, we are here the year round (not working for a commission) and you can have our goods, that do not come up to expectations or should die, replaced right away, which never is the case with the agents of

outside firms, who, after they get their commission on your order, are done with you. Our reputation on the north shore is based on the character of the work we have done in the last five years and we can refer with pride to the work done for any of our customers in
