Rector Walcott took in the Horse Show in Lake Forest last Saturday afternoon, and a bounteous dinner in the early evening. The proceeds were for the new Episcopal church and he was very naturally interested.

If you want some "just as good" "I make it myself" Remedy, try an imitation Rocky Mountain Tea. 'Twill make you sick and keep you sick. Geo. B. Cummings. Cg-9

Mrs. E. Hintz and Mrs. A. Hoefell have just returned from a pleasant and profitable convention of the Woman's Missionary Society of the United Evangelical Church. It was held at Davis, Stephenson county, Illinois.

Passage tickets and drafts on Europe at Erskine's Bank.

Mr. Messenger's gardner cut the timothy and clover on the Theodore Letton place occupied by T. F. Miller, Tuesday of this week and put it in the Messenger barn for winter forage.

Mr. F. Botker, street sprinkler, has changed his residence from Green St. to 128 Park Ave., between Linden and Dale Ave. 5-8

Mrs. Miller led the B. Y. P. U. meeting in the Baptist meeting house, and those present say she did remarkably well. That is heredity and grace, for her father is a man of rare ability in that line.

As we measured it a full inch of water fell during that powerful electrical shower of Wednesday evening, while the thunder was something wonderful.

If young ladies think sores, pimples and red noses look well with a bright veil and orange blossoms, it's all right. Yet Rocky Mountain Tea would drive them away. 35c. Geo. B. Cummings. Cg-9

Mr. and Mrs. D. C. Purdy have gone to White Lake, Mich., near Muskegon for a couple weeks vacation. Mrs. E. L. Erskine went with them. Stoves, furnaces, etc., will be sold just the same during Mr. Purdy's absence, by the "Sons."

Fat Lady—Don't sleep too much; exercise; don't eat fats and sweets. To reduce flesh rapidly take Rocky Mountain Tea. Acts directly on the fat tissues. 35c. Geo. B. Cummings. Cg-9

If you wish to see one of the best places in town go up to the reliable laundry where the St. Peter Brothers are daily washing Highland Park soiled linen. Some fifteen or twenty hands were employed that day we were there and they want more help, all they could get.

The Postal-Telegraph Cable Co. has established several offices on the grounds at the Pan-American Exposition at Buffalo, where they are using special messengers to deliver telegrams that go over their wires.

J. H. Duffy, at 248 Central avenue, is their manager of the office at Highland Park. The messages can be sent to him by telephone, No. 79, where they will receive prompt attention.

Some people have suggested that High street up at the north end of town be changed to Moraine Avenue, so the scores of people who come down evenings from Lake Forest, etc., for the sake of a choice dinner at the Moraine would know where to get off the electric cars. It would help advertise that section of the city. Get out your petition and let it be done.

Madame Zula, Palmist and Clairvoyant, is located two doors east of Dennis Murphy's sample rooms, at Miss J. M. Beckenwald's, Highwood, Ill., for a limited time only. She has no equal. The past is vividly recalled. The future is unmistakably given. The future is clearly foretold. No matter what your trouble is, she can help you. Don't fail to consult her.

Mr. and Mrs. Luther of the Highwood Co., railway supplies, Moraine building, have taken rooms and board at Ravinook. They had been at Winnetka; looked over Glencoe, and then decided to try the Park. Mr. Luther, of the Lewis Institute, had them to Ravinook. They have been here a week and are so enamored of our city that they are about ready to locate for life. Hence if you see a new house going up on some vacant and beautiful lot some bright maning and don't know whose it is, you may "guess" it is Luthers.

Real Estate Loans, D. M. Erskine & Co.

That cheap bicycle will be at this office next Monday for the first one who calls with a \$5 bill.

Insure your property with D. M. Erskine & Co.

City Clerk John Finney has purchased the Rioux place on St. Johns north opposite the high school. It is a two-story house and the lot is 100x200 feet. The price given in the recorded transfer was \$3,000 and "John" has a good bargain. By fixing up the house and grounds as he will, it will be one of the fine places in that part of the city.

The electric railway folks have fixed up the walks and crossing on Elm Place, by the light plant in fine shape and by this time have put the walks in place up on High street by Dr. Newman's, and if not done already it will be attended to at once.

City Attorney Smoot has a 'phone now and if you want to be sued in first-class shape call him up. Don't forget that lawyers are not an eleemosynary institution. The machinery of law like some other things human go much better if properly lubricated with greenbacks.

Do you know you can send a telegram by the Postal-Telegraph Co. from Highland Park to any place in the world? Call up telephone No. 79 and you can call later and pay for it, and there will be no delay in getting your message off. JAS. H. DUFFY, Mgr.

Pastor A. A. Pfanstiel returned from his extended European trip Wednesday night. He looks greatly improved in health and vigor. While he don't express any very decided opinion as to the probable outcome of the Boer war, he confesses it is true that the Dutch have taken Holland.

A real daughter of the Revolution has been found in St. Johnsbury, Vt. Mrs. Sarah Tilden Hazen was born in Vermont January 22, 1826, the youngest of sixteen children. Her father, Josiah Tilden, was born in Lebanon, Conn. April 19, 1760 and fought during the Revolutionary war, though a mere boy at first.

The Evangelical Lutheran Zion church people will have an entertainment in Goldberg's Grand opera house Tuesday evening, July 30th, at 8 o'clock, consisting of stereopticon views of Palestine scenes. Such an entertainment can't well be otherwise than instructive and profitable.

We prefer the service of the Postal-Telegraph Co. and would be pleased if you would send your messages via that company's lines. We might say all business men are using the Postal-Telegraph Cable Co.'s lines in order to keep competition in the field and insure better service. James H. Duffy, the Expressman, is the manager here and message can be telephoned to him for prompt despatch. Telephone No. 79.

Highwood has another attraction in the person of Madam Zula, who tells people's fortunes, reads human destiny etc., from the open palms of your hands. She has rooms with Miss Reckenwald and you can call on her from 9 a. m. until 10 p. m. If you have the courage to brave your future you might call and have "your fortune" told.

The home of Mrs. Christina Gerbolet was found to be on fire Sunday afternoon but it was discovered at once and extinguished with but little damage. Spontaneous combustion is supposed to have caused the fire.

Mrs. Mabel Brand Noerenberg took her famous twins over to Uncle Orson's photograph gallery Friday forenoon for their pictures. One was dressed in pink and one in blue. Everybody had to see them on the streets as they passed in their little motor. They are a pair of beauties and we do not wonder that both parents and the entire circle of relatives and friends are proud of them.

On last Tuesday twenty of our Highland Park people attended the Union Picnic of the United Evangelical Sunday Schools of Chicago and vicinity. It took twenty-five coaches to carry the crowd. A very pleasant time was had. Old acquaintances were renewed and new ones made. The picnic was held at the Fox River Grove about six miles northwest of Barrington. The grounds are beautifully located but were very dry and dusty.

Col. Cody in Town.

"Buffalo Bill" otherwise Col. W. F. Cody will visit his old ranch friend and fellow sportsman, Geo. P. Everhart at his beautiful home up in Port Clinton this, Friday evening. These two men have rode and hunted and fished together, many, many times in former years out on the frontier and will have a delightful reunion and reminiscences of the days that will come back no more.

Col. Cody has bought a large tract of land out in Wyoming and laid out a town and has things booming. His visit to the Park was of course to see his friend Mr. Everhart, but also to get pointers from us on how to plan and build a model town, all of which shows Col. Cody's sagacity and practical wisdom.

The Northwestern Arrives.

The new steamer Northwestern of the new line from Chicago to Europe via the Welland canal, completed her first round trip yesterday. Among her inbound cargo were twenty packages of lace making machinery for Dowie's Zion city factory.

On the outbound trip she took a consignment of Dowie literature for Europe and it was declared to have "hoodooed" her and caused all sorts of accidents and delays to befall her. However here she is back again all safe but after a very slow voyage.

Col. Comba Retires.

The retirement of Col. Richard Comba, Fifth infantry, now at Fort Sheridan, upon having reached the age limit of 64 years, was announced yesterday.

The Recital.

There was a duol recital Thursday evening in the Club House by Mr. Alfred S. Ely as soloist and Miss Anne Kavanaugh as impersonator. For whose benefit or under whose special auspices it was given we are not informed. Mrs. Charles L. Everett presided at the piano, and as with Mrs. Jones, when that is said Park people know the rest without any fulsome eulogy on our part.

Not being a musical critic we will essay nothing about technique register and all that, but we can say Mr. Ely has a fine voice of just the right compass for such a place and it is thoroughly cultivated. Hence his renderings were greatly enjoyed. There were encores because well deserved.

Miss Kavanaugh was superb; "Miss Brown at the Play," a Hibernian selection captivated the audience completely. She had two other excellent selections, but too much like Miss Brown to command their full appreciation.

There was a good audience though quite a number of society folks were conspicuous. It was a high grade entertainment and was enjoyed accordingly. Such events justify the existence of the Club.

Some Re-Surveys.

We learn that Mr. Westerfield, for many years county surveyor, has been doing some work up at the north end in the region of the new bridge soon to be built. We understand he finds that new sidewalk out of place, the old lines about the Moore lots all correct, a platted street on the east side of the Moore lots and known as West street, etc. etc.

Mr. Westerfield has all his old surveys and plats made while county surveyor, and also all those made by his father before him, who was also county surveyor.

We mention these things because there has been an effort made to discredit some of Mr. Westerfield's work up there. And not only that, but that there were mistakes in the government surveys. How much some kids know! We are pleased to know that West street was platted on the old surveys and there is a street there. Now let it be put through and the bridge built accordingly. That, as we understand it, was the petition presented to the council.

Secretary of War Root is expected to visit Fort Sheridan Saturday. The occasion of such a visit is always a signal for parades and cannonading. The secretary is now inspecting far western points.

Dogs, Dogs! Have you paid your dog tax. One dollar for each male dog and a pup is a dog when he is big enough to bark, and two dollars for each female dog owned or kept within the limits of the city of Highland Park. This does not include Brother Wakem's imported breeding dogs, we understand, down at his famous Selden Kennels farm.

Call up Phone 403, Reliable Laundry, if you are not satisfied with the quality of laundry work you are having done. We guarantee to please.

The undertakers of Waukegan are a far-sighted class. They have laid in a large stock of caskets, etc., so as to be prepared for the usual gasoline stove explosion business. There are lots of people who rather be blown up by gasoline than pay a cent or two a day more for gas and be safe. After they are killed they will see their folly.

Colgate's Toilet goods are favorably known to the public. For sale by Cummings, the Druggist.

Burglars raided Lake Forest Tuesday night evidently hoping to secure the \$3,000, the proceeds of the horse fair, left with Rev. Mr. Barkdull for his new Episcopal church. They failed in that and so robbed other citizens of \$16, \$5 and \$1.68. If that is all the ready money the Forest people have on hand they are a mighty poor lot.
