DOWIE SEEKS CHOICE CORNER IN EVANSTON.

From Observation Thinks People of That Benighted Place Need More Gospel.

The Evanston Index says: John Alexander Dowie is coming to this city with a vengeance, if not for vengeance. He is negotiating for the property on the north corner of Hinman avenue and Church street, which is the corner directly north of the First Methodist church edifice. He has announced that it is his purpose to build a church of Zion there, and in connection with it to have a place for the cure of all kinds of diseases by the power of prayer. The property on this corner is owned by the John Worthy estate and Elder Dowie, who has plenty of money, is not disposed to quibble at the price. He says he is willing to give a good sum per foot and if the trustees of the estate will listen to his pleas and let him have it, building operations will be commenced at once. A number of prominent citizens who know of Dowie's offer to the John Worthy trustees are anxious to avert the sale if possible and have entered a protest against it.

Ever since the episode in the square, when the Zionites were drenched with water from the city hose, Dowie has been determined to get a permanent foothold in this city. He has agents here and since the Hinman avenue property has been under consideration he has been here himself to look over the place. He says that if he fails to get this piece of land, there are other desirable places and he will not rest until he secures a place. If he fails to get the corner at Hinman, he is going to make another attempt to buy the land at the corner of Davis street and Judson avenue.

"Something New Under the Sun."

All doctors have tried to cure Catarrh by the use of powders, inhalers and drugs in past years. The powders dry up the mucous membranes, causing them to crack open and bleed. The powerful acids used in the inhalers have entirely eaten away the same membranes that their makers have aimed to cure, while poisons and ointments cannot reach the disease. An old and experienced practitioner who has for many years made a specialty of the treatment of Catarrh has at last perfected a treatment which, when faithfully used, not only relieves at once, but permanently cures Catarrh, by removing the cause of inflammation. It is the only remedy known to science that actually reaches the affected parts. This remedy is known as the Guaranteed Catarrh Cure, and is sold at the extremely low price of One Dollar, each package containing internal and external medicines sufficient for a month's treatment and everything necessary to its perfect use.

"Snuffles" is the only perfect Catarrh cure ever made and is now recognized as the only safe and positive cure for that annoying and disgusting disease. It cures all inflammations quickly and permanently, and is a wonderfully quick to relieve Hay Fever or cold in the head. Catarrh, when neglected, often leads to consumption—"Snuffles" will save you if you use it at once. It is no ordinary remedy, but a complete treatment which is positively guaranteed to cure Catarrh in any form or stage if used according to the directions which accompany each package. Don't delay but send for it at once, and write for full particulars as to your condition, and you will receive special advice from the discoverer of this wonderful remedy regarding your case without cost to you beyond the regular price of "Snuffles," the Guaranteed Catarrh Cure.

Sent prepaid to any address in the United States or Canada on receipt of One Dollar. Address: Department 1, Edwin B. Giles & Co., 2330 and 2332 Market St., Philadelphia.

A BUSINESS ENTERPRISE.

Secretary Arnold of the McHenry County Fair will issue no complimentary tickets to the press this season. The association will pay the newspapers regular rates for notices and advertising, asking no contributions. The principle is right. Every society should adopt the same rule. If there is a line of business on the face of the earth that is imposed upon it is the country newspaper. It seems impossible for a great number of people to distinguish between news matter and advertising matter. The announcement of a social, picnic or dance or a report of such affair is a news item and welcomed by the publisher, but the publication of the program, list of money making attractions is advertising pure and simple. The columns of a newspaper are the publisher's source of revenue just as much as a merchant's stock of goods. As a rule the country newspaper publisher is a philanthropist. He gives away hundreds of dollars each year in free advertising. His philanthropic disposition leads many to believe there is no limit to the free list. Well, there is. Items of news and advertising matter are the ingredients used to make a newspaper. The first is free matter—no limit as to quantity. The second is paid matter, no limit as to the number of columns. We solicit both. If you wish to promote a money making entertainment, pay the printer and in return he will pay you. If it is an affair for church interests you will find the paper always ready and willing to promote it free of charge. Treat the newspaper the same as any other business house—pay for its stock in trade.—Barrington Review.

WHAT A WOMAN CAN DO.

She can come to a conclusion without the slightest trouble of reasoning on it and no sane man can do that. Six of them can talk at once and get along first-rate and no two men can do that.

She can safely stick fifty pins into her dress while he is getting one under his thumb nail.

She is as cool as a cucumber in half a dozen tight dresses and skirts, while a man will sweat and fume and growl in one loose shirt.

She can talk as sweet as peaches and cream to the woman she hates, while two men would be punching each other's head before they had exchanged ten words.

She can say "no" in such a low voice that it means "yes."

She can dance all night in a pair of shoes two sizes too small for her and enjoy every minute of the time.

She can go to church and afterward tell you what every woman in the congregation had on and in some rare instances can give you some faint idea of what the text was.

She can walk half the night with a colicky baby in her arms without once expressing the desire of murdering the infant.

She can—what's the use? A woman can do anything or everything and do it well.

She can drive a man crazy for twenty-four hours, and then bring him to paradise in two seconds by simply tickling him under the chin, and there does not live that mortal son of Adam's misery that can do it—Ex.
